

SHE HAD TO CRAWL TO BED

One stair at a time—on her hands and knees—that was how she had to do it. And when she did get to bed, her troubles were not over.

"Twelve months ago I could not sleep on account of the terrible pains in my knees, and I might say in all my joints. At night I could only crawl up to bed, one stair at a time. But since taking Kruschen Salts regularly, I have entirely lost all pains and stiffness, and, if needed, could now run upstairs two at a time. In fact, I feel 10 years younger. I shall never be without Kruschen Salts."—Mrs. A. E. D.

Do you realize what causes rheumatism? Nothing but sharp-edged uric acid crystals which form as the result of sluggish eliminating organs. Kruschen Salts can always be counted upon to clear those painful crystals from the system. The six salts in Kruschen are bound to dissolve away all traces of uric acid. And more! They ensure such perfect internal regularity that no such body poisons as uric acid are ever able to accumulate again. Prove this for yourself by buying a bottle of Kruschen.

In Saint John

Stay at the largest hotel in the Maritime Provinces. Beautifully and centrally situated, facing King's Square, the garden spot of Saint John.

Absolutely fireproof, 250 rooms with outside view, European plan from \$2.50. Table d'hôte meals and cafeteria. Ideal sample rooms and own garage service.

Send for booklet and New Brunswick literature.

Largest Number In Attendance

FIFTY-EIGHTH PRESBYTERIAN SYNOD AT PICTOU BROUGHT TO A CLOSE

PICTOU, Oct. 9.—Recording the largest attendance of ministers and elders of any synod since 1924, the fifty-eighth Synod of the Maritime Provinces of the Presbyterian Church in Canada was brought to a close at a late hour last night. Reports submitted showed that continued progress was being made in all branches of the church work, and a healthy spirit of optimism in the future of the Presbyterian Church in Canada was evident.

A large part of the afternoon and evening seditments was devoted to a discussion of the boys' residence at Pictou, which is carried on in affiliation with Pictou Academy by the Presbyterian Church in Canada. After a lengthy discussion, participated in by several commissioners, it was resolved to continue to administer the residence during the school year 1931-32 as it had been conducted during the previous year, and a committee was appointed to go into the whole matter of the administration of the affairs of the residence in future. The committee is composed of: Sheriff Ronald MacVicar, Sydney (convener); Dr. Hugh Guthrie, New Glasgow; Rev. D. O. MacKay, Elmsdale; Rev. George S. Mitchell, Campbellton; Rev. S. J. MacArthur, Moncton; Rev. W. E. Davies, Cardigan; C. A. MacVey, Fredericton; Rev. F. G. MacDonald, East River, St. Mary's; Rev. M. N. MacDonald, Boulardarie; Donald MacKinnon, Charlottetown; H. S. Kennedy, Stellarton.

A resolution which evoked considerable discussion was that presented this evening by Rev. A. D. MacKinnon, of Whyocomagah, convener of the Synod's committee on temperance. The resolution, which was carried after a lengthy debate, was as follows:

"The Synod of the Maritime Provinces of the Presbyterian Church in Canada is deeply concerned with the problem presented by the traffic in intoxicating liquors, and deplores the consumption of liquor for beverage purposes, which continues to be large. It here registers its protest, against the liquor traffic, the manufacture and sale of liquor. Your committee is convinced that for years stress has been laid on legal restriction to the neglect of educational effort, such as might be given by the homes, schools, and churches, and which we believe would prepare the way for the removal of the havoc wrought by liquor. The Synod regards this an opportune time to carry on among our young people, particularly, a campaign setting forth the benefits of total abstinence. It regards the evil an unjustifiable one, weakening the whole fibre of a man's life, reflecting detrimentally on man's well being, physical, moral and spiritual, and commends prayerful effort on the part of our people that the havoc of the liquor traffic may be eliminated as much and as soon as is possible."

Rev. W. M. Mackay, Synodical missionary for northern Ontario and Eastern Manitoba, who has been acting as Synodical missionary in the Maritimes during the past two months, spoke briefly tonight, emphasizing the importance of the proper functioning of the various Presbyteries. If every presbytery functioned one hundred per cent perfectly, said Mr. MacKay, a great many of the church officials and field workers could be dispensed with.

The question of the appointment of a synodical missionary for the Maritime Provinces to succeed the late Rev. F. G. MacKintosh, M. A., came up for discussion at the conclusion of Mr. MacKay's address. The General Assembly had asked the Synod to recommend a man, but it was decided that on the ground of economy the matter be deferred. The Presbyteries to endeavor to carry on for the present without a synodical missionary.

SERVICE CARRIED ON IN GAELIC

The morning sederunt was opened with a devotional service in Gaelic conducted by Rev. M. N. MacDonald of Boulardarie, assisted

ANTI-KNOCK

ECONOMY

by Revs. Allister Murray, Malcolm Gillies, and A. D. MacKinnon, the singing being led by Neil Gillies, John D. MacAulay and D. J. Grant. In addition to the Synod commissioners, several townspeople attended this service, which was of an impressive nature.

A reply to the telegram of congratulations sent to Archbishop Worrall was received as follows: "Many thanks to Synod. Best wishes for Presbyterian Church."

Rev. George S. Mitchell, reporting for the committee on Sabbath Schools and young people's work, reported progress. In 1925 there were in the Synod 150 Sabbath

Schools, with 7,593 scholars, while last year there was 208 schools with 12,050 scholars and 1290 teachers and officers. Fifty-five young people's societies had reported with a total membership of 1,565. Rev. S. T. Nicholls, Rev. Victor E. Ford, and Rev. Quincy McDowell reported on the young people's conferences, rallies and Bible schools held during the year, all of which had been highly successful and exerted a marked influence on the lives of many of those who had attended.

VESTMENTS APPRECIATED

Lot 65 C. W. L. received from Rt. Rev. Mgr. Blair, the following vestments, which acknowledges a box of vestments sent to the Church Extension for distribution among the needy priests of the Western Missions.

Mrs. James Coady, President, C. W. L. of St. Ann's Lot 65, P. E. I. Dear Mrs. Coady:—We acknowledge with grateful thanks receipts of a box containing four sets of vestments for the missions, from the Catholic Women's League of Lot 65. As requested we will send the violet set of vestments to Rev. Father McPhee of St. Brides, Alberta.

Begging God to bless you one

and all and with every good wish.

Yours faithfully in Christ,
JOHN J. BLAIR
president of the Catholic Church Extension Society of Canada.

Super-Cats Will Kill Cats

PARIS, October 10 (British United Press)—A breed of super-cats that will catch and kill rats has been evolved by Dr. Loir, a nephew of Pasteur, who for four years has been working on the problem of breeding a cat endowed with fierce rat-hunting instincts, and yet so tame that it can be kept in captivity.

Now that he has obtained satisfactory results, a breeding station is being erected, and within a few months Dr. Loir expects to have sufficient super cats to start a campaign against the rats that infest the walls of Le Havre, against whose hordes poison and other weapons have proved useless.

The new cat is said to resemble the true wild cat, but without the latter's savagery where human beings are concerned.

RETURNS 21 YEARS LATER
DIGHTON, Mass., Oct. 9 (U.P.)

—When a turtle with "M. E. C. 1910" on its shell was found in some woods in Assonet recently Manuel E. Costa readily recalled having done the carving as a boy. months Dr. Loir gave him something to remember it by.

One of Costa's fingers still bears a scar where the turtle bit out a piece of flesh.
