STIFF FIGHT IN BRITISH COMMONS OVER ALIENS RESTRICTION BILL

Suggested That Aliens Should Not be Permitted to Return for Seven Years. Finally Compromise was Effected at Three Years.

(Special to The Guardian.)
LONDON, Nov. 17.—When the Aliens Restriction Bill was before the Commons Saturday night, a stiff fight was made to secure that enemy aliens shall not be permitted to return for seven years without the Home Secretary's permission. Two years was suggested by the government.
A. Hopkins, a former soldier, protested against the perpetual hatred of Germans who, he said, had put up a

ANNUAL MEETING OF CHILDREN'S AID SOCIETY

The annual meeting of the Children's Aid Society was held last evening in the Stipendiary Magistrate's Court room.
The meeting was fairly well attended by Messrs. Messers, laymen and particularly by the ladies.
The old officers President, two vice Presidents and Secretary Treasurer were re-elected unanimously.
The four vacancies in the Board of management were filled by the election of Rev. Mr. Glendenning, Rev. Mr. Raymond, Rev. J. C. McGuigan, and Mrs. (Col.) S. R. Jenkins.
The principal matters discussed were a resolution looking to the abatement of the cigarette habit among minors and another in support of providing an industrial home for wayward boys, both of which brought forth a very interesting discussion.
A committee was appointed consisting of the President, the two vice-presidents and Stipendiary Magistrate for the purpose of waiting on the provincial government to look for financial assistance in support of an industrial home.
Following is the financial statement:

ONTARIO GOVERNMENT TO MEET FEBRUARY

Ten of the Eleven Cabinet Ministers and 43 of the 45 U.F.O. Members Never Sat in the Legislature. Dry Ontario will be First Move.

(Special to The Guardian.)
TORONTO, Nov. 17.—Early in February the first session of the new legislature will be held. This has been definitely decided upon by the government. Premier B. C. Drury said today. When the House meets ten of the eleven members of the government will take their legislative seats for the first time, none of them, with the exception of Hon. Beniah Bowman, Minister of Lands and Forests, have ever represented a constituency in the legislature before. The same may be said of all the 45 U. F. O. members with the exception of two and many of the Liberals as well.
The temperance plank in the platform of the United Farmers is fast assuming definite shape and definite action in the minds of the U. F. O. Labor Government. The election pledges of the U. F. O. coupled with the peoples expression of opinion through the referendum have led the Premier and his colleagues to a decision to move promptly and effectively.
When the legislature sits in February next the Ontario House will without delay apply to the federal government, to have a referendum taken in the province on the question of the importation of liquor which is solely under the jurisdiction of the federal government. Such action will be the most progressive step towards the realization of a "dry Ontario" that the Drury Government, can take under the law as it is at present.
Beyond question the party of which I am leader will throw its weight at the next session for an application to the Dominion Government, for a referendum," stated the Premier. "We will apply without delay. It is the only way to make the present law effective and will go a long way, I hope, towards stopping the "bootlegging" that must prevail as long as importation is permitted. I do not anticipate any change in the law of the province such as we have will be properly enforced. The only thing left for us to do is to make the application to Ottawa, and that will be done very early in the session if the government, has its way."

ARRANGING RETURN OF GERMAN TROOPS GOOD CAUSE FOR OPTIMISM

(Special to The Guardian.)
LONDON, Nov. 17.—The Liverpool Post's gossip writer asserts that it is whispered that one reason for the Chancellor of the Exchequer's present optimism is the discovery of gold on the British side of the Yukon.
Gen. Yudenitch HAS RESIGNED
(Special to The Guardian.)
LONDON, Nov. 17.—General Yudenitch has resigned the command of the Russian Northwestern Army, according to a special despatch to the Daily Mail from Helsinki.
General Laidoner, Commander in Chief of the Estonian army, has succeeded him.

33,000 Wives Among Immigrants

(Special to The Guardian.)
TORONTO, Nov. 17.—The extent to which Canadian soldiers have married in Great Britain is indicated by the fact that of 50,000 British immigrants who have come to Canada in the past six months 33,000 were wives and children of Canadian soldiers.

S' Side Celebrated Capture of Gun

Summerside went after that German gun in a manner unequalled since the Canadians captured the last German gun on the outskirts of Mons. And they captured it in a manner worthy of Canadians.
Charlottetown heartily congratulates its successful rival and hopes the gun will long grace Dominion Square as a trophy of a well won fight.
It was fitting that Summerside should rejoice over its victory and it did it right royally. The stores were closed for the hour between three and four o'clock, flags were flown from every building, the school children paraded to the square where they sang patriotic songs, laying special emphasis on "We'll Never Let the Old Flag Fall."
Congratulatory and complimentary speeches were made by Mr. Neil McLeod, Chairman and Organizer for Prince County, Mayor Morrison, Messrs. Creel, McArthur, Ex-Premier Arsenault, Judge McQuarrie, A. C. Saunders and Alex Campbell.
Mr. McLeod in his address paid an eloquent tribute to the work done by the canvassers, the enthusiasm with which they entered into the work and the splendid spirit in which the people joined them in capturing the gun. He expressed his pleasure in being able to publicly testify to the efficient and willing assistance given by Mrs. Brundage, Secretary of the Committee whose excellent work contributed very largely to the splendid results achieved.

More Difficulties In Labor Congress

(Special to The Guardian.)
WASHINGTON, Nov. 17.—Reservations to the peace treaty adopted by the United States Senate raise new difficulties for the International Labor Conference and for the Canadian delegation in particular. One of the reservations includes labor among the subjects which are not to be submitted in any way, either to arbitration or the consideration of the council, of the Assembly of the League of Nations of any agency thereof. As the matter stands this practically precludes the possibility of the United States assenting to any convention adopted by the International Labor conference which itself is a branch of the League of Nations.

VICTORY LOAN WILL BE \$600,000,000

(Special to The Guardian.)
TORONTO, Nov. 17.—(While the official Victory Loan subscriptions have only been made public up to Friday night and in one or two provinces only up to Thursday night it is understood that when the total is announced at Massey Hall tonight it will be considerably in excess of \$600,000,000 and may even reach \$650,000,000.

CANADIAN COMMISSIONER TO FRANCE

(Special to The Guardian.)
OTTAWA, Nov. 17.—An appointment is about to be made to the position of Canadian Commissioner to France. It is understood that the appointee is Colonel Hoscules Barre of Montreal who served with distinction in the 22nd Battalion. As a result of his war associations particularly it is hoped to develop a large trade between the two countries.

COAL SHORTAGE LOOKING TO STRIKE

(Special to The Guardian.)
TORONTO, Nov. 17.—Such are possibilities in Canada of the situation arising out of the strike of miners in the Bituminous Coal Fields in United States that the Dominion Government has revised the organization formed to conserve fuel during war time. C. A. MacGrath has again taken up his duties as Fuel Controller. The Canadian Trade Commission has taken control of exports. The Provincial Governments have been asked to bring their fuel administrations into existence again and the public is being urged to exercise the greatest possible economy in the use of coal. Supplies of bituminous coal are below normal and it is stated, are being depleted and may not be replenished for some little time to come. No soft coal has come to Canada from the United States since November 1st.
Although the soft coal miners have been ordered to return to work many of them are reported to be refusing to do so. The probability therefore is that coal production in the bituminous fields will be below normal for weeks and the possibility that it may not regain the normal for months. In the meantime, the United States can only provide fuel for Canadian requirements in proportion to production.

President Will Pocket Amended Treaty

(Special to The Guardian.)
WASHINGTON, D. C., Nov. 17.—President Wilson will pocket the peace treaty if it contains the Lodge Reservations, he told Senator Hitchcock at a conference today at the White House. "The President has read and considered the Lodge reservations," Senator Hitchcock said, "and he considers them a nullification of the treaty and utterly impossible."

Care of Sick Soldiers in Transit

There is a good deal of indignation over the treatment accorded a sick soldier on his way from the Rena McLean Memorial Hospital to Halifax last week. The soldier, named McDonald, was seriously sick from head injuries received in battle, one side being completely paralyzed and he was being borne on a stretcher in charge of a young man named Ernest Perry. At the Charlottetown depot the patient on his stretcher was placed in a baggage car. At Royal Junction some eight carcasses of pork were placed in the baggage car where the space available was so limited that the carcasses were piled uncomfortably near the sick man. In the midst of these unsavory surroundings the sick soldier and his attendant travelled to Sackville where they were transferred to another baggage car in which without any special accommodations for which the government pays and it is difficult to understand why such accommodation is refused them and an explanation will be in order.
In all such cases as this it should be obligatory on the railway authorities at least to provide an ambulance car or Pullman at Charlottetown.

his title as an athlete when he turned a somersault from a platform twelve feet high into seven feet of water in the swimming pool. The visit to the Prince had spent the morning tramping over the Appalachian Mountains practically unrecognized. The Royal Bather laughingly challenged the provincial swimmer in charge of the pool to a diving contest and according to the professional beat him at his own game.

Congratulations On Victory Loan

The following telegrams were exchanged yesterday:—
Toronto, Ont., Nov 17, 1919.
C. H. B. Longworth,
Chairman Provincial Committee,
Victory Loan 1919.
You have done magnificently in Prince Edward Island. Accept our warmest congratulations. Dominion totals up to Friday night amount to five hundred and twenty seven millions. We will unquestionably go over the six million mark.
E. R. WOOD,
Chairman Dominion Executive,
Charlottetown, P. E. I.,
November 17, 1919.
Neil McLeod, K. C.,
Chairman, P. C. Committee,
Victory Loan 1919.
Please accept for yourself and co-workers in Summerside my most hearty congratulations on the splendid total you rolled up which wins for Summerside the German gun. You certainly came on and finished the job.
C. H. B. LONGWORTH,
Chairman Provincial Committee,
Victory Loan 1919
Neil McLeod,
Chairman P. C. Committee,
Victory Loan 1919.
Hearty congratulations to you, your co-workers and citizens of Summerside on your magnificent accomplishment in the Victory Loan campaign. You are entitled to the highest praise. You certainly deserve the gun.

SIBERIA WANTS CANADA GOODS

(Special to The Guardian.)
TORONTO, Nov. 17.—Canadian manufactured articles of all descriptions are being bought by Siberia, says the Weekly Bulletin of the Department of Trade and Commerce. The difficulty is the arrangement of terms of payment.
It is understood that the Siberian Government has arranged for credit in England and the United States on the security of a gold deposit and is anxious to arrange security in Canada in the same manner. Negotiations are at present in progress between the financial attache of the Russian Embassy in Washington and the Canadian Woolen manufacturers for the purchase of woolen goods to the value of over \$8,000,000 and a representative of the Siberian Government is shortly coming to Ottawa to confer with the Canadian Trade Commission on arrangements for the supply of Canadian home goods to Siberia.
In addition to this it is the intention of the Siberian Government to arrange for the export of Siberian raw products, wool, bristles, flax, skins and furs to Canada and other countries, to establish trade balances abroad. In this connection a special department of foreign trade has been established at Omsk and Vladivostok.

Germany in Hands Of Reactionaries

(Special to The Guardian.)
COPENHAGEN, Nov. 17.—Phillip Scheidmann, former German Chancellor, writing in the Vorwaerts says he considers that Germany is really in the power of the reactionaries. "The entire army," he writes, "seems to be at the disposal of the reactionaries. Unity of the working classes has become a bounden duty."

P. E. ISLAND DOUBLES ITS OBJECTIVE

Subscribed \$3,000,000 for 1919 Victory Loan. Splendid record for Committees, Canvassers and Subscribers.

Summerside won the German Gun in a straight fight with Charlottetown.

Georgetown beat them all in multiplying its Objective by five and winning more feathers than the flag will hold.

The 1919 Loan was a wonderful success all over Canada.
