Irish Deportee Back At Home

GALWAY, Ireland, April 11—(By Canadian Press Cable)—Catherine Carr, the pretty 24-year-old Irish girl who crossed to Canada hidden in a ship's lifeboat with only two loaves of bread to eat, returned back to this side today aboard the liner Scotia.

She was still suffering after effects of the westward crossing in which she endured bitter cold, and it was said that several toes of her right foot, which was badly frozen, might have to be amputated when the ship reaches Liverpool, her destination.

The deportee was well-treated on the return voyage, she said. The ship's passengers presented her with something over \$2, proceeds of a collection.

She told reporters she came to Belfast at Christmas, after four years in Canada, but when her money ran out decided to go back to the Dominion. She hid in the lifeboat of a cargo vessel and stayed there despite hunger and extreme cold and exposure for two weeks, until the vessel was in sight of Halifax, where she was taken ashore and held in immigration hospital until she was placed aboard the Scotia.

Urges Establishment Of Livestock Marketing Board

OTTAWA, April 11—(Canadian Press)—The "commission man" had his innings before the House of Commons today when the committee on livestock marketing was held in the House.

The commission man, who is the link between the producer and the consumer, is a man who has been in the business for many years. He is a man who is well known to the public and who is well respected by the producers.

The commission man is a man who is well known to the public and who is well respected by the producers. He is a man who is well known to the public and who is well respected by the producers.

MINING CO. SHOWS PROFIT

(C.P. By Guardian's Special Wire)

MONTREAL, April 11—Consolidated Mining and Smelting Company of Canada Limited, reporting to shareholders for the fiscal year ended December 31, 1933, shows net profits after all charges excepting income and mineral taxes of \$1,066,775, the equivalent of \$1.62 on each of 661,478 shares of common stock outstanding. In the previous year, the company reported a deficit of \$2,800,376 while in 1931 it had a deficit of \$800,026.

At the same time, the report shows improvement in the working capital position. The net excess of current assets over current liabilities at the close of the year was \$1,040,594 as compared with \$7,973,033 in 1933 and \$8,199,117 at the close of 1931.

The improvement in the year's results, J. J. Warden, President, says in his remarks, can be attributed to better metal prices, appreciation in sterling and reduced costs.

Sales for the year totalled \$14,755,892 as compared with \$11,722,294 in 1933 and \$15,979,945 in 1931. Production of lead, bismuth, zinc, cadmium and silver showed gains in

Would Call Imperial Conference

LONDON, April 10—(Tuesday)—(Canadian Press Cable)—The News Chronicle, London, editorially said today it understood the Prime Minister of Canada, Australia and New Zealand would ask soon that the British Government call an Imperial Economic Conference before the Ottawa Conference agreements, relating to duty preferences expire. The agreements expire in June 1935.

The newspaper added it has been said freely in Dominion circles that Walter Elliot, Minister of Agriculture, is determined to secure next year wholesale restrictions of imports of dairy produce from the Dominion. The feeling persists, nevertheless, it said, that Chancellor of Exchequer Neville Chamberlain and other Conservative Cabinet members, while they sympathize with the British farmers' wish to reduce competition from the Dominions, are not anxious to precipitate unfriendly Imperial relations now threatened as a direct result of Ottawa.

The newspaper concluded it would be advantageous from the standpoint of the Dominions if a special conference was held to consider the situation that will be created when the agreements expire.

WAS STRONG SKATER

Forty-two years ago yesterday Mr. John Mills of this city skated to Mount Stewart in fifty minutes. A record which has never been equalled.

HOME FOR BURIAL

The remains of Mrs. Stanley Wedlock, who passed away at Brantford were yesterday morning forwarded to Arlington Heights, Mass. for interment. The remains were accompanied by Mr. Ira Clark.

PAINFUL INJURY

Mr. Jas. B. Jay, (Morell, representing Bruce Stewart & Company, Ltd., had the misfortune of slipping on a patch of ice while in the city Tuesday, suffering a sprained ankle. He is confined to his room in his hotel.

SOCIAL EVENING

A very enjoyable social evening was held in the Holy Redeemer Parish Hall Tuesday night when almost two hundred people took part in bridge and auction. During the evening the young ladies in charge served a delightful lunch. Following were the prize winners: First ladies' prize in auction, Mrs. Alys Arreault; gentlemen, Mr. J. E. Tremblay; or. Bridge, Miss Alice Garrett and Mr. Richard Curley. Prizes-out, Mr. Peter Gallant.

A BRILLIANT STUDENT

Word was received in Amherst yesterday that Allison H. Johnson, M. A., son of Mrs. Lena Hearst Johnson, had been awarded a \$700 Fellowship by the University of Chicago. This brilliant student will be graduated from Emmanuel Theological College, Toronto, this spring and will be ordained into the ministry of the United Church at the Maritime Conference in June. He will leave in the fall for Chicago to take the Ph. D. course. His career as student has been a progressive one, being a graduate of Cumberland County Academy, a B. A. of Mount Allison University, and an M. A. from Toronto University-Sackville Post. Mr. Johnson has many friends in this city and Province.

NOETH WILTSHIRE W. I. SUPPER

The North Wiltshire Women's Institute supper, which was held in the hall on Easter Monday night was a grand success. The large audience enjoyed the program, as well as the presentation of the hockey trophy, to the Wiltshire Hockey League. The trophy was donated by Balderston Bros, who also bought tickets for the sixty players in the league, and the presentation was made by Mr. L. L. Jenkins. After complimentary speeches were made by the captains of the teams, three cheers and a tiger were given for each team, also for Victor Desnon, the highest scorer in the league, and for the Women's Institute. The delicious supper was widely commented on, and the ladies concerned are to be congratulated on the success of the affair both socially and financially.

DISPUTE CLAIM OLDEST TWINS IN MARITIMES

TRURO, N.S. April 11—(Canadian Press)—Mrs. Job Dault of Pleasant Valley and Mrs. Thomas Brenton of Brentwood, 92, are not claiming the title of the Maritime Province's oldest twins but they can't let those youngsters Henry Albert Graves of Halifax and Mrs. Rhos Simms of Liverpool, 83, get away with anything.

Mr. Graves and Mrs. Simms, who were born in Chester, N. S., were referred to on Saturday as "the oldest twins in the Maritimes" and "active and hearty."

But Mrs. Dault and Mrs. Brenton are nearly 10 years older and they too are active and hearty, both doing and looking after their household duties. They were born in Brentwood and have lived within a few miles of each other in Colchester County all their lives.

Not Frying Claims

Their many friends in the county would even go so far as to say they are the oldest twins in the Dominion, but Mrs. Dault and Mrs. Brenton are not fying any claims. A few weeks ago they might have, but startling news has been published since then. The papers say the first 10 people to receive old age pensions in Nova Scotia under the system inaugurated this spring are over the century mark.

Mrs. Florence Collins of Scottsville, Inverness County, for instance, is 108. She got the first pension. The news went to Mrs. Mary MacAnlay, South Cove, Victoria County, 105, and the third to Mrs. Mary Ann Cummings, Port Hawkesbury, Inverness, 103, and so on down the list. And the danger of claiming a title is that one of these centenarians might have a twin.

FALL FATAL: IS CAUSE OF DEATH

LONDON, April 9—(Canadian Press Cable)—A verdict of accidental death was returned at the inquest at Farnington tonight on a Canadian woman, centenary, Mrs. Mary Jane Nisbet, aged 104, who broke her leg in a fall at an aged person's home in January and died on Saturday from bronchial pneumonia.

Mrs. Nisbet came to London four years ago from Switzerland. Many years ago in Canada her father owned a fleet of sailing vessels which carried many cargoes of grain from Canada to Liverpool. Despite her great age Mrs. Nisbet retained a keen memory and delighted in recalling her experiences while rounding Cape Horn in a sailing vessel 70 years ago. She also remembered the roasting of an ox during eastern Canadian celebrations on the occasion of the accession of Queen Victoria to the throne—97 years ago.

GOVERNMENT MARKETING BILL APPROVED

(C.P. By Guardian's Special Wire)

KENTVILLE, N.S. April 11—The Federal Government's marketing bill was unanimously endorsed by the Board of Trade in executive session here today. The meeting answered in the affirmative the majority of clauses in the questionnaire sent out by the Canadian Chamber of Commerce. Executives of the growers and shippers' associations will consider the bill tomorrow.

WOULD CALL IMPERIAL CONFERENCE

(C.P. By Guardian's Special Wire)

MONTREAL, April 10—Dates of the national meeting of the Canadian Authors Association, to be held at Devil's Lake Camp, Lake of the Woods, Ont., are June 27-30, former President Howard A. Kennedy announced here today.

It had previously been erroneously reported that the Association would meet on June 8-9.
