**Big Increase In Power Output**

OTTAWA, Ont., March 29.—(By The Canadian Press)—Canada's power industry made an excellent showing in February, demonstrated by a gain over the same month of 1931 in the output of electric energy according to a report issued by the Dominion Bureau of Statistics. Power energy now enters so largely into the scheme of modern existence that it is recognized as a basic commodity and barometer of trade. For the whole Dominion, the average daily output generated by water power and fuel during February was 45,852,000 k.w.h., compared with 45,793,000 in January. The daily output from water power alone was 44,816,000 k.w.h., compared with 44,699,000 in the preceding month. The greatest advances were in the Prairie Provinces and the Maritimes 32 and 51 percent, respectively. There was a decline in the export however, of 63.9 percent, as compared with February 1931, from 154,461,000 k.w.h., to 52,422,000 in February, 1932.

**KENSINGTON**—On Good Friday Mar. 25th there passed to the higher life, Minnie A. G. Jenkins beloved wife of Mr. J. B. Millman aged fifty-three years. Mrs. Millman was ill for a brief two weeks with pneumonia, and everything that medical skill and trained nursing could do to prolong the cherished life was done but of no avail and the bereaved ones can only bow in submission and say "Thy will be done". Besides her husband Mrs. Millman is survived by five daughters, Marian who is at present receiving treatment in the Provincial Sanatorium, Anna, Marie Jean and Joyce at home, also five sisters Mrs. Locke Jones and Miss Mary Jenkins of Pownal, Mrs. Fred Walton of Brighton Mass, and Mrs. Frank Gould and Mrs. Fred Dalrymple of Freeport Maine and an only brother Mr. Samuel Jenkins of Pownal. The funeral was held in St. Mark's Church on the afternoon of Easter Sunday March 27th, and was very largely attended. The service was conducted by the rector Rev. G. T. Spriggs assisted by Rev. W. S. Loring and Rev. G. N. Somers and the interment was in Kensington Cemetery. The pall bearers were Messrs Gordon Glover, Emery MacFarlane, John Dugan, Hedley Paynter, Cyril Kenny, and Locke Jones. Many beautiful floral tributes were received which bore eloquent testimony to the honor and respect in which the deceased and her family are held. "And we also bless thy holy name for all thy servants departed this life in thy faith and fear, beseeching Thee to give us grace so to follow their good examples that with them we may be partakers of Thy heavenly kingdom."

**ST. CATHERINES INSTITUTE**

The regular monthly meeting of St. Catherines Institute met at the school house on March 10th with an attendance of ten members and one visitor. The president Mrs. John McEachern presided over the meeting which opened by singing "It is a Good Time to get Acquainted", followed by repeating the Creed in unison. Roll Call was responded to by each member asking a question. \$4.00 was voted to buy three books containing a play. A letter was read by the secretary from the Sanatorium and it was decided to send \$1.00 for mattress covers. The secretary reported having received the government grant. A bill was presented for paint which was ordered to be paid. A nice program was carried out by the secretary reading the questions contained in the box and which were discussed by the members present. Next meeting to be held in the school house, Roll Call to be answered by "My Name Contest". A dainty lunch was served by Mrs. MacMorrow, assisted by Mrs. J. McEachern. Meeting closed by singing the National Anthem.

On Wednesday night, March 16th the Young People's Society and Baptist Hockey team met in their final game of the season to decide a winner for the "mythical" cup and "what have you." Two games were played to decide the winning team, goals to count. The first game ended in a tie 3-3, the last and deciding game was won by the United Boys by a score of 3-1. The game got away at 8.30 p. m. with Donald MacLeod on the whistle. Play see-sawed from end to end and the United Boys were marking their men well, also boring in over the opposing blue line and giving "Watchful Willie" many anxious moments, but he stopped a la bubar and cleared well with the result that the first period went scoreless. The second period opened very fast with the Baptist boys breaking the goose egg by drilling one by two position Thompson, who was playing in the nets for the United team, with Cameron the regular goalie playing out. A minute later Cameron of the United boys banged in the first counter for the United boys on his own rebound, thus tying the score and a few minutes before the bell, ending the second period E. Clark, left winger of the United and a second "Pop Kerr" drove a hard one from the left alley well inside the blue line which William mistook for part of a planet from other spheres, with the result the puck found a gentle resting place in the draperies, so ended the second canto 2-1 in favor of the United hockeyists. The third period was a bang up good period with many a trip to "sinner's avenue" for some of the boys, who persisted in frustrating his opposing candidate's ambition by slashing, tripping, checking into the boards etc. The United boys again scored one in this period, after which they contented themselves with banging the puck to the other end, and playing a strictly defensive game. So ended the scoring and game 3-1 in favor of the United boys. After the game "Dad" Lyman, Hall Fellow Well Met, and an all round good sportsman presented the winners with a nice box of chocolate bars and paid the boys a compliment on their good hockey and good sportsmanship, also saying he hoped to see lots more hockey between the two teams next winter. The boys gave "Dad" a rousing good cheer, as he left the ice, and so fans ended a season of real good hockey, and may we see more another winter. Au revoir.

The line up was the same as published before in the other matches.

**Storm Sweeps Over New York State**

(Canadian Press)  
 BOSTON, Mass., Mar. 29.—Spring in Northern New England was subdued completely last night by a blizzard which started nearly 24 hours previously and increased in fury as it continued.

From Montpelier, Vt., north to Newport, near the Canadian border, the worst storm in years was reported. Driven by a howling gale the snow drifted to the depth of several feet, blocked country roads, disrupted bus service and crippled highway traffic.

The precipitation ranged from 10 inches in the city to 18 inches in rural districts. At Mt. Holyok, Vt., a horse and sled were forced into service to transport mail from the postoffice to the railroad station

because the conditions of the road made motor traffic impossible. Fear was felt for the safety of motorists on the highways because plows were unable to cover more than a few miles in several hours. At Fair Haven, near the New York state line, several automobiles were abandoned when headway became impossible.

night the object of one of the most intensive manhunts in the history of the Pacific coast, and he has declared that he will never be taken alive. In a matter of fact tone and without any attempt at braggadocio, Bagley stated to Game Warden W. Cameron, of Ladner, whom he held captive for five hours Saturday, that he would "shoot it out" if cornered. The wounded Maxwell is not expected to live. Gordon Fawcett, companion of Bagley since they escaped from Oakalla jail here early in January, was captured Saturday night just as he was about to leave a local hotel in a car laden with munitions to rejoin Bagley. He did not get a chance to draw his gun.
