What would you DO-

If someone told you that for years they had suffered from the same ailment which you have, and had at last found a cure? Wouldn't you try it? If you are suffering with an ulcer, or an old sore, read what Mrs. Jeffrey, of Methuen, writes: "Thirty years ago an ulcer appeared on my ankle and spread to my knee. The pain was terrible, and for years I could hardly walk. I tried every remedy I heard of, but in vain. I had doctor's treatment for 25 years, but only got temporary relief. Then I heard of Zam-Buk; and, procuring some, I applied it regularly. Gradually the inflammation was drawn out, the pain disappeared, and after thirty years of suffering the terrible sore was healed by Zam-Buk in a short time."

Zam-Buk also cures eczema, piles, abscesses, poisoned wounds, ringworm, pimples, chapped hands, cold sores, chilblains and rheumatism. 50c. Druggists, 3 for \$1.25, or Zam-Buk Co., Toronto.

SUCCESSFUL SOCIAL.—The Pie Social held in Grand View Hall, Thursday, Jan. 8th, given by the Red Cross Society of Grand View, was a decided success. Mr. Kenneth McLean occupied the chair in a very creditable manner, and the hall was filled to its utmost capacity and a splendid program was rendered, consisting of choruses, recitations, solos and phonograph selections. Miss Florence Martin presided at the organ in her amiable manner. Rev. Dr. McEwen gave a short address on Robert Burns. The hall was brilliantly lighted by a famous Aladdin Lamp, furnished by Mr. Ernest Winchester and favorably commented on. At the close of the program the pies were auctioned by Mr. Milton Furness, and the handsome sum of \$28.00 was realized and handed over to Mrs. Dr. Martin, president of the Red Cross Society of Grand View. The ladies deserve much credit for their efforts in getting up this social for such a worthy cause.

RAILROAD CONTRACTOR DEAD.—Mr. John A. Wheaton, who for many years was one of the best known railway contractors of Eastern Canada and Maine, died in St. John on Friday last, at his home on Bentley St. He had not been ill for any length of time and was out walking last Monday. Death was due to the infirmities of old age, he being born in 1838. Mr. Wheaton became associated with E. P. Clark and A. E. Trites of Salisbury and engaged in the construction of thousands of miles of railroad bed and trackage in New Brunswick, Nova Scotia, Prince Edward Island and Maine. He built the northern division of the Intercolonial in his younger days of contracting. He also constructed the Albert road from Salisbury to Albert and Alma, known as the Harvey and Salisbury, the New Brunswick and Prince Edward Island road, from Sackville to Cape Tormentine, of which Lieut. Gov. FURTHER PARTICULARS.—A meeting in the interest of recruiting was held in Murray River Hall Friday evening, 21st inst., Mr. Angus McPhee of Hopefield was elected to preside over the meeting which he did in his usual off hand style to the entire satisfaction of all concerned. An excellent programme was provided by the young ladies and gentlemen who accompanied Major MacNutt on his mission. The meeting was opened by singing the song "Maple Leaf" Major MacNutt then in a few brief remarks explained the object of the meeting. Miss Hunter then sang a solo which by the applause was well received. Corp. Marshall then gave an exhibition of step dancing which was heartily enjoyed. Miss Sutherland then sang a solo which was very much enjoyed by the audience. Corp. Marshall was then called on for a song which was rendered in such a way as to call forth vigorous applause from the meeting. Private McPhee then gave a violin solo which was very nicely rendered followed by a rousing speech from the Rev. Dr. Bennett who knew how to keep his hearers in good humor and then pressed his arguments home in re who was the aggressors in this terrible war, proving to the large audience that it was impossible for Great Britain to do any different as her honor was at stake and that until the Germans were driven out of Belgium there could be no peace and he trusted the young men would see their duty and rally to uphold the colours

SEVERE RHEUMATIC PAINS DISAPPEAR

Rheumatism depends on an acid in the blood, which affects the muscles and joints, producing inflammation, stiffness and pain. This acid gets into the blood through some defect in the digestive process. Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect, on the blood, and improves the digestion. Don't suffer. Get Hood's today.

which in the end will be victorious and bring a lasting peace. The speaker taking his seat amid great applause. Miss Sutherland and Miss Stewart then favoured the meeting with Patriotic songs each being much appreciated by those present. Major MacNutt then again addressed the meeting in a very persuasive manner, speaking of the need of young men seeing their duty and coming to the aid of their King and country in this hour of her peril. He also trusted that mothers and fathers would put no obstacle in the way of their boys enlisting if they saw it their duty to do so. The Major then gave the invitation to any young men who wished to enlist in their country's service to come forward to the platform. Great enthusiasm was manifested by the large audience as the young men came forward fourteen in all being enrolled. Meeting closed by the hearty singing of the National Anthem. Mr. C. L. Sencabaugh was the Secretary.
