OPENING OF MAR. BAPTIST CONVENTION

Rev. Dr. J. McNeill Speaker At Open- ing—Officers Elect- ed.

WOLFVILLE, N. S., Sept. 1.—(By the Canadian Press)—Reality in religion was the subject taken by Rev. Dr. John McNeill of Toronto, head of the Baptist world alliance, in speaking before the Maritime Baptist convention which opened today. Dr. McNeill saw in Christ the interpreting centre of deity, the interpreting centre of nature, and the central figure in the world of redemption. Without Christ God was "without form and void," but the deity became tangible and knowable through the Saviour. Nature, he said, would not yield her secrets to gross materialism.

Officers recommended by the nominating committee and elected were: Secretary for three years, Rev. S. S. Poole, D. D., Assistant Secretary, Rev. Neil McLean and Frank Sinnott, Treasurer, Dr. W. L. Archibald. The convention endorsed a proposal of Rev. W. A. Robbins and his daughter, Mae, to undertake an evangelistic tour of Nova Scotia.

Reporting for home-missions, Rev. E. S. Mason, Superintendent of that department, said 114 pastorates, including 271 churches, had received aid during the year. These had 9,868 resident members, 435 adherents of these churches had been baptised during the year. Expenditures in the home mission department totalled \$34,731.93.

WOMEN'S MISSIONARY UNION ELECT OFFICERS

WOLFVILLE, Sept. 1.—Two full and interesting sessions of the annual convention of the United Baptist Women's Missionary Union of the Maritime Provinces were held here with an increased at-

Visiting Canada

BEAUTIFUL TITLED VISITOR

The lovely Countess Jean de Vogue of Paris, France, who is sight-seeing Canada from coast to coast. She has been the guest of Sir Henry Thornton's son at Chester, Nova Scotia, and is now on her way to Banff.

NEW YORK MAYOR MAY RESIGN

(Canadian Press)
NEW YORK, Sept. 1.—The New York World Telegram today said it had learned from "sources believed to be reliable that Mayor James J. Walker has prepared for his resignation." No official confirmation or denial could be obtained immediately.

LATER—WALKER RESIGNS

In a formal statement accompanying his letter of resignation, the Mayor said he was submitting his case to the people of New York in offering his candidacy for reelection. The Mayor criticised the conduct of the hearing which was being conducted by Governor Franklin D. Roosevelt on charges on which his removal was asked. The hearing was to have been resumed tomorrow afternoon. Walker said the question had become this—"Shall I permit myself to be lynched to satisfy prejudice or political ambition?"

More Canadian Nat. Officials Are Retired

(Canadian Press)
MONTREAL, Que., Sept. 1.—Further action to promote economy by abolishing higher salaried positions on the Canadian National Railways was announced at the head offices here today. A number of officials with long periods of service were retired. Several positions were merged or dropped entirely. A number of officials were transferred and in some cases operating divisions were amalgamated. The Montreal and Saguenay divisions were united and the St. Lawrence division superintendency was merged with that of General Superintendent F. L. C. Bonud at Montreal.

The following officers on Canadian lines were retired:—G. P. Clark, Supt. of Car Service at Toronto; A. F. Stewart, regional Chief Engineer, Moncton, N. B., and W. H. Rippey, Supt. at Moncton. In the telegraph and telephone departments, four officers were retired: W. G. Barber, General Manager with office at Toronto; R. M. Hathaway, Supt. of Reports, Toronto; G. H. Stead, Supt. at Vancouver; and C. H. Daniels, Manager at Vancouver. D. E. Galloway, Ass't. Vice-President, is given charge of telegraphs and telephones with headquarters in Toronto.

HALIFAX, N. S., Aug. 29— The Lurcher Shoal lightship, off Yarmouth, will be removed from station for repairs without further notice, says a broadcast from the Department of Marine. The station, in the meantime, will be marked with a red and white buoy.

MOLLISON ARRIVES IN QUEBEC

Is Accorded Enthusiastic Reception—Lands Near Farm House To Inquire Way To Airport

(Canadian Press)
QUEBEC, Sept. 1.—A young Scottish aviator to whom a level field apparently has magnetic powers today landed his moth aeroplane near a farmhouse on the south of the St. Lawrence, five miles from Quebec. He was Captain J. A. Mollison, conqueror of the North Atlantic Ocean in solo flight. Captain Mollison struggled with his poor French, received sufficient directions to guide him and took off again for Quebec where he received an enthusiastic reception as he landed on the St. Louis airport at 5:25 p. m. (Eastern Standard time), seven hours and 26 minutes after taking off from Sydney, N.S. Mollison left Sydney with only a may torn from a railway time table to guide him and had to land in

New York Fliers Will Try Again

SYDNEY, N. S., Sept. 1.—(By the Canadian Press)—Feeling "unlucky to have lost our plane and lucky to be alive," Thor Solberg and Carl Petersen were on their way back to New York tonight by train. The two fliers who set out from New York nine days ago on a proposed journey to Oslo, Norway, which ended when their plane crashed in Placentia Bay, arrived by steamer from Newfoundland this morning. Having shaken hands with Captain Mollison before he took off for Quebec to board the Empress of Britain, Solberg and Petersen were impatient to be on their way. Both had high praise for the fishermen of Merasheen Island, who rescued them when their plane crashed in Paradise Sound on August 23. They would try again, Solberg said, if financial backing was forthcoming.

400 Million Dollar Deficit Probable In United States

(Special to the Guardian)
WASHINGTON, Sept. 1.—More money is leaving the Federal Treasury than is coming in, with the probability that the deficit will be more than \$400,000,000 for the present fiscal year. Statistics from the treasury revealing that the new "Budget Balancing Act" was not yielding the expected revenue, brought the possibility today that Congress may have to pass another revenue bill next session. If the administration is forced to ask such action, a renewal of the sales tax fight is almost certain. Officials now estimate that revenue from the new tax act will yield \$300,000,000 less than expected.

Beat This One

(Special to the Guardian)
MONTREAL, Que., Sept. 1.—The prize story in connection with the eclipse of the sun Wednesday goes to the delivery wagon driver who entered the photographic department of the Canadian National Railways and asked for a piece of photographic film large enough to cover both eyes of his horse. He was accommodated. The thoughtful driver claimed his horse might look up in search of the sun at the wrong moment and have his eyesight impaired for life and we suppose detract from his usefulness in reading the horse-numbers.

Loyalty Of French Amazes Physician

(Special to the Guardian)
QUEBEC, Sept. 1.—Finding a French nation which is devotedly British on the banks of the St. Lawrence has been a source of amazement to Dr. C. T. Grayson, former personal physician to Woodrow Wilson, William H. Taft and Theodore Roosevelt, who is a visitor here. "I find that it is one of the most remarkable things I have ever seen anywhere to witness British citizens in a British country so thoroughly imbued with French traditions, French customs, French spirit and French ideas and yet possessed of staunch loyalty to England and the British empire, all at one and the same time," Dr. Grayson said.

Somewhere In Atlantic

MISSING OSLO-BOUND AVIATORS

Clyde A. Lee, of Oshkosh, Wis. (RIGHT), and John Bochkon, Brooklyn, N. Y., intrepid fliers who left Harbor Grace, Newfoundland, last Thursday, August 25, on a non-stop flight to Oslo, Norway. Little hope is held for their safety, as they have not been heard of since leaving the island.

Trustee To Form Link Between Two Railways With Dictator Powers

Report Special Officer To Settle Differences In Economy, Operation—Some Favor Merger.

(Special to the Guardian)
OTTAWA, Sept. 1.—The coming report of the Duff Commission in the railway situation furnishes a theme of speculative interest and also of much gossip in Ottawa. It is understood that in the long discussion which followed the digestion of the evidence and data, the question of amalgamation loomed large. A minority of the commission is said to have favored that principle, one way or the other, as being most desirable. They took the ground that whether the C. N. R. went in with the C. P. R., or vice versa, union was the solution of most economic value. Serious obstacles in the way of that were said to have been foreseen by the majority. The broad idea as now understood in Government circles, is to maintain the corporate identity of each system but to reduce the C. N. R. directors to about three men, who would really direct, and over all, a liaison officer or trustee with very wide powers in the determination of any points of difference which may arise in the enforcement of those economies and methods of co-operation considered of vital necessity to each system. The final sitting will determine the question of whether the findings will be unanimous though such is the reported prospect.

U.S. MINISTER TO CANADA RESIGNS

(Canadian Press)
WASHINGTON, D. C., Sept. 1.—The resignation of Hanford MacNider as United States Minister to Canada was accepted today by President Hoover. Simultaneously an announcement was made that the former assistant Secretary of War would participate in the Republican campaign in an effort to line up the war veteran vote. President Hoover apparently has taken no immediate steps to fill the Canadian post. William R. Castle, Jr., acting Secretary of the State Department, said he knew of no outstanding candidate at the present time. Henry Allen, publicity director of the Republican campaign, told newspapermen that Mr. MacNider would be attached to Chicago headquarters, doing some work as speaker, but devoting almost his entire time to organizing the Republican Service Men's League, a post he held in the 1928 campaign. Mr. MacNider himself, in line with a White House announcement that his "private affairs" required attention, said in Chicago he would return to Iowa to look into his banking and farming interests.

Will Not Dig Their Potatoes

(Canadian Press)
NEW YORK, Sept. 1.—The "farm strike" idea has come east. Potato growers on Long Island are letting the spuds lie in the ground to await better prices; and farmers of various counties in New York State are discussing the adventures of the mid-western farm holiday-ers with an idea they might adopt the principle.

AGRICULTURAL CONFERENCE CONCLUDES

National Committee On Agricultural Services Unani- mously Approved By Officials.

(Canadian Press)
TORONTO, Sept. 1.—Canada is to have a National committee on agricultural services, headed by the Federal Ministers of Agriculture. The proposal was unanimously approved by 100 agricultural officials from all parts of the Dominion at the conclusion of their four day conference here tonight. A national committee, it is expected, will serve best the purpose of the conference to unify and coordinate all agricultural services. As executive heads the committee will have the Federal Minister of Agriculture and the nine Provincial Ministers.

GYROS ENJOY CONVENTION

Business Meeting, Social Events And Sports Keep Visiting Delegates Busy

"Song and laugh, and kindly chaff" was the watchword of the Gyro Convention of District 6 (Maritimes) which continued yesterday. Beach Grove Inn, the convention headquarters, was the scene of great activity in the morning as members got away for tennis, golf and swimming and settled down to the first business session. The luncheon at the Canadian National Hotel followed, while the Gyrettes had luncheon at the Oakwood Tea House. Both Gyros and Gyrettes then proceeded to Dalvey, where sports and games occupied the remainder of the afternoon. In the evening at 7 o'clock a fish dinner was

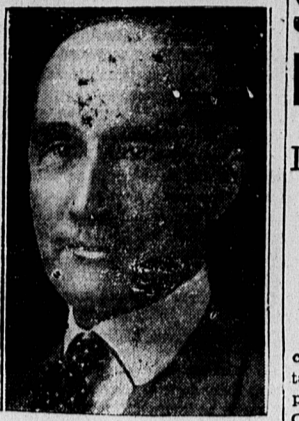

Advertising Is Necessary As Trade Improves

(Special To The Guardian)
CAMDEN, N. J., Sept. 1.—Samuel M. Vaulchain, chairman of the board of the Baldwin Locomotive Works, emphasized the value of newspaper advertising and declared there is evidence money hoarders are recovering confidence in addressing a Camden County "Prosperity Rally" here. "General price levels will advance 15 per cent within a very short time," Vaulchain predicted. "I have been told that more gold is being brought into bank. This is an indication that those who have been hoarding are putting their money into circulation."

Will Confer With Premier Bennett

(Canadian Press)
CALGARY, Sept. 1.—Representatives of the four western provinces and principal cities through the west, will confer with Prime Minister R. B. Bennett, Sept. 6th, it was announced today by Premier J. E. Brownlee. All phases of unemployment and relief will be discussed at the meeting which was arranged this afternoon. The Dominion Government it was said, will be asked to contribute 50 per cent to the total cost of direct relief.

Million Missing

CHARGED WITH THEFT

John A. Machray, K. C., of Winnipeg, who is out on \$50,000 bail following discovery of shortages of about \$1,000,000 in the endowment funds of the University of Manitoba, of which he is chancellor.

NEXT SESSION TO RE-ARRANGE FEDERAL SEATS

Maritimes To Lose Representation, Alberta And B. C. To Gain, According To Census

(Special to the Guardian)
OTTAWA, Sept. 1.—In the coming session of Parliament the Government will bring down the decennial redistribution bill rearranging the representation in Parliament according to the last census. There will be no change in the number of members, which will stay at 245. Quebec, with a fixed representation, Ontario, Manitoba, Saskatchewan and Prince Edward Island will all hold what they have. Elsewhere there are variations. Nova Scotia stands to lose two and New Brunswick one, but by way of equilibrium Alberta will gain one and British Columbia two. The question of whether with its sparse population, the Yukon by itself is entitled to a member, is one of the things which will have to be determined. It is so detached and aloof as not to fit into any other constituency. At the same time its population, though entitled to representation, is enormously below the number qualifying for a member.

Record & Forecast of the Weather

METEOROLOGICAL OFFICE, Toronto, Sept. 1.—Minimum and maximum temperatures:

Dawson	42	58
Vancouver	54	60

Maritime—East: Moderate south-westerly winds fair and warm. Maritime—West: Moderate south and southwest winds partly cloudy and warm with a few scattered showers and probably local fog. High tide this morning at 11:36 and tonight at 12. Sun sets this evening at 6:36 and rises tomorrow morning at 5:24. First quarter moon Wednesday, Sept. 7, 8:49 a.m. Summer tide eighteen minutes later than Charlottetown. CAR FERRY SCHEDULE Week days—Leaves Borden daily 9:15 a. m. and 1 p. m. and 5:15 p. m. Week days—Leaves Cape Tormentine 10:30, a. m., 2:55 p. m., 7 p. m.

PACKERS WILL SEEK BRITISH BACON MART

Dominion Moves To Avail Self Of Quota Offered At The Empire Conference.

(Special to the Guardian)
TORONTO, Sept. 1.—The first concrete step taken by Canada to take advantage of the 280,000,000 pounds bacon quota offered by Great Britain at the Imperial Conference was started yesterday at a meeting of 100 agricultural officials from all over the Dominion at the Royal York hotel, when Samuel E. Todd, secretary of the industrial council of the Canadian Meat Packers' association, announced that henceforth the packing house of this country will permit government inspectors to inspect hog carcasses "on the rail" in the abattoirs.

CANADA'S DELEGATION TO GENEVA

OTTAWA, Sept. 1.—(By the Canadian Press)—Canada's delegation to the 14th assembly of the League of Nations which will meet at Geneva on Sept. 27, is not only bilingual, but multilingual. In its leader, Hon. C. H. Cahan, Secretary of State, the delegation finds an accomplished scholar well acquainted with the idiom of several European languages. The Secretary of State, in addition to being a master of Canada's two official tongues, is also fluent in German, Portuguese and Spanish. He has also studied Russian and Italian.

ONE SHOULD SPADE HIS GARDEN EARLY WHEN THE WORMS WON'T BE SUCH A TEMPTATION
