Cpl. Audrey Spencer of No. 2 Composite Training School, Toronto, is fully aware that in the Royal Canadian Air Force, a "stitch in time" may save a life. Many a time a pilot has owed his life, not only to a properly packed parachute, but to one properly mended by deft feminine fingers of members of the R. C. A. F. Women's Division.

Cpl. Spencer made needlecraft history with her design of a new type of parachute patch. It is cut on the straight of the silk and applied, matching the warp and woof of the material. Formerly, to accommodate the double row of stitching necessary in securing the patch, several ends of thread were left to be tied before the patch was completed. The new method permits continuous stitching which doubly strengthens the corners, leaving only one joint in the thread, secured by overstitching the beginning for a short distance.

Cpl. Spencer, a school teacher in Simcoe, her home town before joining the W. D. in August, 1942 as a fabric worker, had taken special sewing courses in civilian life. After basic training in Toronto, she was posted to Arnprior, then returned to Toronto to teach fabric work. (R. C. A. F. Photo)

SORE THROAT?

GET THE QUICK RELIEF YOU WANT
PLUS THE ALKALIZER YOU NEED

To get pleasant relief from sore throat, dissolve two Alka-Seltzer tablets in water, and gargle with the solution (preferably warm) every two hours.
Take Alka-Seltzer when you feel a cold coming on. Its pain-relieving ingredients help to ease the discomfort of a cold. It also contains alkalizing agents which help to neutralize excess acid in the system. Let Alka-Seltzer's two-way action help you as it helps others.

IN MEMORIAM

MR. T. H. METHERALL

The death occurred recently at North Sydney, N. S., of T. H. Metherall formerly of North Cape P. E. I. in his 90th year.

Mr. Metherall was one of our many Islanders who made a success abroad. He was manager of Portland Packing Company Hotel business for many years and later on was buyer for the Dominion Coal Company Stores in Cape Breton.

He bought large quantities of Island Produce and poultry for this retail market and it was not unusual for him to place orders for 200 cars of potatoes within a few days.

It was in the latter business that he was known and respected among the business men of P. E. I.

He was a great booster for our Island Products in Cape Breton.

Besides his widow in North Sydney, he leaves to mourn, one son, Frank and one daughter, Sybil prominent in the business and educational life of the Maritimes, one brother Frank at the homestead in West Cape who was in North Sydney during his brother's illness, and Miss Annie Metherall at home.

T. H. will long be remembered among the P. E. I. shippers of Island Produce who never forgot his native soil and always upheld the high quality of our potatoes and poultry and other products.

To his family, relatives and friends deepest sympathy is expressed.—S.

Fined For Buying Stolen Red Cross Goods From Boys

HALIFAX, Nov. 7 — (C P) — Twelve merchant seamen were fined a total of $265 in juvenile court here Saturday after pleading guilty to contributing to juvenile delinquency by buying stolen Red Cross goods from a group of six boys, aged eight to 13.

The seamen, who arrived here aboard ship from another Atlantic port were traced by railway police, customs officials and the United States Federal Bureau of Investigation in a hunt lasting over three weeks. Their case was the first of its kind here in this war. The goods, valued at $75, have been recovered.

Six boys, who claimed they bribed sentries with apples to gain entrance to service barracks to sell to servicemen goods they had already sold to seamen, were convicted of theft in court on Thursday. They were charged with breaking into a railway car here filled with Red Cross goods. One boy was given a reformatory term.

HALIFAX, Nov. 3 — (CP)—Appointment of Lt.-Col. Donald G. Ketcheson, native of Belleville, Ont., as district ordnance officer for military district No. 6, was announced by the army today. He succeeds Lt.-Col. W.F.L. Edwards, transferred to military district No. 2, Toronto.

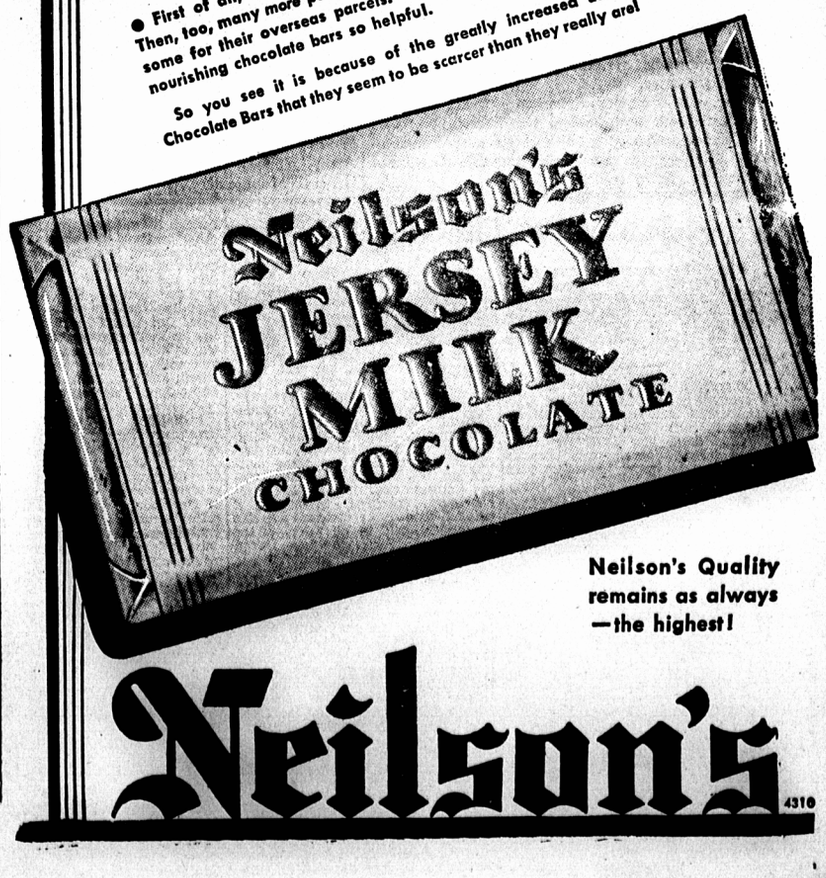
THE ENGINE CLEANER

WAR brought many changes to Canadian railways owing to the large number of men who left the transportation industry to enlist in the armed forces of the Dominion. Consequently, nearly four hundred women are being employed in the motive power department of the Canadian National Railways doing jobs previously performed by some of the 13,886 employees of the National System who have enlisted for active service. Grant Macdonald, noted Canadian artist, found a fine subject for his pencil in Mrs. Annie Knight, employed as an engine cleaner, the official designation for workers who perform the exterior dusting, wiping and polishing on powerful locomotives which haul heavy loads of wartime freight. "It's just housework in a different 'mosphere," commented Mrs. Knight to the artist.

Why AREN'T THERE AS MANY NEILSON'S CHOCOLATE BARS TODAY?

● First of all, there are wartime restrictions on the use of raw materials. Then, too, many more people today want to buy Neilson's Chocolate Bars . . . some for their overseas parcels. Others, who are working hard, find these nourishing chocolate bars so helpful.

So you see it is because of the greatly increased demand for Neilson's Chocolate Bars that they seem to be scarcer than they really are!



Neilson's Quality remains as always —the highest!
