BAN FIRE SIRENS—To avoid a repetition of the confusion caused by the siren on the fire pumper during a practice blackout last week, the Fire Committee of the City Council has banned the use of sirens on fire apparatus for the duration. Instead of the familiar wail of the banshee, citizens will be warned of the approaching fire engines by bells in the future. The regular air raid warnings are sirens placed in various parts of the city and this was the cause of considerable confusion when they were given their first practical tryout last Friday night.

A few days ago he was arrested by the R.C.M.P. and turned over to the Immigration Office.

RETAILERS TO MEET TODAY —It was erroneously stated in yesterday's issue that a meeting of the retailers and meat dealers of Charlottetown would be held yesterday afternoon. PROSPECT FOR DRILLING GOOD — Prospects for oil drilling in this province next spring are bright, Mr. Hugh McKay, Sapulpa, Okla., who controls the oil rights for Prince Edward Island, said last night. As the geophysical survey, in progress here for three years, draws near to a close, he is quite confident that drilling will be underway next year. Weather conditions have impeded progress of the survey in the Hillsborough Bay lately but about 10 fine days will see the work finished. After this there is the area between Georgetown and Souris to be completed. While the two companies promoting the work, Cities Service Oil Company and the Socony Vacuum of New York, are here primarily to get oil there is always the possibility of discovering natural gas, Mr. McKay stated. If the latter is found it would be a great boon to this province as most of it could be used in this territory. The survey is being made by the Seismograph Service Corportation of Tulsa, Oklahoma. Mr. C. D. Hier is chief of the party.

When you feel those first symptoms —a scratchy throat or that stuffed-up "grippy" feeling, there are two good reasons why you should take Alka-Seltzer. It helps to alkalize your system and to counteract the effects of excess acid. And secondly, it contains agents which help to bring welcome relief from the misery of a cold.

Reduce Trips N.S. - P.E.I. Ferry Service

"The Prince Edward Island-Nova Scotia car ferry service will shortly be reduced to two trips daily for the purpose of conserving fuel oil," it was announced by Mr. Albert C. Wagner, Regional Director of Transit Control for the Maritime Provinces. At present the ferry is making three trips a day and is scheduled to operate until November 30.

The bus service to each terminal will also be reduced, Mr. Wagner declared. "The present traffic on the ferry can be amply handled by two trips," he asserted.

Announcement that four taxi licenses in Charlottetown, one last month and three so far in October, were cancelled, was made by the Director of Transit Control, who is working with the Department of Munitions and Supply. The licenses were cancelled because the operators failed to report trips beyond the 15-mile limit.

However, he added, "Taxis in Charlottetown in general seem to be co-operating by abiding by Traffic Transit Control Regulations."

6 Witnesses Testify In Hit, Run Case

Six witnesses testified in the case of Clarence Sanderson, charged with hit and run driving, as it proceeded yesterday afternoon before Stipendiary Magistrate G. J. Tweedy. At the conclusion of the hearing, Sanderson was again remanded until Thursday afternoon at three o'clock.

The case arose out of the accident at Southport on Sept. 27, in which Mrs. Stella Duffy received two broken legs when hit by a car as she was about to board a bus.

Those testifying yesterday were: Doran Hynes, Michael Thomas, Edward Fall, Laura Thomas, Constable Spears, R.C.M.P. and Constable F.M. Strong, R.C.M.P.

Mr. L.P. O'Donnell represented the accused while the case for the crown was prosecuted by Sgt. K.W. H. Engel of the Royal Canadian Mounted Police.

Doran Hynes

Doran Hynes first witness called testified that he had borrowed his father's car at noon Sept. 27th. At three o'clock in the afternoon he had gone to Ed Falls, Lower Queen St. From there Fall accompanied by his wife and three children went to Tracadie returning to the city between 5.30 and 6 o'clock. From there witness went to Michael Thomas' place at South Port. He stayed there for a while and after coming back to town met Clarence Sanderson at Angus McCormack's. Witness and Sanderson then returned to Michael Thomas'. A drive was suggested and Hynes accompanied by Sanderson, Laura Thomas, Mr. and Mrs. Michael Thomas and little girl started out. Opposite Tom Rogers' place witness said he noticed a bus. The lights were on the bus witness explained and as the car was passing Hynes stated he heard a scraping noise. He mentioned this to the driver, Sanderson, who stated that he thought somebody was on the road and he had pulled over to avoid them. At the Mason Road witness stated that he had the car stopped but on examination had seen nothing wrong with the fenders on the right hand side of the car.

From there the party proceeded to Stewart's on the 48 Road. On the way up to Stewart's Hynes stated that the car got stuck on the roadway up to the house. Hynes then got behind the wheel and on arriving at the Stewart place, Michael Thomas his wife and Sanderson had gone into the house with the witness and Laura Thomas staying in the car. On the return trip back to Michael Thomas' witness had driven the car. Witness and Laura Thomas had then come into Charlottetown for cigarettes. However while at the corner of Fitzroy and Pownal Streets the car ran out of gas, and after endeavoring to procure gas from Ed Fall, Hynes had to leave the car on the street that night, Laura Thomas starting out for her home in Southport.

Next morning, Hynes stated he had got a gallon and a half of gas at Bud's Service Station and went on to tell of the hub cap missing from the left rear wheel and the right front headlight broken. He then went to Ed Fall's garage where he had the car repaired before taking it to his father's home and putting it in the garage. He had not reported any damage to the car, Hynes replied in answer to a question by Magistrate Tweedy.

Cross examined by Mr. O'Donnell, counsel for the defense Hynes stated that he had met Sanderson around seven o'clock Sunday evening at McCormack's and further stated that he hadn't noticed anything wrong with the car until Monday morning.

Michael Thomas

Michael Thomas the next witness told of Hynes coming to his place in Southport around 7.30 looking for oysters. Witness and Hynes came back to Charlottetown and after meeting Sanderson returned to Southport. He then told of party in car noticing bus coming towards Ch'town and also stated that he had seen someone moving to the south side of the road at the time. Car was travelling slow and witness was of the opinion that they had side-swiped the bus. He then explained of stopping on the Burbury road and not finding any damage to the car. From there the party had gone on to Stewart's where they had remained fifteen or twenty minutes. On return to witness' home in Southport Thomas told of Hynes and his daughter Laura going to Charlottetown for tobacco. Later that night his daughter had returned home in company with a man who had picked her up on the way from town. Witness then explained that Hynes had run out of gas in Charlottetown and Sanderson who had been waiting at Witness' home for Hynes returned to Charlottetown with the man who had picked Miss Thomas up.

Laura Thomas

Laura Thomas the next witness told of Hynes, Sanderson, her mother and father and herself starting out for a drive on Sunday evening Sept. 27. She was in the font seat between Sanderson and Hynes. Sanderson was driving. Witness then told of noticing bus and another car approaching them and when opposite the bus told of hearing a scratching noise. Hynes told the driver you needn't bump into anything this is my father's car. I would not mind if it were mine. She then told of stopping and examining the car on the Bunbury road and then continuing on to Stewart's place. On return to her father's place in Southport witness told of coming to Charlottetown with Hynes and after running out of gas started to walk back to Southport on her way home.

Edward Fall

Ed Fall, of Charlottetown in his evidence stated that Hynes had asked him on Sunday, Sept. 27th, to fix the small bend of the right front fender of his car. Witness accompanied by his wife and children and Hynes had gone for a drive out the country about twelve miles and had returned to the city around 5.30. Hynes came to the witness' house next morning accompanied with his sister (Hynes' sister). Witness then went to his garage where he fixed bump in fender of Hynes' car. Witness had noticed the right head light glass broken and stated that Hynes asked him to have it replaced, broken one. Witness did this and also replaced a broken bulb. Hynes had told witness that he would not want to take the car home to his father with anything wrong. This was between ten and ten thirty Monday morning, Sept. 28th.

On cross examination Fall stated that the front right head light of Hynes' car was O.K. when driving with Hynes on Sunday afternoon. On Monday morning Hynes had told witness that he thought a truck must have backed against his car after he had left it on the street Sunday night after running out of gas.

Const. Spears

Constable Spears told of going to the scene of the accident Monday morning. He was accompanied by Constables Strong and Hagan. There he had picked up small pieces of glass fragments of head lights. On investigation it was found that a 1938 Dodge car No. 1373 owned by L.A. Hynes, Charlottetown, had been repaired Monday Sept. 28th. On Tuesday Constable Spears stated where he had found a head light rim in the wash room of Fall's garage and on examination found that it fitted the 1938 Dodge.

Constable F.M. Strong of the R.C.M.P. corroborated the previous witness' evidence in connection with the investigation conducted on Sept. 28th.

Monthly Meeting Ch'Town C.W.L.

The regular monthly meeting of the Charlottetown Sub division C. W. L., was held Tuesday evening, Oct. 6th. in the K. of C. Hall with the President Mrs. W. Stephen Trainor in the chair. Rev. L. A. Dougan, Chaplain was present and gave a most inspiring talk on the motto of the League "For God and Canada," emphasizing the need of keeping it ever in mind as an incentive in all our works. The League prayer and the prayer for peace were followed by the business meeting. Minutes of previous monthly and executive meetings were read and approved, and the report of the Treasurer showed all bills paid, donations given to war work, and a satisfactory bank balance. Correspondence was received from Mrs. James McLean and Mr. H. Hennessey.

Reports were given by Conveners of Study Clubs, Publicity, Social Service, Sick Visiting and Membership and War Work. Seven new members were introduced by Mrs. J. H. Blanchard, Convener of Membership, and cordially welcomed to the Sub-division The resignation of Mrs. F. J. Casey, Convener of War Work was accepted with sincere regret and Miss Mary McDonnell was appointed to this work. Plans were discussed as to ways and means of financing the activities of the Sub-division along the lines of war work and charity. It was decided to hold a Tag Day for this purpose on Saturday, Oct. 31st.

Sewing for Social Service will begin at the City Hospital on Thursday afternoon, Oct. 21st, and money was voted for necessary supplies.

The President, Mrs. Trainor, who was voting delegate to the Diocesan Convention held recently in Summerside, gave an interesting resume of same. Special reference was made to the resolutions which the Diocesan Committee had presented at that time, the carrying out of which will be a banner achievement of the organization. The progress made in the interest of a higher plane of literature was noted in the report on "Crusade for Good Reading" which has been instrumental in having many various publications removed from sale in the Province. Congratulations were extended at the Diocesan meeting to Mrs. Frank Murray on her appointment as National Convener of Girl Guides of the C. W. L. of Canada. The President in closing said that in response to the wish of our National President, Mrs. P. J. McGarry, a National Day of Prayer, has been designated for the first Sunday of every month, commencing in November for League members, in every Sub-division throughout Canada to unite in a universal prayer for peace.

Meeting adjourned.
