MAKE YOUR OWN CALF MEAL

None Better—Cost Only 1 1/2c per lb. HERE IT IS—100 lbs. Oil Cake Meat, 300 lbs. Shorts, 4 lbs. Herbageum, about 1 lb Salt. Mix well. Stir about two cupfuls in a gallon of scalding water and feed warm. Leading Poultrymen Assure Us that Herbageum Has No Equal Now is the Time to Use It. And Remember—Nothing Else is Quite so Good. LETTERS FROM THE ISLAND PROVINCE.

During three years I have used Herbageum regularly for my herd of hogs, and I find it excellent for the appetite and for keeping them in a healthy growing condition. At about five months I averaged good bacon hogs of from 140 to 180 lbs., live weight. I use it for my young pigs from the time they are weaned till after the shows; if not for show purposes, until they are three months old. For calves it has proven to be the best preparation I ever used. When fed regularly it keeps them in a healthy, hearty condition, is a positive preventive of scouring, and a perfect bowel regulator, and with it skim milk is equal to new. I have also used it for horses out of condition, especially if they had worms, for which I find it a certain remedy. It is positive death to intestinal worms. J W. CALBECK.

Augustine Cove, P. E. I. Herbageum is the very best thing that can be given milch cows. It is a great advantage both before and after coming in. It will help cows weak in the knees; it is a good preventive of scouring and as a preventive of constipation it is even better. It maintains a cow in flesh when milking heavy and for increasing quantity of milk there is nothing equal to it. I have had good results feeding it when pasture was poor. Crapaud, P. E. I. D. McLEAN. I have used Herbageum with cows at calving time, also found it satisfactory for horses, and customers speak well of it. Flat River, P. E. I. R. K. MCKENZIE.
