When the gathering was completed, the bride and groom were escorted to two specially trimmed chairs, as Mrs. Howard Schurman played, "Here Comes the Bride." The presents were carried in by Norma McMurdo and Doris Crossman in a beautiful trimmed baby basket, making several trips to complete the task, then opened them as Mrs. Harold Clark read the verses and Ruth Crossman and Alice Jewell arranged them on the table; Weldon made a brief reply thanking all for remembering his bride with so many beautiful and useful gifts, as the crowd joined in singing: "For They Are Jolly Good Fellows." Gifts consisted of Pyrex, aluminum ware, towels, glass ware, granite dishes and many useful household gifts. The evening passed very quickly as games and contests were indulged in climaxing with an old fashioned sing song, with Mrs. Harold Clark at the piano. Many Express Deep Regret At Loss Of St. Paul's Church

Expressions of regret and condolence have been pouring in all day by person and by telegraph and telephone to the rectory of St. Pauls' parish, Summerside with regard to the great loss suffered by the pastor and congregation in the destruction of the parish church by fire on Sunday.

It was reported yesterday that the ministers of the Anglican, Presbyterian and United Churches had offered the use of their churches for Catholic services. These were followed on Sunday evening by similar offers from the ministers and congregations of the Baptist Church and the Church of Christ all of which were much appreciated.

The fire is regarded to be now definitely out. A crew of firemen stayed on the job on Sunday night to be prepared in case of a fresh outbreak. Men were at work yesterday pumping water out of the basement and endeavoring to clean up to some extent.

The vestry, which was built on to the main church seems to have almost completely escaped damage and it may be possible to close it off and make some use of it.—S

BETTY GRABLE, DICK HAYMES STAR IN TECNICOLOR HIT

—Score another sensational musical hit for Betty Grable and 20th Century-Fox. In fact, "Billy Rose's Diamond Horseshoe," which opened yesterday at the Capitol Theatre with glamorous Grable at her best and 20th Century-Fox going all-out with a spectacular eye-thrilling Technicolor production, easily tops the year's musical field in outstanding screen entertainment.

Packed with wonderful songs, high hilarity, dazzling dance routines, and gorgeous gals—and with Dick Haymes co-starred with Betty in the enthralling romance—"Billy Rose's Diamond Horseshoe" makes for exciting film fare from start to finish.

As its title indicates, the picture is set against the background of Billy Rose's world-famous "Diamond Horseshoe" just off New York's Times Square. It takes movie audiences behind the scenes of this fabulous night spot and into the lives of the people who make Broadway entertainment history.

Betty Grable as seen as Bonnie, the girl with the most beautiful legs on Broadway, a headliner in the cast of the "Diamond Horseshoe" show, fiercely jealous of her position, and hardened to everything but her own success. When fate spins a romantic web over which Betty trips and falls head-over-heels in love with Dick Haymes, son of her bitterest rival (William Gaxton) for spotlight honors, Betty is faced with a challenge that serves as a basis for one of the most intriguing love stories of the year.

BEVIN HURLS—

(Continued from Page 1)

taken up after the Council quickly disposed of a Polish resolution designed to wind up the case in a manner satisfactory to Russia. Only the Polish delegate, Zygmunt Modzelewski, and M. Vishinsky voted for it.

After long debate, Russia suddenly withdrew her demand that the Council compel Britain to order her troops from troubled Greece — and asked instead only assurance that they would leave "as soon as possible."

Bevin Objects

But Mr. Bevin objected immediately.

He said: "I am not willing to have a declaration on the withdrawal of British troops because Vishinsky doesn't say British troops do not menace peace—does Vishinsky accept that?"

Mr. Bevin went on to insist that the Council give Britain a "clean bill" on the question raised by Russia whether the British troops in Greece had endangered international peace.

As the Council sought an acceptable statement of its attitude the following suggestion was made by Mambouh Riaz, Egyptian delegate:

"The Security Council, having listened to the declarations of the Soviet, British and Greek representatives, notes with satisfaction the spirit of frankness and sincerity which animated these declarations, a spirit which certainly contributed to the maintenance of peace and good understanding among nations, and while considering that the presence of British troops in Greece does not constitute a menace to international peace or security, takes note of the declaration made by the delegate of the United Kingdom that British troops will be withdrawn from Greece as soon as the reasons for their presence are removed."

The Council then adjourned briefly so that sufficient copies could be made for its members to consider the proposed resolution.

Two Bitter Clashes

Russia's unexpected move followed two bitter clashes between M. Vishinsky and Mr. Bevin over Russia's allegation—denied by Britain—that British forces in Greece endangered world peace.

M. Vishinsky modified Moscow's demand at the conclusion of a tense session of the Security Council in which delegates from the United States, France, China, Poland and Australia argued that Russia's charges were without foundation.

Edward R. Stettinius, Jr., of the United States, was the first Council member to side with Britain. Declaring bluntly that the Greek situation did not jeopardize peace, he asked that the Council take note of the statements made and dismiss the Soviet contention.

Climaxing a four-hour debate, M. Vishinsky told the Council that "in the interests of international harmony" Russia would be willing to withdraw its demand for Council action if the Council adopted a resolution in some way committing Britain to get out of Greece as soon as possible.

Mr. Bevin jumped to his feet to assert: "That's very clever," but insisted it would not absolve Britain of endangering peace. He demanded a clean bill in any resolution the Council might adopt.

The Council shortly thereafter recessed to try to whip into shape a resolution that would satisfy all.

"Get Out And Vote" Campaign Sponsored By Junior Chamber

"We don't care how you vote—but vote" is the slogan of the Charlottetown Junior Chamber of Commerce in connection with the forthcoming civic election. At a meeting of the Chamber last night it was decided to sponsor a "get out and vote" campaign, and a committee comprising Messrs. Arthur Wright, chairman, Earl Taylor, Robert MacMillan, H.W. Dick and A. E. Russel was appointed to work out campaign details.

Criticism was voiced with regard to the disfranchisement of so many voters due to failure to make the Dec. 31 deadline tax payments. This matter was referred for further consideration to the civic affairs committee.

Mr. James O. MacLean presided at last night's meeting.

S'side Will Have Dial Phones Within 3 Years

As matters are shaping up the people of Summerside are to have a dial telephone system as soon as equipment becomes available, probably within three years. Meanwhile a new building will be constructed on the site of the present structure on Water Street, work to begin in the spring as soon as possible.

Mr. D. M. Gass, Charlottetown, the manager for the P. E. I. Telephone Co., said yesterday that the company had received the resolutions passed by the Summerside Town Council and the Summerside Board of Trade, asking for a dial system, and were accepting them as the "voice of the people" of the town.

The new building will probably be a two-storey brick structure and will be designed for the new equipment. Meanwhile the service will be carried on with the present equipment, with temporary extensions to take care of any additional services.

It was not decided whether the present building would be moved off the site or whether the new building would be built around it and the old structure demolished, it was learned.

Prince Edward Island Ministerial Ass'n

The P.E.I. Ministerial Association held its February meeting on Monday afternoon at the Baptist parsonage, Charlottetown, the guests of the Rev. and Mrs. I.J. Levy. The president, the Rev T.H.B. Somers occupied the chair and conducted the worship. The secretary, the Rev. J.A. Nicholson was at the desk. After routine business had been done, the address of the day was given by Rev. R.E. Webster of Vernon who gave a very informing resume of his missionary experiences in war-torn China. Mr. Webster stated that the needs of modern China were three: Educational, medical and evangelistic and cited many examples of the poverty and primitive state in which the large proportion of the people live. In an informal discussion following, he answered questions on matters of language, social and moral conditions, landownership and management, Communism, craftsmanship, education, government banking and finance. He stressed the awful blight of ancestor-worship and fear of evil spirits which so hampers the work of the medical missionary particularly.

At the conclusion of the address, a very cordial vote of thanks was passed to the speaker, and to the host and hostess for the kindness of their hospitality.

Arrangements were made for the holding of services of worship at the airport on Sunday afternoons at 3.30 as follows: Feb. 10, Rev. T.H.B. Somers; Feb. 17, Rev. M.D. Dunbar; Feb. 24th., Rev. I.J. Levy; March 3, Rev. G.C. Webster; March 10th, Rev. J.T. Ibbott; March 17th, Rev. T.E. MacLennan. The next meeting of the Association will be held on March 4th at 2 p.m. at the Central Christian Church when the address will be given by the Rev. M.D. Dunbar on "Church Affairs in Western Canada."

Graduated From Teachers College With Highest Marks

Friends of Mr. Herman Ebers, son of Mr. H.A. Ebers, Charlottetown, will be interested to learn that he recently was formally graduated from Teachers' College, Columbia University, with the degree of Master of Arts in the field of mathematics. He scored the highest in his class with "A"-minus, "A", and "A"-plus,—an average of "A" for the course.

Writing from Montreal Mr. Ebers states that he is coach this year for the West Hill High School Senior "A" hockey team. "Last year," he writes, "West Hill won the Montreal City High School championship, so that we are the defending champions. We play eight games, one against each team. Most of the games are played in the Forum. This year I am president of the hockey union. We recently played our first League game, defeating Verdun High School by 2-1. On Monday, Jan. 14, we play Loyola College "A" team. This will be a tough game as Loyola recently beat Catholic High 3-2. C.H.S have a very powerful team and expect to win the trophy back from us. This trophy is a very beautiful one—donated in honor of Cecil Hart, late coach of the Canadiens. It goes to the team winning the City Championship. ELECTION ANNOUNCEMENT

Responding to the request of a large number of electors of the Centre Ward, I have consented to again accept nomination for Councillor.

I have served as your representative on the Town Council for some 8 years, and have been Chairman of the Electric Light Committee during that time. In my opinion this experience is of considerable value today, when the Electric Plant is operating to capacity and with new extensions and improvements in prospect for the coming year.

During my term of office, the sales of electric energy have more than doubled, new lines have been constructed, rates reduced, and I feel the showing is highly satisfactory. The years ahead are sure to be important ones in our Town's history, and I believe my experience will prove of value.

Business expansion is one of my main aims and it will be my every endeavour to encourage such expansion in the future.

In the short time at my disposal, it will be difficult for me to interview all the voters of Centre Ward, so I take this opportunity to solicit your support.

If elected, I assure the voters that their interests will always receive my close attention. I reside in your ward, and believe you want a representative who lives in your own ward.

Your vote and support on February 5th, 1946, will be appreciated.

THERON D. MORRISON.

Increase Shown In Fish Catch

Fish landings in the province of Prince Edward Island during the month of December increased to the extent of 134,500 lbs., and $11,-487, Smelt, cod and oysters, the chief varieties, increased in catches and landed value.

The following table gives a comparison of the total catch and landed value of all fish taken during the month as compared with the same month in 1944 as well as similar information concerning the principal varieties:

December, 1945

Total quantity of all fish landed	641,900 lbs.	
Total landed value		$38,655
	Lbs.	Value
Smelts	327,200	$25,720
Cod	199,000	7,960
Oysters	52,600	2,630

December, 1944

Total quantity of all fish landed	507,400 lbs.	
Total landed value		$27,160
	Lbs.	Value
Smelts	249,200	$18,093
Cod	32,200	1,288
Oysters	81,200	3,248

Nova Scotia

Both the total catch and the value of fish caught in Nova Scotia waters in December, 1945, showed approximately a 33 per cent increase over the same period for the previous year, it was announced this week-end by the Department of Fisheries.

Nova Scotia's catch of fish amounted to 15,953,200 pounds with a landed value of $1,568,816, with an average price of over nine cents per pound. This was despite the fact that weather conditions throughout the month and throughout the province hindered fishing operations.

Lobsters, cod, smelts, haddock, scallops, sardines, hake and mackerel, in this order of value to fishermen, were the chief varieties taken during December. With the exception of smelts, all the chief varieties showed increased catches, and it is said that this is due in part to an increased number of men engaged in fishing.

Two and a half million pounds of lobsters were taken with a value of over one million dollars and almost eight million pounds of cod, valued at almost a third of a million.

New Brunswick showed a slight increase with a catch of almost three million pounds valued at a quarter million, and P. E. I. also showed an increase with a catch of 641,900 pounds valued at $38,655.
