### Your Job Depends On Victory Loan

Prosperity of Canada is Dependent to a Great Extent on the Success of the Victory Loan.

The war is over and things are settling down to a peace basis again. In spite of the fact that the war orders are gone, there seems to be no dearth of jobs. As long as Canada keeps prosperous there will be no lack of work, but it is the result of the work that keeps that prosperity in the country.

The future prosperity of Canada depends to a great extent upon the success of the Victory Loan. To a surprising degree Canada depends upon her overseas trade to keep the wheels turning. That trade is hanging in the balance, for unless Canada has enough money to supply credits to the countries across the waters, they will take their trade elsewhere.

Victory Loan 1919 will supply the money needed to assure Canada of plenty of trade. Business means prosperity and prosperity means jobs. To assure yourself of a good job buy Victory Bonds. All the money is to be spent in Canada, and some of it will go into your pay envelope. Your job and Canada's prosperity go hand in hand. Buy Victory Bonds.
