

LOCAL AND PROVINCIAL

The Canadian Pacific Railway is advertising excursion rates for Christmas and New Year's holidays. The usual one first class fare is advertised.

At a meeting of Wilkey Lodge, No. 27, held last night, admiration of officers took place. The session will be held on the next regular night of meeting.

ROCKY POINT—A new division of the order of the Sons of Temperance will [D. V.] be organized by the Grand Officers on Wednesday next, 20th inst., at 7 o'clock.

ALL members of the W. C. T. U. are earnestly requested to meet at the parlors on Monday afternoon, as early as possible [2.30] to complete the unfinished work and discuss business matters of importance.

At the regular communication of True Brother's Lodge, No. 8, A. F. & A. M. held the 13th inst. at Mason's Hall, Crapaud Corner, the following officers were duly elected for the ensuing year: Dr. H. M. Robertson, W. M. Richard McVitie, S. W. Kenneth C. Holmes, J. W. George Nicholson Treasurer Donald McLean, Secretary.

A dreadful accident occurred at Winsloe on Wednesday by which the little four and a half year old daughter of Mr. John Cadmore chopped off the three first fingers on her right hand, just above the first joint. It seems that the little girl, accompanied by her little brother was playing with an axe which resulted in the above casualty. The little one is suffering dreadfully from the effects of the accident. Dr. Matheson is tending the unfortunate child.

KEEPING UP THE RECORD AT MCGILL.—At a meeting of the graduating classes at McGill University, on Tuesday, Mr. C. C. Ferguson, son of Senator Ferguson, was chosen as the class valedictorian. Mr. Ferguson's success as a student and his popularity are shown by this appointment. Those who have watched the course of events at McGill will remember that this is the third valedictorian that Prince of Wales College has furnished in the last three years. At a meeting of the undergraduates a few days previous, Mr. C. J. MacMillan of Charlottetown, Editor in Chief of the "McGill Outlook," was delegated to represent the Arts Faculty at the annual dinner of Toronto University, which takes place this week. THE GUARDIAN in common with the many friends of these gentlemen congratulate them upon this flattering recognition by the men of McGill.

Owing to the storm the S. S. City of Ghent arrived in port at 5 o'clock yesterday afternoon.

THE market was well attended yesterday, perhaps in some respects the best market of the season. Chickens, geese, turkeys are assuming a Christmas price. Pork was lower than last quoted, otherwise the market remains unchanged.

Among the guests at the Revere hotel is Mr. F. Scott, formerly of North River, now doing business in the vicinity of Porage La Prairie. Mr. Scott has spent some five years in the west. In conversation with a GARDIAN representative, Mr. Scott expressed himself as very much pleased with the country and its climate and resources.

The entertainment given in the New Glasgow Hall last night was well attended considering the disagreeable evening. Messrs. Miller Bros. graphophone under the direction of Mr. Shelton Walsh was much enjoyed by all present. The proceeds of the evening will be applied to the purchase of a public library and it is regrettable that the committee who bid the matter in charge were not greeted with a finer evening.

A VERY large and appreciative audience assembled in Brien's Hall at Victoria last night, to witness the entertainment given by the B. & A. Minstrel Company of Charlottetown. The parts taken by Messrs. S. Aul, McIntyre and Melkie were especially well executed and the entertainment at times provoked considerable mirth and was a pronounced success. The company returns to the city by the S. S. Jacques Cartier this morning.

THE GUARDIAN regrets to learn that a bad accident happened to Mr. Chas. Taper, at his home at Winsloe Thursday. Mr. Taper and his man-servant were crushing grain when the horse began to crowd on the mill. Mr. Taper picked up a pitchfork to separate the horse, one of the horses kicked and drove the end of the fork into Mr. Taper's abdomen. There are three doctors in attendance. The injury he has sustained is very severe, but it is hoped that he will come through all right.

Y. M. C. A. Meeting.—The Sunday afternoon services under the auspices of the Young Men's Christian Association will begin tomorrow. This is the first of the series and promises to be of large interest, special singing and earnest speaking. Rev. Mr. McConnell will give the address. Prof. Holly will preside at the organ. The meeting will last but one hour and will consist of a twenty-five minute address, solos, and short praise service. All invited, men and women. Begin promptly at 4 o'clock. Come.

DON'T forget the grand concert and bandy sale at Pownal, shortly after Xmas. Proceeds go toward renovating interior of Pownal Hall.

At a meeting of Lady Wallace Lodge, No. 27, held last night, the following officers were elected for the ensuing year, viz:—W. Mistress, Mrs. James White; do. do. Sadie Balls; Chaplain, Mrs. A. Mills; Rec. Sec'y, Mrs. H. Crossman; Fin. Sec'y, Mrs. E. Clarke; Treas., Mrs. M. N. McLeod; D. of C., Mrs. T. Howatt; O. Guard, D. McNeil; 1st Committee, Mrs. S. Ingram; 2nd Committee, J. H. Bell; 3rd Committee, M. McLeod; Guardian, M. N. McLeod; Audit. Com., M. McLeod, J. H. Bell, Mrs. A. Mills.

RECENT INVENTIONS.—Patent granted for new and useful devices. The United States Patent Office has been unusually busy granting patents to inventors for new and useful inventions. Some of them are as follows. A machine for plucking pelts; or beating the hair of hides or furs. Clamp for over-shoes, so as they will not slip up and down on the heel of the shoe. A very valuable device for the newspapers, consisting of a galley so arranged that the printer can put late news on his press, using a rotary cylinder for the purpose. A very handy little opener for envelopes, shaped very much like a tin-can opener, to run along the edge of an envelope, and warranted not to miss when the end is started rightly. The making of cigars by machine has been facilitated considerably by a device for bunching or filling something the cigar maker has tried a long while to accomplish. Quite a novelty for boiling eggs, so arranged with an alarm as to ring a bell so hung on a wire when the egg is wanted set. The bell vibrates a little, and when the egg is wanted to be boiled hard the bell is set in motion violently. Self lubricating journal in which a box containing grease is so arranged inside of a bearing as to revolve with the shaft and lubricate it. A car for carrying poultry on the railroad, or in other roads, a poultry car, divided into tiers, the tops separated by a longitudinal aisle. Communication from Messrs. Marion & Mac... Solicitors of patents & experts, New York Life Building, Montreal.

A SUDDEN CHILL often means sudden illness. Pain-Killer is all that is needed to ward it off. Unequalled for cramps and diarrhoea. Avoid substitutes, there is but one Pain-Killer, Perry Davis' 25c. and 50c.

The Kind of Furs It Pays to Buy

It does not pay to buy poorly made-up furs. It does not pay to buy style at the expense of quality. But you do want both. Furs you can buy here are honestly, carefully made of selected skins. They are made by the best furriers we know of anywhere. They are right in style, right in quality, right in "price"—or they wouldn't be here at all.
