THE QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block--Charlottetown.

The latest news, first of all.

Rev. J. S. Woodroffe, City and Arch Deacon Reigh were passengers to the City by the Northumberland last evening.
 The schooner Lochiel with a cargo of lumber from New Brunswick arrived in this port on Wednesday evening.

The mail train arrived in the city last night at ten minutes past ten. Among the passengers were, G. Prowse, E. Winchester, J. Enman, and F. Fraser, returning from Summerside.

A telegram received in Charlottetown yesterday afternoon stated that all efforts to raise the Campana had failed, and that the steamer and cargo had been abandoned to the underwriters.

The picture "Shanghai" shown at New Wonderland last night was fully up to all expectations. It was thoroughly acted, and the characters were true to life. Seldom has such a perfect film been seen even to the smallest details. "The Rouse Heart," was also another good film, portraying society life. "The Wooden Leg," supplied the comedy of the evening. The illustrated song by Mr. Morehouse made a decided hit. It is a pretty, catchy song, with a swinging chorus. It is noticed that this popular theatre are now announcing the arrival of the mail train. This is a great convenience, and will no doubt be much appreciated.

A. Molton of the Maritime Patent and Varnish Co., Halifax, and C. Carter of Boston, have been spending the last few days in Charlottetown in the interests of the Carpenter Motion Co., of Boston. The merits of this excellent company are well known and Messrs Molton and Carter have met with success far beyond their most optimistic expectations, during their stay in the city. The main idea of the present visit to this province is to secure local representatives for the Quality Brand Ready Roofing, a modern material immensely popular in the United States, and fast gaining a firm hold in Canada. The roofing in question has twice the life of shingles, and can be obtained at less than half the cost. To show their sincere faith in the worth of the material, all their representatives are given a guarantee at the time a purchase is made, covering a period of several years. For Charlottetown, and the eastern section of this province the popular firm of Fennel & Chandler will attend to the distribution of the roofing. The company are to be congratulated in securing such capable agents as doubtless with their usual energy, they will, in a short space of time, make the Quality Brand Ready Roofing almost a household by-word. The first shipment of the roofing material for them, will arrive by the first Light Line Steamer from Boston, and the general public are then invited to visit their business residence and inspect the quality of the roofing for themselves. Mr. Carter the special representative has secured some of the best agencies in Nova Scotia, and naturally is greatly pleased with the welcome accorded him. In a few days the remaining sections of the Province will have local agencies, which fact will be appreciated by many. It is a pleasure to note, that a modern idea of sterling value, is receiving so much encouragement.

STOCK NOTES.

R. E. Bagnall, New Glasgow, has sold a prize winner filly, by Oakley Baron, to Golden Weeks, Fredericton for a handsome figure. This filly won two prizes at the Charlottetown Provincial Exhibition and Mr. Weeks knows a good one.

A representative, of one of the city papers, attended the race held at Summerside yesterday, in order to report them. In the excitement of leaving he unfortunately forgot his overcoat, and consequently received the sympathy of many friends who were on board the train. The garment will be forwarded to him this morning.

The medal presented by His Honor Lieutenant Governor MacKinnon, to the Union Commercial College, and won by Miss Annie Martin, Spryford, is perhaps the most beautiful one of its kind ever seen in this province. The design is in the form of a star, with a circle in the centre surrounded with a wreath of maple leaves, inside of which is the crest and motto of Prince Edward Island. The design, originated by E. W. Taylor, is a very clever one, and to say the least, the medal is both unique, and beautiful.

The following taken from the St. John Telegraph will be interesting in this Province—Rev. C. W. Townsend (Baptist), of St. John, was in Centerville, N. B., several days last week in the interests of the Maritime Baptist. He preached in Hartland Sunday. The people of Jacksonville were rather surprised last week when Rev. H. A. Brown, of Newcastle who was spoken of for a call to their pastorate and had been preaching there for the past few Sundays, suddenly joined the Methodist conference in session at Woodstock and was given a circuit at O'Leary (P.E.I.) Besides being pastor at Newcastle, Rev. Mr. Brown has been at Chipman and Elgin (N. B.), before which time he was a missionary in India under the American Baptist board. Overflowing congregations gathered yesterday at the opening of the Methodist church at Lakewille, Rev. George Ayers, pastor, Rev. G. M. Campbell, D. D., of St. John, preached in the morning, Rev. R. W. Ferguson (Baptist), of Centerville, in the afternoon, and Rev. R. A. Pinkerton, of Moncton, a former pastor, in the evening. The church is beautiful, now with a new sheathing of steel and the offering. Besides the above named ministers there were present in the afternoon Rev. J. W. Leard, also a former pastor, and Rev. W. H. Johnson, Rev. G. M. Campbell, D. D., addressed a meeting here in the Methodist church yesterday afternoon in the interests of the Bible Society of which he is secretary for the maritime provinces and Newfoundland.
