The Light That Most Nearly Resembles Sunlight

There's no artificial light used that can begin to compare with that given out by acetylene.

Acetylene more nearly resembles sunlight than any other known commercial illuminant.

And we all know that sunlight is the only perfect light.

Therefore, the nearer any artificial light can be made to resemble sunlight, the more nearly perfect it must be.

Sunlight is the standard by which we judge the true tone of colors.

Any artificial light, which shows up colors differently from what they appear under sunlight, is unnatural.

Colors can be matched, and their true shades defined, quite as well under acetylene as under sunlight.

More than this, plants grow almost as well under the influence of acetylene as they do under sunlight.

No other known commercial illuminant can make these claims.

There are different grades of acetylene—depends upon the quality of the carbide used.

S Calcium Carbide is the best.

THE GUARDIAN COVERS THE FIELD

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada.

With a daily circulation of its morning and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community.

Charlottetown has a population of 12,000 and Prince Edward Islandhas 103,000. The Guardian's daily circulation is therefore 1 to 1½ of population in the city in which it is published, or 1 to 13 of the population of the Province. This is, the management believe unequalled by any daily newspaper published in Canada.

Take one or two comparisons with other leading newspapers in other cities and Provinces.

St. John has a population of 40,000 and the Province of New Brunswick 320,000 St. John has five newspapers and among these The Telegraph and The Sun are perhaps the foremost. Each claims a circulation of about 8,000 or say as 1 to 5 of the population of that city and 1 to 40 of the population of the Province.

Or again: Toronto has a population of some 250,000 and the Province of Ontario about 2,225,000. The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals. The Globe is published daily circulation is slightly under 50,000. That is as 1 to 5 of the population of Toronto and 1 to 44 of the population of Ontario.

The point is this that The Guardian covers the field of its circulation three and a half times as well, if compared with population of the city, and over three times as well, taking the population of its Province, as the best New Brunswick and Ontario daily newspapers, and these are admittedly among the best in Canada.

These facts are printed in no spirit of boasting, but for the satisfaction of Guardian readers and advertising patrons alike. They have a right to know how completely their favorite Journal's endorsed by the reading public among whom it circulates and how completely it covers the field as an advertising medium in this City and Province.

50,000,000 FOR ADVERTISING

"James B. Duke, the tobacco king of Long Branch, New Jersey, recently claimed in an interview that he had spent more money in advertising than any other living man. He said that the figures would reach fifty million dollars.—Newspaperdom.'

Yet James B. Duke is to-day one of the wealthiest men in the world. When you see a liberal advertiser you see a rich man. The business man who in this age of advertising is afraid to invest his money in ublicity will never accumulate a fortune.

PIMPLES

ALTHOUGH NOT A DANGEROUS DISEASE, ARE A VERY TROUBLESOME AND UNSIGHTLY AFFLICTION . . .

They are caused by either poverty or impurity of the blood and require the prompt use of a good blood medicine such as Burdock Blood Bitters, for their eradication, which it speedily accomplishes, at the same time strengthening the entire system. Pimples also often arise from dyspepsia and constipation, and in these cases Burdock Blood Bitters has the double effect of removing the pimples together with their cause.

Mr. D. P. Sammon, Osceola, Ont., writes: "I was troubled with pimples all over my face and hands. I paid out money to doctors but they could do me no good. A friend convinced me to try Burdock Blood Bitters, and after using two bottles the pimples vanished, and I have not been troubled with them since."

Burdock Blood Bitters may be procured at all Druggists and Dealers.

WE PUT ON SALE TO-DAY, Twenty-seven (27) Russian Orenburger Neck Furs at $15.00. Those furs are famed for their elegance, beauty, and remarkable nearness in appearance of Mink. Those pelts are not dyed, being made from the natural just as they came from the animal. A great many ladies of Charlottetown and country have seen those furs, and are unanimous in their opinion as regards their distinctiveness. We do not think this line of furs is shown on P. E. We have also added about a dozen Columbia Sable and Sable Fox Ruffs and Collarettes, so as to allow the lady who prefers the darker Furs to participate in this wonderful offer James Paton & Co. 11-7drtf
