A GOOD audience was in the Lyceum Hall last night to hear the League of the Cross in Minstrelsy. At the French Ball, was the attraction at the Opera House last evening and delighted the large audience. A LARGE audience was delighted last night in the First Methodist Church Schoolroom, when 130 stereoscopic views illustrating the route of Canada's famous train "The Maritime Express" were thrown upon the screens and a most interesting description was given by Rev. Geo. M. Young. Starting from the Commercial Capital of Montreal, a trip was taken down the St. Lawrence by Gaspe and Metepedia, to St. John Halifax and the Sydneys thence to the Garden of the Gulf. The wonderful rock formation of Hopewell Cape, the beauties of Bras D'Or Lake; the sylvan charm of the "sparkling island gem set in the emerald sea" each received due appreciation and description from the lecturer. The newly formed tourists' association will do well to have these magnificent I. C. R. views reproduced to another audience.
