CHRISTMAS time is not without its harassing problems. With numerous acquaintances and meagre bank account it is is difficult to find just the suitable gift for each one. In order to do justice to the spirit of the season, a large amount of money is unnecessary. A call at W. P Colwill's crockery store will reveal the fact that a great lot of really useful and attractive china that appeals to anyone is carried in stock, and these goods are marked at only ordinary crockery ware profits. The person with a large heart and lean purse may have a joyous Christmas by selecting one of the beautiful dinner sets shown or possibly one of those dainty tea sets of which there is an endless profusion. Passing through the store the writer was impressed with the gorgeous display of vases, salid bowls, cheese covers, bric-a-brac, etc. If the person wishing to make a present desires anything pretty it is well worth while to go and have a look. The purchaser is likely to find just what that friend will like to have. The variety is almost endless.

If it were not for a single important ingredient, Park's Perfect Emulsion might not be of any more value than the ordinary Emulsion. But it contains Guaiacol, which has been used successfully in treating consumption, coughs, colds, bronchitis, and similar troubles. The efficiency of the drug is increased by its combination emulsion of cod liver oil. In this way Park's has come to be the king of emulsions.

AT the police court yesterday morning Patrick Hughes for being drunk and disorderly was fined $4 or 20 days.

A VERY pleasant hour was spent in the Baptist schoolroom last evening when the Junior B. Y. P. U. gave their Missionary concert. These boys and girls began the year 1901 with the laudable intention of raising $25, the sum necessary to support a native helper in India for the year. By the use of mite boxes and previous entertainments they have secured the greater part of the required sum and by last night's effort have completed their year's work. A good program was rendered, each one doing his part in a very creditable manner. A very pleasing feature of the evening was a march and presentation of gifts, each Junior in passing the tree hanging on its branches a birthday bag containing as many cents as the child had seen years. Another interesting item was a dialogue showing the need of mission work. This was illustrated by ribbons of different colors, a long black one showing the vast number of the population of the earth that are yet not reached by the Gospel There was also an exercise in which several heathen gods were exhibited. An address by Pastor Raymond and an excellent paper by the leader of the Juniors. Every way the concert was a decided success.

YESTERDAY evening a GUARDIAN representative had the pleasure of a visit to the Charlottetown Business College at an hour when dictation was being given to the shorthand class and when the other classes of the institution were under instruction. The students taking the shorthand course in the C. B. C. can, when competent, secure certificates from the Phonographic Institute of Cincinnati, Ohio, with which the C. B. C. is affiliated. The certificate bears the signatures of Benn Pitman and Jerome B. Howard, the leading shorthand instructors in America to-day. In conversation with the Principal the representative was pleased to learn that Miss Mamie E. Creamer of Souris, after a full shorthand course in the Charlottetown Business College has been awarded a Diploma from the Phonographic Institute of Cincinnati, Ohio. The examination is very thorough, requiring the student to write one hundred words per minute and to transcribe notes with speed and accuracy. This is the third certificate that has been secured by students of the C. B. C. and the only ones received on Prince Edward Island. Miss Creamer has secured a good position in the large mercantile house of Messrs. Matthew & McLean, Souris. The Diploma is countersigned by her certificated teacher Mr. Wm. Moran in whose window it may now be seen. Several more students at the C. B. C. are preparing for this shorthand examination, which they will take in the near future. Other classes will be formed after the Christmas holidays, thus affording an excellent opportunity to students to make themselves proficient in this useful subject.

### The Christmas Dinner.

In spite of the fact that the word dyspepsia means literally bad cook, ry it will not be fair for many to lay the blame on the cook if they begin the Christmas Dinner with little appetite and end it with distress or nausea. It may not be fair for any to do that—let us hope so for the sake of the cook! The disease dyspepsia indicates a bad stomach, that is a weak stomach, rather than a bad cook, and for a weak stomach there is nothing else equal to Hood s Sarsaparilla. It gives the stomach vigor and tone, cures dyspepsia sreases appetite, and makes eating the pleasure it should be.

LATE exchanges record the election for the third time of Mr. William N. Curtis as a counsellman for ward 21, Boston. Mr. Curtis is a son of Mr. J. F. Curtis of the Custom House.

ATTENTION is directed to the drug house conducted by Mr. H. A. Ellis in which is to be found many beautiful thoughts for Xmas. As a druggist Mr. Ellis has already gained a reputation and there is but a slight necessity of trying to impress on any body in Charlottetown or all know it, that Ellis handles the best of goods in the way of perfumes and all kinds of smoker's requisites. Possibly at this season, a specialty is being made of perfumes. The display is magnificent and includes all grades from the cheaper to the more expensive. The lines carried in stock include Rogers' and Gallet's, Seely's, Taylor's, Calgate & Co's. A special display is being made and extra inducements will be given as long as the holiday season lasts. DURING the Artillery competition at the Island of Orleans in August last a contest took place known as the Officers' Observation Competition, in which some 25 or 30 officers from St. John Montreal, Quebec, Coburg and Charlottetown took part. The test was the observation of 20 shots fired by one of the the competing companies other than the observer's own. The observation was in connection with the 40 ponnder shooting at a target about a mile and a half distant, the observer marking each shot plus or minus, right or left, in yards according to his best judgment. Two prizes were offered by the Dominion Artillery Association, the first prize being a stereo-binocular, 12 mangification and the second prize a like glass of eight magnification, valued respectively at $70 and $50. Captain A. A. Bartlett was agreeably surprised to receive yesterday by registered mail from the Militia Department Ottawa the field glass of 12 power being the first prize offered for the above competition. This is another trophy added to those before received attesting the high efficiency of the Fourth P. E. I. Regiment of Artillery. A GUARDIAN representative had a look at Capt. Bartlett's prize which is enclosed in a handsome leather case, and is no donbt the best field glass in the Province. THE GUARDIAN extends congratulations to Capt Bartlett on his success among so many capable and keen competitors.

Do not compare our new stock of Christmas Perfumes with an assortment of last year's goods—they are not in the same class.
