Cold Storage Plant In Operation In Souris

The Eastern Cold Storage Co. Ltd., have completed construction of their new plant here. A modern two story building houses the plant which is one of the most modern and quickest freezing units in this Province.

Construction of the building was commenced in June of this year by contractor Mr. Henry MacLaughlin. General planning and supervision was by Mr. Edward Gallant. The equipment was installed by Linde Refrigeration Co., Montreal. The cost of the building and equipment being in the vicinity of thirty thousand dollars. The shareholders in this company are Mayor Paul Gallant, Edward Gallant and Arthur Peters who will act as manager of the plant, which will be used as a commercial storage and for the most part in connection with the fish and meat packing industry here. This plant should prove a great boon to fishermen here as the nearest cold storage is in Montague and the problem of keeping fish and obtaining bait had been a serious handicap in recent years. —So.
