ATTRACTIVE SALE — House furniture, tomorrow, Wednesday, at the residence of late Mrs. Carter, King's Square. 5455

S. S. RALLY—The Sunday School workers of Southern Kings will hold their annual convention in the United Church, Murray Harbor, on Friday, Oct. 16th. Two sessions, 2.30 p.m. and 7.30 p.m. Rev. Frank Milligan will speak at both sessions.

MARSHFIELD UNITED CHURCH—Service on Sunday at 11 a.m. at which the ordination of Elders will take place and the Sacrament of the Lord's Supper administered. Preparatory service on Friday evening at 7.30. Session to meet at 7 p.m. Friday. Hubert T. Smith, Pastor.

WELL KNOWN HERE—It is with deep regret we chronicle the death of Capt. Wm. Mockler of Brule, N. S. Capt. Mockler was a former St. Dunstan's University student and after following the sea for many years, retired to live in his native province. Capt Mockler is a brother of Mrs. (Judge) Reddin, Upper Prince St.

LEAVES FOR NEW PASTORATE—Rev. D. M. Lamont, Mrs. Lamont and their son and daughter, Miss Margaret and Mr. James left yesterday afternoon by automobile via Borden, for Boulardarie, C. B., where Mr. Lamont takes pastoral charge of the Presbyterian congregation, and will be inducted on the 20th. The departure of the Rev. Mr. Lamont is a distinct loss to the City of Charlottetown and the Province where he has labored for the past six years. Their many friends will follow Mr. and Mrs Lamont and family to their new home with their prayers and best wishes for their future happiness and continued usefulness.

"THE WATER SPRITE" IS POPULAR STORY IN COLOR CUT-OUTS.—Imagine trying to have to dip up water out of a well with a bucket that has no bottom! Of course you'd say it couldn't be done. But that's a task set for one little brother and sister in that delightfully appealing fairy classic for children—"The Water Sprite", a story that will live as long as childhood lives. And it is the subject of this week's Color Cut-Out which not only gives the story, but gives the characters as well, which children may clip day by day and have a wonderful paper doll series. Turn to Page Two and meet the first of these characters today. Others will be published daily for two weeks.

60TH ANNIVERSARY—Mr. and Mrs. J. A. Lawson, city, celebrated the 60th anniversary of their wedding on Monday last, Oct. 5th. A number of friends gathered at their home in the afternoon and evening to congratulate them and to extend best wishes. It was regretted that all the eight children of the family could not be home for the occasion as it was possible for only four to be present, viz: Mrs. W. D. Lockett, of Bridgetown Annapolis Co., N. S., Mr. W. C. Lawson, Manager of the Bank of Commerce in Alberton P. E. I. and his wife and family of six children, Mrs. Ethel Rogers, city, and her two children, and Miss Louise Lawson who resides at home. Both Mr. and Mrs. Lawson are over 80 years of age but they have splendid health and hope to enjoy many more years of wedded bliss. It is a remarkable event—one that comes to only a few married couples—and there will be hosts of friends in city and country to extend congratulations.

TO LOOSEN CAN TOPS.

Sometimes the cover of a mustard, jelly or pickle jar is very difficult to remove. It can be loosened by lighting a match, holding under the cover edge and rotate the can until the edge of your cover is heated all around. The heat expands the cover and permits it to come off easily.

So Enterprise Furnaces Adopted Robb Coal Carburetors

Furnace makers are experts on furnace.... efficiency..... They.... are anxious to have their furnaces the most economical on the market...

That's why Enterprise is now supplying them built into every furnace they make. They did this after exhaustive tests that proved this new invention would save at least one ton of coal in five.

Theyre guaranteed to do that. Or you get your money back.

And they not only cut down the tons used, but the cost per ton. For you can use soft coal successfully with them, instead of the expensive imported kind.

Dan Robb

SAVING 333 TONS A YEAR!

A Test made at the Albert Manufacturing Co., Ltd., Hillsboro, N. B., showed a saving of coal at the rate of 333 tons a year with the Robb Coal Carburetor. Householders save proportionately as much as big users.
