

SUFFERED TORTURES FOR 70 YEARS

Wife of a Prominent Physician Tells How She Was Cured.

Mrs. J. R. Flock is the widow of one of the best known physicians in London, Ontario. She was treated by her husband and many other medical men yet never received any lasting benefit. Just by accident, she tried a well-known remedy, and now, after 70 years of suffering, she is well. Read her letter to Fruit-a-tives Limited.

"Dear Sirs,—Since my early childhood (and I am now in my seventy-third year) I have suffered indescribable torment from stomach trouble and indigestion, complicated with liver disorders. Being the wife of a prominent physician (the late Dr. J. R. Flock), I, naturally enough, had a prejudice against proprietary remedies. I was, however, unable to benefit to any great extent through the ordinary remedies of physicians, being constantly in delicate health from stomach disorder and vomiting. Accidentally I came into possession of a sample of "Fruit-a-tives"—tried them, and found myself wonderfully benefited. I take them now as my only medicine and they are keeping me in the most satisfactory health.

After finding out the wonderful medicinal qualities of "Fruit-a-tives" I have recommended them to many of my friends and acquaintances, who have also had the best results from their use—and one lady friend that I have recently recommended them to, has used them for Scatica, from which she suffered constantly and was unable to procure any remedy that would relieve her. She is now taking "Fruit-a-tives" and is cured.

I am glad to be able to recommend "Fruit-a-tives" and will be glad if you will use my name in any way that will be the means of bringing your remedy before the public."

Cresolene is a boon to Asthmatics

Does it not seem more effective to breathe in a remedy to cure disease of the breathing organs than to take the remedy into the stomach? Vapo-Cresolene because the air rendered strongly antiseptic is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.

Those of a consumptive tendency find immediate relief from coughs or the flamed conditions of the throat.
