AN ANSWER TO CHAMBERLAIN

By Harold Cox Defending the Cobden Club

Says Prejudices are Being Created by Untrue Statements—No Yacht Race for Want of Suitable Wind.

AN ANSWER TO CHAMBERLAIN.

LONDON, Sept. 1—(Special)—Harold Cox, Secretary of the Cobden Club in an open letter to Mr. Chamberlain answers his statement that the Cobden Club appears to be mainly supported by foreigners whose interests are that England should maintain the present free trade system.

ALLEGED UNTRUE STATEMENT.

Mr. Cox says Mr. Chamberlain, once a member of the Club, knows that foreigners have no voice in controlling the policy of the Club and intimates that the statement made is part of a plan to create prejudice against opponents by means of statements known to be untrue.

NO YACHT RACE YESTERDAY.

NEW YORK, Sept. 1—(Special)—There was no race today for want of wind, the weather being calm.

BE YOUR OWN DOCTOR.

And instead of sending for physicians so often just use that bottle of the old family stand-by Polson's Nerviline in the house. If the baby gets cramps, colic or stomach ache administer a few drops of Nerviline. When the children come in coughing rub their throats with Nerviline and for your own stomach and bowel troubles rely on Nerviline too. You will find Polson's Nerviline stronger, more pleasant, more lasting in results than any other pain reliever. Don't fail to get Nerviline today—it will cure the pains and aches of the whole family and costs but 25c in all drug stores.

MR. JENKINS HAS CONSENTED TO

Withdraw His Resignation as Inspector

Upon the Urgent Request of the Citizens' Temperance Committee at the Meeting Yesterday Afternoon.

A meeting of the Citizens' Temperance Committee was held in the Y. M. C. A. building yesterday afternoon to consider a communication received from Premier Peters re the resignation of Robert Jenkins as Prosecutor under the Prohibition Act and the recommendation of a suitable man for the position.

The Committee were of the unanimous opinion that Mr. Jenkins had discharged his duties so faithfully and at the same time commanded the respect and confidence of the community that it would be impossible to secure the services of another man at present to take his place, and passed an unanimous vote urging Mr. Jenkins to withdraw his resignation.

Moved by the urgency of the Citizens' committee Mr. Jenkins decided to withdraw his resignation.

The committee recognize that this decision means much personal sacrifice on Mr. Jenkins' part as he greatly preferred being relieved from the responsibilities of the position.

ADDRESS.

The following address was presented to Miss Florrie Murchison by the trustees in the District of Springvale.

DEAR FRIEND:—It was with profound regret we learned of your desire to resign the charge of our school where you have so faithfully and successfully labored for the past two years and four months, and for your earnest effort for the advancement of the many pupils under your care. You have gained the respect of the entire school district in proof whereof we can refer with pleasure to our past annual school meeting when by unanimous vote you were respectfully invited to remain with us and also for the respectable amount of money presented you on that occasion in appreciation of your valuable services.

There are other institutions in our midst which will regret your absence, such as the Sunday School and the Church services, where you so often presided as organist and in many other ways assisted in sacred duties. But as you feel that you cannot continue your work without serious injury to your health we deem it would be an act of ingratitude on our part to refuse your reasonable request, and you can rest assured that you carry with you to the place where you have decided to visit for rest and recreation the very best wishes for your future health and happiness of your many friends at Springvale.

J. W. YOUNKER, SAMUEL GILLESPIE, A. T. DOLLAR, Trustees.

To the trustees of Springvale School:

DEAR SIR:—I sincerely thank you for the kind sentiments expressed in your address and also for the manner in which you have assisted me by your interest in all matters I am glad that my efforts in behalf of the school have met with your approval and I can assure you I will always kindly remember the many pleasant days spent among you. Wishing the school much future success

I remain yours, FLORRIE MURCHISON.

A TRUE NERVE TONIC

acts not so much upon the nerves themselves as upon the digestive function, and the nervous system of rich red blood. The nerves cannot be fed on medicine. They can be fed and strengthened by digested and assimilated food. Ferrone's marvelous action arises from its power over the digestive and assimilating functions of the body. You take it, the blood grows richer, redder. You feel strength and vigor. Digestion ceases to be noticed, for it has become good. Work is easier for you have the strength to do it in a short time you have health. Use Ferrone's.

ST. JOHN WILL OBJECT.

SYDNEY, August 30.—St. John yachtmen will, it is stated, object to the yacht St. Lawrence competing for the Coronation cup races to be sailed here on September 5, and following days. They claim that Gibou is the only yacht which should sail besides the challenger, the Glenora IV.

THE LIBERAL CONSERVATIVES NOMINATE THEIR CANDIDATES

To Contest Queens County at the Next Federal Election—Angus A. McLean and Alexander Martin are the Choice of the Convention—Mr. Martin has Not Yet Decided Whether He Will Accept.

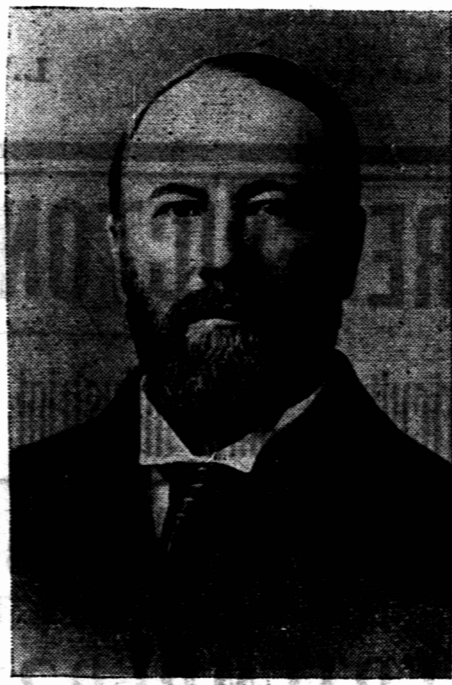

What was pronounced to be the largest convention ever held in the city met in the B. I. S. Hall yesterday afternoon to nominate candidates to contest Queen's County in the interests of the Liberal Conservative party. The chair was occupied by the co-convenor S. W. Crabbe, and J. J. Johns on was the secretary. The hall was crowded and enthusiasm was at the highest pitch.

As West and East Queens is at next election to be one riding with two members two candidates had to be nominated in conjunction.

The first choice of the convention was Alexander Martin, Valleyfield. Though

the interpretation of the terms of union with Canada whereby one third of our representation is ruthlessly taken away and that we require our representatives to continue their efforts to secure for the province their full quota of men conceded to us on entering the union.

Moved by James McIssac, city seconded by Peter McLeod, Mount Stewart; whereas the present government has been up to the present time unable to show that they made any surveys of the route which it is proposed to run the new trans continental railway—that they have no date or knowledge of the country to be traversed or the grades to be encountered, the

ALEXANDER MARTIN.

ANGUS A. MCLEAN.

Mr. Martin who was not present owing to the very serious illness of his son, had intimated that he did not feel he could accept the nomination it was unanimously offered to him. It was impossible to reach Valleyfield by telephone however and the matter was allowed to stand pending his answer.

A. A. McLean, K. C. and Dr. R. McNeill were each nominated for the second choice. Upon a vote being taken the result was McLean 199, McMillan 41; and on motion Mr. McLean's nomination was made unanimous.

After speeches had been made by Mr. Mc. McLean and Dr. McNeill the convention broke up with cheers for the candidates.

The following resolutions were unanimously carried. Moved by Joseph Wise, Milton seconded by Chas. E. McKenzie, Wheatley River: Resolved that this convention desires to place itself on record as protesting against

mountains, lakes, rivers, and swamps, they have to meet, therefore resolved: That in the opinion of this convention government ownership after proper surveys and estimates is what the country requires and will demand and millions of money must no longer be wasted while the Dominion terms of union with the province remain unfulfilled.

Moved by D. McNeill, city and seconded by M. W. Murphy, Millville: Resolved that this convention declares its adhesion to the policy of the Liberal Conservative party as enunciated by our leader, Hon. R. L. Borden in the Parliament of Canada and do hereby urge our fellow electors of this province to vigorously support that policy—a policy that will build up Canada by aiding the farmers, manufacturers and working men of Canada—a policy by which the working men need not leave Canada to provide a living for themselves and their families.

MRS. MCKENZIE TELLS HER STORY OF ACCIDENT AT GEORGETOWN.

The unfortunate woman, Mrs. Alonzo McKenzie, who was so badly burned at Georgetown last Friday night, as chronicled previously in the Guardian is progressing favorably at the P. E. I. Hospital. In conversation with the Guardian representative yesterday afternoon Mrs. McKenzie stated that the accident was not the result of quarrel between her husband and McLellan of De Gros who was in the house at the time. Her story is that her husband was coming downstairs for an article that he desired. While he was partly down stairs he missed his step, stumbled and the lamp fell from his hand on the stair taking fire. In endeavoring to extinguish the flames Mrs. McKenzie's clothes took fire with the result that she was so badly burned. Mrs. McKenzie denies that there was any quarrel, and asserts that the stories that have been circulated are the results of ill feeling toward the family.

THE NOVA SCOTIA EXHIBITION.

Elaborate preparations have been undertaken to mark the Exhibition that opens at Halifax on Sept. 9th, worthy of a visit from the thousands of Nova Scotians, who will enter its gates. The Exhibition is many-sided and from every point of view the aim all along has been to have it a credit to the people of the Province of Nova Scotia and to the City of Halifax, the joint partners in its ownership and its management. The entries now demonstrate that the Exhibition this year, will be large in its agricultural, live stock manufacturing and mining departments, while in the amusement features, the big show will be superb. The live works display will include over 50 pieces. The Grand Stand will see the Horse Shoes, Vandeville and Pyrotechnics. On the opening day and every succeeding day, there will be horse racing, vaudeville and fireworks.

WAS NOT ASSASSINATED.

New York, Aug. 28.—In response to a telegram of inquiry regarding the reported assassination of the Vice-Consul Magelsen at Beirut, Syria, Mr. Frazer, Treasurer of the Board of Presbyterian Mission at Beirut has cabled the Syria, Aug. 28.—Although the attack was made on Vice-Consul Magelsen was evidently premeditated the bullets missed him and he escaped uninjured. (Signed) "Fraser."

SCRAWNY PEOPLE.

People grow thin, scrawny, pale and weak when the blood is thin and watery. What is needed is food that will fill out the form, is not fat but healthy muscular tissue. By enriching the blood and increasing its nourishing qualities Dr. Chase's Merve Food adds new flesh, and ties up to the body as well as new vigor and energy. You can prove this by noting your increase in weight while using this great food cure.
