In tone, quality, touch and mechanism the Heintzman & Co. piano would be a credit to any country.

The splendid isolation of the

Heintzman & Co. PIANO

Made by the Old Firm of Heintzman & Co., Limited

Is a frequent theme of comment among the greatest musicians, whether at home or visitors.

A piano that is capable of such an elevated means of musical expansion, as this great Canadian-made piano, is necessarily a piano in a class by itself.

Fluke Naphthaline, a sure preventive of moths for furs, bedding and woollen goods of all kinds is sold and recommended by R. T. Holman, Ltd. Price 15 cents per lb.

Judge McLeod, Summerside, made the round trip by the Empress yesterday to meet his daughters Misses Marie and Jennie who were returning from Acadia College, Wolfville. Miss Georgie McQuarrie who attended the same institution also returned last night.

One of the immediate necessities of the town of Summerside is the appointment of a properly qualified meat inspector. Doubtless there are other articles of diet that require inspection as well, but public confidence in meat has been so severely shaken recently by rumors and hearsays that nothing short of a thorough official inspection of all meats coming into the town will restore it.

There is still considerable disappointment and inconvenience in connection with announcing the expected arrival of the Empress at Summerside. On Wednesday the steamer was in the harbor before the agent had any word of her coming. In former years the custom was to report direct to the agent at Summerside, but it appears that lately the announcements are wired to the Charlottetown office. It also appears that the Charlottetown office when it has time reports to the agent at Summerside. When it hasn't time Summerside must wait and guess.

THE CHARM OF BEAUTY

Nothing of More Value to Women.

The glory and satisfaction of beautiful womanhood can be known only in those possessing the unlimited advantages of health. No weak woman can be happy or enjoy the pleasures of life. Faded cheeks, sunken eyes, exhausted nerves, all tell of a terrible struggle to keep up.

Sensational Bargains in Whitewear

20 per cent off all Whitewear in Stock

Commencing today, and continuing until further notice, we will give extraordinary reductions on all lines of made-up whitewear. No need to give any detailed description of our lines. Their superiority is well known, and the enormous quantities we sell is proof positive that our moderate prices are appreciated.

See our windows for samples, then come in and secure what you need as these extraordinary discounts will not last long. We will also give

20 per cent off all High Priced Wall Paper

In order to clear out the balance of our best lines which have become very much reduced through our extraordinary selling, we will give 20 p.c. off all lines over 25 cts a roll, as we are unable to repeat on these and wish to make room for an entirely new stock for the following year.

We have already repeated on the cheaper grades and marked them so close, as to be decided snags at their present prices. They are going out with a rush, and our advice is to secure what you need without delay.

Compare what it costs to paper a room this year with what it formerly cost, and deal with the firm, who has procured for you such extraordinary reductions. You can now purchase a whole roll of bordering, for what it formerly cost you for a single yard.

Samples sent to country trade, state about what price required, and give an idea of the color also whether narrow or wide border. We are confident we can suit you.
