Parker (nee Christie Corbett), were held at the Congregational church on Friday afternoon, March 10, Rev. R. W. Drawbridge officiating. The abundance of flowers were more than usually appropriated, as Mrs. Parker was very fond of flowers. The deceased was born in Granville, Prince Edward Island, October 22, 1881, the daughter of Robert and Hannah Corbett, and came to Massachusetts when eighteen years of age, spending most of her life here since. She joined the Congregational Church at Pepperell during Rev. Mr. Thrall's pastorate. In January, 1910 she was united in marriage with Ivan K. Parker of Oak hill, and that neighborhood has been her home since that time. She leaves besides her husband, her mother, Mrs. Hannah Corbett, three sisters—Mrs. William Thorpe of Pepperell and the Misses May and Janet Corbett of Boston—a half brother, John Corbett of Prince Edward Island. She was of a very noble character and sweet disposition, and was loved by all who have known her. The floral tributes were very beautiful and included pillow of roses, pinks and callas, husband; spray of lillies, mother; spray of white roses and sweet peas, sister Janet; spray of May days, sister May.

LANCTOT MUST LOSE HIS SEAT

OTTAWA, April 3—The committee of privileges and elections will meet tomorrow to formally decide the Lanctot case. The charges against Mr. Adelard Lanctot, M. P. for Richelieu, preferred by Mr. Blondin, M. P. for Champlain, were to the effect that the former had procured the foreman of the painters at the sorel shipyard to furnish material and labor for the painting and decorating of Mr. Lanctot's residence. It is understood that the liberal members of the committee have already agreed upon their verdict and the report of the committee is thus foreshadowed. The majority report of the committee will declare that Mr. Lanctot has violated the Independence of Parliament act, but that he did so unwittingly. The resolution will probably be that Lanctot will be permitted to resign and that no imputation will rest upon Mr. Blondin for having preferred the charges. Indeed many lawyers are of the opinion that Mr. Lanctot has already lost his seat by reason of the facts admitted.

There will be much interest in tae by-election to follow. The nationalists are said to be strong in the electoral district of Richelieu and intend to put a candidate in the field. The government, however, are in hopes of reciprocity proving popular in that district. The county exports a considerable quantity of hay and other products which are taken to New York via the Chamblyn canal. On the other hand the nationalists have always been strong in that part of the province of Quebec, lying between Montreal and the city of Quebec, and the naval issue is apt to cut more of a figure in the by-election than is the issue of reciprocity, which has been little discussed in the rural sections of Quebec.

$100 REWARD $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment, Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

GOVERNMENT WINS WALLBERG CASE

OTTAWA, April 3—The supreme court gave judgment today in some of the appeals heard during the last two months. The most important was the case of the King vs. Wallberg. The court gives judgment confirming the award of the registrar of the exchequer court which cut down the bill rendered by E. A. Wallberg for work done on the I. C. R. shops at Moncton from $105,000 to $53,000.

Wallberg did the work under the supervision of the chief engineer of the Intercolonial and his bill was disputed by the department. On reference to the exchequer court this was cut down by the registrar to 53,000. An appeal was taken to Justice Cassels who fixed the amount due Wallberg at $93,000. The crown again appealed to the supreme court which has now confirmed the registrar's award of $53,000, Justice Anglin dissenting.

CUT RATES ON MEDICINES

WASHINGTON, April 3—The attempt to put the ban on "cut rates" in proprietary medicines in this country today received the disapproval of the supreme court of the United States. That tribunal declined to give its aid to such at attempt on the ground that it would afford the manufacturers of medicine an unlawful monopoly.
