The Rev. S. J. and Mrs. Boyce expressed their deep appreciation of the faithfulness of the group during the years and thanked them warmly for their beautiful gift. After a contest followed by a sing song, ice cream and cake were served and a successful gathering closed with all joining hands and singing "Auld Lang Syne". The National Anthem was then rendered after which the meeting dispersed.

They had great praise for the staff at City Hall who were being done by the accountant there.

TO PEOPLE WHO CANNOT SWALLOW PILLS

If you feel sluggish, depressed, liverish or are inclined to constipation—just try this treatment for two weeks: Take enough Kruschen to cover a dime, in warm water every morning.

Nothing could be easier to take, and Kruschen is not harsh, but is a mild, gentle laxative.

Constipation is caused mainly by lack of moisture in the large intestine. Kruschen contains carefully blended mineral salts that bring back the moisture. Besides cleaning out stagnating poisonous waste matter, Kruschen helps to rid the bloodstream of other poisons resulting from constipation.

Get a 25c size of Kruschen from your drugist and within two weeks you'll feel your old good health coming back. Other sizes 45c and 75c.

QUEEN'S CANADIAN FUND DONATIONS FOR AIR RAID VICTIMS

Repeated bombing raids on British port areas and the industrial Midlands has attracted fresh attention to the plight of the many thousands of civilians who have been driven from their homes and finally driven into the open country by successive raids.

Contributions from this Province should be forwarded to the Royal Trust Company, Charlottetown, which reports the following receipts to date:

Received yesterday: Social Service Club of Borden Union Church, \$5.00. Westmoreland Women's Institute, \$2.00.

Miss Eva Sabine, Belmont, \$5.00. This battery was previously acknowledged \$1,603.48. TOTAL—\$1,615.48.

8th Heavy Mobile Anti-aircraft Battery Officers Appointed

Major J. R. Paton, M.C., representative of the D.O.C. Halifax, received word yesterday that the following provisional 2nd Lieutenants had been appointed to the 8th (Mob.) Anti-Aircraft Battery now being recruited. J. Fraser MacMillan, B.A., Harry Jamieson and Justin Conrad Jordan, B.A.

Already 25 other ranks have been enlisted but there are still vacancies for 85 more to complete Prince Edward Island's 110 out of 155 per cent of emergency training units allotted to Nova Scotia. Thus it will be seen that this province because of its proud record in the artillery units of the Great War has been singled out to recruit the largest proportion of this most interesting and active branch of artillery.

The officers are young men of splendid ability and that they will bring down some of the big bombers. Those who do man anti-aircraft batteries say that it is the biggest thrill of one's life to register a hit on a Hun machine.
