Statistics in Medicine

Old Remedies Retain Their Popularity

Investigations of French Physicians Show That Large Production of Synthetic Medicines is Not Crowding Out the Old Favorites.

A late despatch from Paris says, Prof. Grimbert presented a notable paper before the Academy of Medicine on therapeutic tendencies in the last ten years. Basing his figures on medicines furnished to 219 large clinics and hospitals of the State Pharmacy, he finds that the old-fashioned medicines retain their popularity.

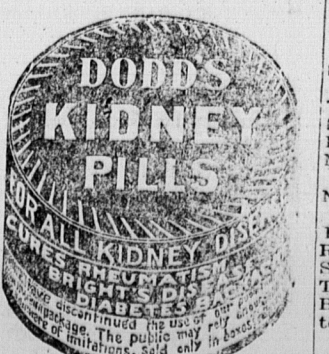

An expert authority on being interviewed states that the tendencies of the medical profession in Canada are going exactly the same lines. He gives the following old-fashioned vegetable mixture as the safest and best treatment for all stomach and liver troubles, constipation, disorder of the kidneys and bladder, and states that many of the leading physicians use these ingredients in some form, often by some fancy and expensive name.

- Fluid Extract Cascara 1/2 oz.
 - Syrup Rhubarb 1 oz.
 - Carriana Compound 1 oz.
 - Compound Syrup Sarsaparilla 5/2 oz.
- Take one teaspoonful after each meal and at bedtime.
- This acts in a pleasant way, and is free from the bad effects of strong purgatives and cathartics.
- We advise all our readers to cut this valuable formula out and use it. Any druggist can supply these ingredients at a small expense. You can mix them at home if you prefer.

OBITUARY.

Again the angel of death has visited the vicinity of Rocky Point, and taken to bloom in a higher and better world a tender bud in the person of Thomas B. McInnis, youngest and dearly beloved child of Ernest and Lizzie McInnis, aged two years and nine months. The little fellow had been in his usual health up till a day before his death, and nothing serious was entertained for his recovery, when suddenly seized with convulsions. Dr. Carruthers was quickly summoned, but all of no avail, his spirit took its flight to him who gave it.
