Caterhall, Nfld. Minard's Liniment Co., Limited. Dear Sirs—While in the country last summer I was badly bitten by mosquitoes, so bad that I thought I would be disfigured for a couple of weeks. I was advised to try your Liniment to allay the irritation, and did so. The effect was more than I expected, a few applications completely curing the irritation, and preventing the bites from becoming sore. MINARD'S LINIMENT is also a good article to keep off the mosquitoes.

Yours truly, W. A. V. R.

A GOOD POSITION
 Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8-hour law became effective, and since the wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance for advancement. The National Telegraph Institute operates six official institutions in America, under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details at Cincinnati, O., Philadelphia, Pa., Memphis, Tenn., Davenport, Ia., Columbia, S. C. or Portland, Ore., according to where you wish to enter. 9-21d36rct.
