QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block—Charlottetown

ON Monday, with an enrolment of thirty-three, the school at Albion was re-opened.

Charles and Mrs. Strangman, Montreal, are visiting in the city, the guests of Mrs. Strangman's brother, R. C. Goff.

The S. S. City of London will go on the marine slip at Pictou on Monday the 17th inst, to have the hull scraped and painted.

A friendly game of baseball will be played this morning in Victoria Park between the Summerside High School and the Orkbars.

The many friends of Mrs. Allan McDonald, Oyster Bed Bridge, will be pleased to learn that she is recovering from her severe illness.

The Scotch concert to have been given in Clifton Hall in March and postponed on account of smallpox, will be given in Clifton Hall on June 12th. Program later.

The wholesale merchants of this city will close their respective places of business on Saturday afternoons at one o'clock during the summer months, commencing today, June 8.

Captain Saunders will again lead the Y. M. C. A. boys' meeting Sunday morning at 10 o'clock. All boys are invited to attend this helpful and interesting meeting. 4 boys were present last Sunday.

The funeral of the late Mrs. Thomas Sellar will take place this afternoon, leaving her late residence, Grafton Street, at 3 p. m. sharp, thence to the railway station. Interment at Sherwood cemetery.

The following new members have been added to the Hillsborough Boating Club; r. Geo. Warburton, Dick Warburton, Hugh Warburton, P. Forsythe, J. Caswell, C. Moran, A. McCannell. The club has been recently presented with eight pairs of rowlocks of improved pattern by Bruce Stewart.

A light sight seeing team, capable of carrying ten to twenty persons at a nominal rate, and occupying from two to three hours each day taking in the points of general interest in this city and vicinity, is an absolute necessity. For the first person who will agree to undertake this enterprise The Guardian will advertise free in locals daily during the season, the place and hour of departure.

Charlottetown has now an exclusive post card shop, which opens today on the corner of Queen and Richmond Streets. This store has, without doubt, one of the largest and best displays of souvenir cards in Canada. The proprietor extends a cordial welcome to everybody to call and inspect the magnificent display. The time will be well spent and found both entertaining and instructive. The Guardian wishes the post card shop very success.

The Religious Committee of the Y. M. C. A. have thought it best to discontinue the Men's Sunday afternoon Gospel Services during the summer months. Two years ago these services were held during summer months at Victoria Park. Last year's Gospel Services were held in Kensington Hall in the east end, Sunday evenings. The board of Directors will meet Tuesday evening next to discuss this matter and plan for the summer work of the association.

It has been the custom in the past to frequently refer to "Successful Islanders Abroad" but in future The Guardian will give more prominence to "Succesful Islanders at Home". In this connection it is most fitting to call particular attention to the enormous business carried on by A. Horne & Co. of this city whose page announcement appears elsewhere in this issue. Mr. Horne began business in a very small way, but it now assumes enormous proportions giving employment to a large number of men. The firm name is a household word throughout the Province. A careful perusal of the advertisement should be interesting to every Guardian reader.

The Y.M.C.A. boys are having delightful outings at Rocky Point every Saturday. They will go again today on the 11 o'clock boat. The captain takes the crowd at ½ fare. Last Saturday they had a hare and hound chase with Jack McNair and H. Ritchie as hares. They set a hot pace and arrived home some time before the hounds. Next in order was dinner. Mr. Archibald had brought a catch of trout along, and on a "camp fire place" cooked the trout which the boys greatly enjoyed. A bag of candy was then hidden in the woods and after a long search by all the boys it was found by Edison Sterns. A seven innings base ball game was then played between teams chosen by Russell Bell and Spurgeon McKenzie. The excitement near the close was intense as the score was a tie but Spurgeon's team managed to bring in the winning run. An equally attractive program Mapped out for today. One of the features will be a clam bake. The Y. M. C. A. boys are privileged to bring any of their boy friends along with them.

§Famous Soap makes home happy.

The S. S. City of London goes to Brush Wharf on Monday morning at seven o'clock.

Yesterday John R. McDonald, Darlington, showed The Guardian several stocks of wheat, measuring 10 inches each. Mr McDonald sowed a patch nearly a month ago and the growth so far has been enormous.

Rev. John Hawley was formally inducted into the pastoral charge of the congregation of Marshfield on Thursday evening by a commission of the Presbytery of this Province. The new pastor was given a warm welcome. Rev. A. S. Stewart presided and preached and Rev. Geo E. Ross addressed the people.

With this issue the McClary Manufacturing Co., of London, Ont., commence their advertising for this year using a series of ten attractively illustrated ads. The illustrating in these ads. is the work of an artist, as can readily be seen, and while the quality of these drawings is of a very high order every ad. deals with a practical feature of the furnace. The McClary Co. claim to be the largest manufacturers under the British flag of stoves, ranges and furnaces, employing over twelve hundred people all the year round. Their London factories cover nearly three city blocks and are considered to be about the best equipped in the world. The McClary business was established in 1852 and has grown steadily since the beginning. Branch warehouses have been established in all the leading Canadian cities with a large force of travelling salesmen. The McClary Co. freely admit that a large measure of their growth is due to carefully planned and persistent newspaper advertising, which is a strong evidence of the influence and force of the Canadian press.

The Fish and Game Association held their quarterly meeting in the City Building last evening. There was a good attendance, and a lively interest was taken in the discussion on the different questions brought up. Letters from the President of the League of American Sportsmen and the President of the National Association of Audobon Societies were read in which the Association was asked to agitate for the entire prohibition of spring shooting. After a thorough discussion it was resolved to comply with the request, and in sympathy with the sportsmen of the United States to ask the Local Legislature to pass the necessary legislation. The question of fishing permits was brought up, some thinking that visitors should enjoy all the privileges without paying any fee. It was urged on the other hand, that the members of the Fish and Game Association who are doing all in their power to protect the fish and game had to provide all the money necessary, and therefore no right minded person would expect to enjoy the fruits of their labors and contributions, without paying a fair share of the necessary expense. His Worship the Mayor, the Stipendary Magistrate, and others took part in the discussion. As the Association was short of funds on account of having to pay the expense for the printing of the Game Laws, and the expenses connected with the investigation and prosecution of offences against the game laws Messrs. Morris and Morrison were appointed a committee of ways and means to solicit subscriptions to carry on the work of the association. All the members present contributed towards the fund.
