S. A. McDonald

The New Suits have Arrived

For the past years WE HAVE set the standard for what is to be the correct wearing apparel for men for the in-coming season. It is but natural that men now look to us for what is correct and to guide them in matters pertaining to their dress.

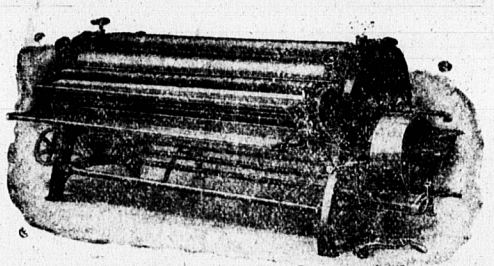

We now extend a general invitation to the men of Charlottetown and surrounding country to visit our clothing department on the second floor. It is now the largest and best stocked in the Maritime Provinces.

We can suit your tastes no matter how critical or fastidious you may be. There are many shades colorings this season which promise to make it of unusual interest to men, and we believe a banner clothing season. Our clothing department is now considerably enlarged giving it nearly double the floor space formerly occupied.

We now extend a general invitation to all to visit this department and see the many new lines offered this season, and remember our usual guarantee satisfaction or money refunded.

A specially made suit in a number of good patterns is our \$10.00 line.

And at \$ 2.00 we are showing a line of swell fancy worsts which we have been told is better than most \$15.00 suits at \$18.00 and \$20.00. We have the dress suits ever shown here.

THOUGHT AND HABITS.

Weeds are worthless, and require no cultivation to make them grow. There are persons who are ever drifting purposeless, helpless, and hopeless, and yet carrying within their own being the seed of most blessed possibilities. Thoughts cherished have a marvellous and controlling influence on character.

When health is lost, nothing is lost; When health is lost, something is lost; When character is lost, all is lost. Thought creates, transforms, and establishes character. "As a man thinketh in his heart so is he." No better, no worse, no individual can rise higher in character than the character of the thoughts he cherishes. Thoughts revert to our mental and moral state before God and our own conscience. Thoughts cherished and fostered have much to do with one's life habits. Augustine said: "Habit if not resisted soon becomes a necessity." Many persons realize the force of that cited utterance from bitter experience.

NEW RECORD IN PIANO WAREHOUSES

MONTREAL, March 21.—Eight stories and two basements, all devoted to pianos, their selling, showing, tuning, painting, repairing, going some for Montreal, says the Standard.

Such a building has just been opened by Willis & Co., Ltd., at the corner of Drummond and St. Catherine streets, which is claimed to be the finest building, and the largest devoted to pianos exclusively, in Canada. This week marks a sort of epoch in the history of the Willis firm, which is one of the oldest in Canada.

During the past four years, and simultaneously with the building of the sky scraper on St. Catherine street, the firm has had under construction a large factory at St. Therese, a village which can almost be called a suburb of Montreal, and at this will be nearing completion when the new uptown headquarters are opened, the whole will be marked by song and feasting.

The opening festivities will begin tonight with considerable eclat, the salesmen and their friends being entertained at a banquet. This function will be held in the St. Regis Hotel, and other celebrations will be continued over tomorrow and Saturday. On these two days, afternoon and evening concerts will be held, for which the famous mezzo soprano Miss Lilla Ormond, of New York, has been engaged. She needs no introduction to the Montreal public. With her comes Miss Daisy Green, her accompanist. The artists include some of the finest ever heard in Montreal, such as C. A. Wagner, Ben. S. Stright, Joe. Sauer, and the best Dubois Quartette, Hector Dansereau, Mde. Dorothy Bayly-Siroit, soprano, Miss Beatrice Fraser, contralto, Emile Taranto, violinist, assisted by Mde. Saucier and Guy Ambrose.

During these festivities the firm will take every opportunity to show their building to advantage, and have on exhibition some of the best makes of pianos in the world. A trip through the building is a lesson in piano work. Each floor is devoted to some special work—one for exhibiting, another for general offices, the third is a recital hall, the fourth floor has three large parlors, and four small ones; the fifth is used for the same; the seventh floor is a repair shop with a large staff of men and the eighth is used as a storage.

The new Willis store has been described as a "daylight establishment," which is a good term. The window space is enormous, and the whole establishment is up-to-date in every sense.

Willis & Co., Ltd., have been officially notified that Field Marshal R. H., the Duke of Connaught has been pleased to extend his patronage to their firm and that they are therefore entitled to use the words "Patronized by H. R. H. the Duke of Connaught."

A. E. Toombs, Queen St., is the Charlottetown representative for Willis & Co., Ltd.
