NOT MAPLE SYRUP SO DEALER FINED

Under the provisions of Section 4
of the Maple Syrup Industry Act,
P. O. Box 4302, Brantford Street,
Montreal, was convicted and fined
\$15 and costs. This was a particu-
larly interesting case in that the de-
fendant used second-hand maple
syrup containers which had been
previously labelled. These he filled
with imitation maple syrup, selling
it as pure maple syrup. The action
was for selling adulterated maple
syrup, the syrup in question con-
taining no maple but being repre-
sented as pure maple syrup.

pleased audience on Tuesday eve-
ning where they thoroughly en-
joyed the concert under the aus-
pices of the Carry On Canada Corps
from Charlottetown. For Red Cross
purposes, Dr. Robins of Charlottetown
acted as master of cere-
monies and introduced in a few
appropriate remarks Hon. Dr. Mc-
Millan, the speaker of the evening,
who in his speech, a fine new
concert, was enthusiastically wel-
comed by the Red Cross
and pressing the need for still
further assistance from this fair
province. All performers who took
part, before leaving on return to
Charlottetown were pleasantly en-
tertained at refreshments at the
spacious home of Mr. and Mrs.
James Jardine by the ladies of
Kensington. H.

FIND CHARRIED BODIES
CRANBROOK, B. C., Oct. 3.—
(CP)—British Columbia Police
said tonight the charred bodies of
two men had been found in the
ruins of a house which burned
down under "suspicious circum-
stances" in the Lake Windermere
District north of here, and one of
them had been identified as that
of Harold J. Forester, one-time
member of the British Columbia
Legislature.

Identification of the second body
could not be made immediately,
but police believed it may be that
of John Lundy, 80, who lived with
Forester.

U. S. Speeds Up Two-ocean Policy

WASHINGTON, Oct. 3.—(AP)—
The United States navy gave em-
phasis to its two-ocean policy to-
day with preparations for putting
its Atlantic forces on a more for-
midable footing, and the announce-
ment that the commander in
chief of the main fleet is coming
here from Hawaii for conferences
on the general situation in the
Pacific.

Navy Secretary Frank Knox
contributed to the interest in the
coming visit of Admiral James O.
Richardson when he told a press
conference yesterday that he
thought a suggestion for a naval
good will cruise to Australia and
New Zealand on the subject.

Plans for establishment of "a
newly organized force" in the At-
lantic were disclosed by the Navy
Department. The squadron, to be
known as "the patrol force, United
States fleet", will consist of
more than 125 vessels and the ne-
cessary complement of aircraft.

There was no indication in navy
circles whether creation of the new
force had any connection with the
mutual assistance pact among
Berlin, Rome and Tokyo. An At-
lantic squadron has been in ex-
istence two years, but the new
organization is designed to streng-
then it and unify its command.

Two other developments of the
day dealt with Atlantic defenses.
Knox said his department would
not "let any grass grow under our
feet" in the speedy development
of the Atlantic bases acquired
from Britain last month. Plans for
improving the first of the eight
bases already were under way, he
reported.

Mayor La Guardia said at Bos-
ton last night that the work of
the joint Canadian-American de-
fence board had reduced the prob-
lems of New England's defence
"to a minimum."

Proposal For Women's Auxiliary Corps Heard

By Edwin S. Johnson
Canadian Press Staff Writer

SOMEWHERE IN ENGLAND,
Oct. 3.—(CP)—Three young women
from British Columbia, now driv-
ing transports in England are con-
sidering the time has arrived for or-
ganizing an all-Canadian Wo-
men's Auxiliary Corps. The girls
came overseas last February. They
are Gladys Hindmarch, former
newspaperwoman from Nanaimo;
Peggy Moore, Dangan, and Kay
Yeo of Parksville, B.C.

When they left their Canadian
homes they had planned to link up
with the 1st Canadian Division but
in Germany when Ribbentrop, the
German foreign minister, started
his recent series of axis consulta-
tions with Ciano, the Italian for-
eign minister, culminating in the
German-Italian-Japanese alliance

ROME, Oct. 3.—(AP)—Ramon
Serrano Suner, Spanish Interior
Minister, postponed tonight
scheduled departure for Madrid a-
mid unofficial forecasts of a new
onset between German and Italian
leaders.

Fascists, who said "the series of
Italo-German meetings is not yet
concluded" withheld any indication
as to where this prospective con-
ference would be held, but indicated
that it was imminent.

Whether negotiations with Spain
in its role in the war would be a
subject of the talks was not dis-
closed.

The newspaper Tribuna said, how-
ever, that Serrano Suner might not
leave Rome even tomorrow. He was
in Germany when Ribbentrop, the
German foreign minister, started
his recent series of axis consulta-
tions with Ciano, the Italian for-
eign minister, culminating in the

105 U. S. Army Tanks Cross Into Canada

DETROIT, Oct. 3.—(AP)—One
hundred and five United States
army tanks designated for troop-
training use in Canada crossed the
international border in two ship-
ments today while railway officials
ordered photographers away.

Loaded on flatcars, 24 tanks were
taken to Windsor, Ont., this morn-
ing and 81 followed this morn-
ing. Their destination was be-
lieved Camp Borden.

The tanks of the six-ton type,
came from the United States Ar-
senal at Rock Island, Ill.

Half of that amount will be for-
warded to London's Lord Mayor
to aid in alleviating distress due
to bombings, while the Red Cross
will receive \$650. Balance of the
contribution will be used for a
special worthy cause.

Starting in the ranks, the idea
was endorsed by the officers and
the Camp Commandant Lt. Col.
John Jeffrey, M.C., O.B.E.

PLEADS GUILTY
MONTREAL, Oct. 2.—(CP)—De-
scribed by police as the "terror of
taximen," Georges Bouchard, 20,
pleaded guilty today before Judge
Jules Desmarais on charges of
armed robbery of nine taxicabs dur-
ing the past month, and on
one charge of attempted armed
robbery. He will be sentenced Oct. 4.

OTTAWA, Oct. 3.—(CP)—As
wheat continues to move in large
quantities from Canadian prairie
farms to elevators, Trade Minister
MacKinnon today assured mer-
chants they can act as warehouse-
men for wheat growers by taking
their wheat as security for credits.
The merchants will be able to store
the wheat in their premises and
turn it over for cash to elevators
when space becomes available.

Joint Defense Bd. In Nova Scotia

BOSTON, Oct. 3.—(AP)—Having
reduced the problem of New Eng-
land defence "to a minimum," in
a speech made at a luncheon, the
Canadian-American joint defence
board continued deliberations to-
night well out of that section of
the North Atlantic it intends to
bar against any possible invasion.
The board, called by passenger
steamships for Nova Scotia after
an all-day session at the Boston
navy yard, at the conclusion of
which Mayor La Guardia of New
York, chairman of the American
section, said such progress already
had been made that the defence
of New England has been moved
many miles to the east. He
added that "actually defending
the coast" is no longer "a prob-
lem."

Both American and Canadian
spokesmen referred to Japan's re-
cently announced alliance with
Axis Powers.

"By reason of what happened
in Europe a few days ago," La
Guardia said, "we must expedite
plans for west coast defence."

Col. O. M. Biggar, head of the
Canadian section, added that the
Dominion already had concerned
itself with that problem.

Landed at Yarmouth
The New York Mayor said that
after a shipboard session tonight,
the board would land at Yarmouth
in the morning and motor to
Halifax.

Limitation of time, La Guardia
explained, prevented an inspection
of other naval and military es-
tablishments in New England. But
he said he expects to return soon
and to pay particular attention to
airports in the region. He declin-
ed to discuss the possibility of
joint use of flying fields by Can-
ada and the United States.

Spokesmen for both countries
declined the board's primary con-
sideration is defence of the North
American continent. Many of the
board's recommendations have
been adopted and are under way,
La Guardia said, and some "actu-
ally have been consummated."

However, Col. Biggar asserted
the board was "concerned so far
with direct defence of this con-
tinent" and La Guardia added
that "we can deal with any threat
against North America."

When they left their Canadian
homes they had planned to link up
with the 1st Canadian Division but
in Germany when Ribbentrop, the
German foreign minister, started
his recent series of axis consulta-
tions with Ciano, the Italian for-
eign minister, culminating in the

N. B. Potato Crop Prospects

FREDERICTON, N. B., Oct. 3.—
(CP)—With two cargoes, the first
in several years, already shipped
New Brunswick is again making a
bid for a spot in the South African
potato market. It was learned from
C. H. Godwin, of the Dominion
Seed Potato Certification Service
today. Export to South American
markets he said is getting well
underway with several cargoes of
Bliss Triumph already delivered to
Cuba. Three cargoes are being as-
sembled here went on for the South
American trade and shipments are
going forward as regularly as war-
conditions will permit to the Do-
minion Republic. A cargo had
gone to the Florida market while
others are moving into Maine.

Harvesting of the crop is in full
swing, he continued, with the
average yield running approxi-
mately 275 bushels per acre, a
slightly higher yield than last year.
The condition of the crop is good
with some rot being found in
fields that have not been thor-
oughly sprayed. Due to weather
conditions in September, late
blight was more noticeable this
year. There was less bacterial ring
rot found on field inspection.

Leaf-roll, however, was discovered
to be still prevalent in certain sec-
tions of the St. John Valley.
Acreage entered for inspection

Bomb Splinters

By D. E. BURRITT
Canadian Press Staff Writer
LONDON, Oct. 3.—(CP)—Bomb
splinters from the Battle of Britain
Dr. Henry Wilson, Bishop of
Cromford, objects to the wall of the
air raid siren because it "has no
note of ray defiance."
"I am not merely flippant," he
writes in the diocesan letter, "when
I suggest that a gay cock-a-doodle-
do repeated half a dozen times
would be in the nature of a war-
cry to keep our courage up in the
of the doleful wail which depresses all
but the most stout hearted."

Workmen installing an Anderson
shelter in a Ramsgate garden, came
across an unexploded bomb. It
turned out to be a dud, and was
dropped during the last war.

Mrs. E. Edmondson, of London,
sent two shillings six pence to Lord
Buckingham today for the purchase
of an airplane. A letter accompany-

ing her donation said:—

"Knowing the quality of your
splinters, I feel with some confi-
dence that I can safely look for-
ward to celebrating my 67th birth-
day Oct. 15."

Royal furniture from Windsor
Castle has been given by the King
and Queen to the Mayor of Windsor
for use of air raid evacuees from
London. The crop of grapes from
the Royal vine at Cumberland
 Lodge, Windsor, has been sent to
war hospitals and charitable institu-
tions and distributed among child
evacuees.

HAMILTON, Ont., Oct. 3.—(CP)—
Members of the internal manage-
ment committee of the Hamilton
Board of Education decided tonight
that the suspension of 26 public
school pupils who refused to take
part in patriotic exercises will stand
and the absence of the pupils will
be reported to the school attendance
officer for action.

"The trustees agreed that was as
far as their jurisdiction would per-
mit them to act, and if charges
were to be laid under Defence
Canada Regulations, that was a
matter for other authorities."

Board chairman, Dr. W. L. White-
lock, reported before the meeting a
reply of Attorney-General Conant
as well as reports from Provincial
Police of education would permit
of the children and said the warn-
ings of the suspended children
either are or were members of the
Jehovah's Witnesses.
