

# OPERATIONS AVOIDED

Two Grateful Letters from Women Who Avoided Serious Operations.—Many Women Suffering from Like Conditions Will Be Interested.

When a physician tells a woman, suffering from female trouble, that an operation is necessary it, of course, frightens her. The very thought of the operating table and the knife strikes terror to her heart. As one woman expressed it, when told by her physician that she must undergo an operation she felt that her death knell had sounded.

pleased that I did so, for it restored me to perfect health, saving me the pain of an operation and the immense bills attending the same. Pray accept my hearty thanks and best wishes.

Our hospitals are full of women who are there for just such operations! It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed.

Dear Mrs. Pinkham:— "Loss of strength, extreme nervousness, severe shooting pains through the pelvic organs, cramps, bearing-down pains and an irritable disposition compelled me to seek medical advice. The doctor, after making an examination, said that I had a serious female trouble and ulceration, and advised an operation as my only hope. To this I strongly objected—and I decided as a last resort to try Lydia E. Pinkham's Vegetable Compound.

## TWELVE WERE RESCUED FROM SINKING BARGE

Children Were Thrown Into Sea and Hauled on to a Tug

PROVIDENCE, R.I., Jan. 21.—Twelve survivors of a terrible straggle which raged on Long Island Sound from Saturday night until early today, reached here tonight.

One of them, an infant boy, had been tied in a dunnage bag and hurled from a tumbling lifeboat to the deck of a tug, another, a girl, three years old, also bound in a dunnage bag, was dragged through the sea and landed safely beside her brother.

Six others including the mother of the children, with ropes under their arms, leaped from their lifeboat and were hauled half-drowned and semi-conscious to the tug.

Twelve hours later four others, the crew of a foundering barge were taken on board the tug after they had almost lost their lives.

Dangers of a Cold and How to Avoid Them

More fatalities have their origin in or result from a cold than from any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when it is properly treated in the beginning.

## WILDCATS INVADE TOWNS IN VERMONT

Animals Growing Bolder and Follow Deer to Town's Border

RUTLAND, Vt., Jan. 23.—Wildcats, attracted by a deer, have appeared in large numbers near the outskirts of surrounding towns and have caused considerable alarm among the inhabitants of the rural districts.

The big cats have shown great boldness in stalking their game and often follow the deer to the borders of the town. Many of them have been shot within the boundary lines of the villages.

Active steps are being taken to drive out the savage pests, but are not only do they slaughter game, but are a menace to travellers on country roads.

## Sure Cure for Sciatica

Sciatica is really inflammation of the sciatic nerve, the largest nerve in the body. This passive inflammation is the product of a run-down condition, and in every case you may be sure the nerves are worn down first.
