Stocks Follow Mixed Trend In Montreal

MONTREAL, May 1 (CP) - A sluggish stock market sagged fractionally today as light selling unsettled most groups. Waiting for a guiding trend traders here were content to match the slow-moving dealings on Wall Street. A few losses were marked up at the opening and gradually the declining trend spread through the list. The day's outstanding feature was Noranda's gain of 1 1-4 on an otherwise inactive construction section. Nickel and Canadian Celanese stood out among the losers, with decreases of 3-4 and 5-8 respectively. Hudson Bay Mining slipped 1-8 but Smelters and Hollinger firmed 1-4 each. Canadian Car, Common and preferred and Dosco showed losses of 1-8 each. Montreal Power moved up 1-2 in quiet utility buying while Shawinigan, Power Corporation and Brazilian retreated narrowly. Building products stepped back 1-4 on an otherwise inactive construction section. Price Brothers, International Pete, National Breweries and Imperial were among the back-trackers in the afternoon of the list. Total sales: 37,800 shares; industrials 13,000; mines, 24,800; bonds, \$1,050.

Dull Trading On New York Stock Market

(By FREDERICK GARDNER Associated Press Financial Editor) NEW YORK, May 1 (AP) - With trading in today's stock market at the lowest ebb in nearly five years, leading issues backed away fractionally to more than a point. The ticker tape was frequently snapping for a minute or so at a time and transfers for the five hours amounted to 279,140 shares, second smallest turnover for a full session since August, 1934. The total compared with 728,430 last Friday. The Associated Press average of 60 stocks was off 2 of a point at 44, still 2.4 points above the year's low. Canadian issues were sluggish. McIntyre gained a point to 53 1-2 while Distillers and Walkers improved fractions and Ford and International Nickel as much. Steels were among the first to slip as this week's mill production estimates indicated a drop of 8 of a point at 47.8 per cent of capacity. It was the fifth consecutive week's recession in this barometer. U. S. Steel and Bethlehem led the slide in this group. Motor shares did comparatively well as General Motors and Chrysler holding their declines to 1-4 of a point each. What stocks did

WINNIPEG, May 1 (CP) - A good demand from southern and overseas sources prompted by continued unfavorable reports from the United States winter wheat belt lifted Winnipeg wheat futures prices substantially today. Liverpool advanced 5-8-1-4d after the English market lost ground in early trading due to large tenders on May contracts which totalled 1,200,000 bushels.
