FOR SALE — REGISTERED
 Shorthorn Dual Purpose Bull, suitable for Institute, purchased at a high figure a Quebec type. Whitefaces as Platinum although the white markings. Some were annoyed when told that their foxes were not Platinum but Whitefaces although today almost everyone knows the true facts. Later when a wide awake rancher near Charlottetown, realizing that he should get as near to the Platinum as possible, purchased at a high figure a Quebec type Silver Platinum male he was criticized severely by many. They would say: "My Whitefaces are as good", but later the sales proved the difference and many of these same men who would not have a Quebec type in their ranch, have them.

Today, most all ranchers who have seen Norwegian Platinums admit that they are the most beautiful of the freaks. A few may not admit the truth. Not many Norwegians are in the United States, few are on the sales but the HIGHEST PRICED FELT IN THE UNITED STATES IN 1944 was a Norwegian.

Very few Norwegians are in Canada and as they are sold as breeders, practically no pelts are on our markets. A few have been placed on the shows in Ontario and Quebec and have won championships. Even the alert founders of the Quebec Silver Platinum has Norwegians and has won a reserve championship with one.

I have a few Norwegian Platinum males and females for sale. Also LaFores, Pearl Platinum, a few choice Silver Muttart breed males and Teabie's breed Ringnecks.

STOCK QUOTATIONS

Stock Markets At A Glance

LONDON, Nov. 14 — (CP Reuter)—With the post-war outlook for industry regarded as rather cloudy, operators in the stock markets today showed a disposition to await fresh developments. Business was rather quiet but the undertone was mainly steady.

CHICAGO, Nov. 14 — (AP)—Weakness in rye futures influenced all grains today and the market closed substantially lower than yesterday's close. Rye led the break, being as much as 4-3-4 lower at the start of the last half hour, but displayed some rallying power that had been previously absent.

WINNIPEG, Nov. 14 — (CP)—Rye futures prices slipped as much as 3-5-8 cents today in a spirited session on the Winnipeg Grain Exchange.

Towards close the market made a partial recovery in sympathy with a similar trend at Chicago and closed 3-1-2-2-5-8 lower with Dec. 1.09 1-2, May 1.07 38, July 1.05 18.

Norwegian Platinums For Sale

Eventually you will own a Norwegian; why not now?

In 1940 the first Norwegian Platinum skins were offered for sale outside of Europe. Being in New York at the time I was the first resident of Canada to see these most beautiful of pelts. I decided when opportunity presented I would buy a Norwegian male. When the pelt sale was held these real platinum pelts brought high prices showing that platinums were liked by the buyers, one brought the fancy price of \$11,000.00, in those days many thought of the "Marked Silver" or Whitefaces as Platinum although the only resemblance was the white markings. Some were annoyed when told that their foxes were not Platinum but Whitefaces although today almost everyone knows the true facts. Later when a wide awake rancher near Charlottetown, realizing that he should get as near to the Platinum as possible, purchased at a high figure a Quebec type Silver Platinum male he was criticized severely by many. They would say: "My Whitefaces are as good", but later the sales proved the difference and many of these same men who would not have a Quebec type in their ranch, have them.

POLICY VINDICATED

ACORA (CP)—The policy of encouraging increased food production in the Gold Coast has recently been strikingly vindicated. A drought in the Entebbe caused a shortage but there was no famine, food being sent there from other parts of the Territory.

NORTHMOOR GREEN, England—(CP)—Residents of this Somersetshire village recently ate up a 70-pound cake when commemorating their church which commemorated its 100th birthday.
