At a recent meeting of the Quarterly Board of the First Methodist Church, a committee was appointed to procure the necessary funds and erect a monument over the grave of the late lamented Pastor, Rev. Wm. Douson, D. D. The Committee has not decided upon any particular style of monument, nor the amount which should be expended upon one, preferring to leave the matter of cost entirely upon the result of the contributions received, which shall be strictly voluntary. No person will be asked to contribute, and no person will be refused the privilege of joining in this last act of respect to the memory of a scholarly gentleman, fearless preacher, deep thinker, matchless pulpit orator and devoted pastor, and it is desirable that the subscriptions shall be as general as possible, no matter how small. To this end envelopes have been placed in the pews, and all persons who desire to contribute, can do so to any extent they wish, either by putting the amount in the envelope and placing it on the plate, at any service during the month of November; or by handing their subscriptions to any member of the Committee before December first. E. H. Beer, S. F. Hodgson, R. M. Johnson, Committee.

 The Pioneer states that "The Guardian gets together a good deal of news, valuable and otherwise, but neglects to inform its readers that it copies practically all of its news from this paper thus apparently being glad to get a large quantity of the 'other side' kind. Had the Pioneer Editor read The Guardian as carefully as he should he could hardly have considered it necessary to write the item in question."
