THERE were 80 passengers going and 50 returning by the Empress last night.

ALFRED AND AMOS MCWILLIAMS, Bedford, leave this morning on a few weeks visit to New York.

A RESOLUTION was passed at the recent meeting of the West Prince Board of Trade—moved by Mr. McFadyen and seconded by W. S. McKie looking to the establishment of a cheese-box factory at Alberton. It appears that the present system of supply is anything but satisfactory.

DR. JAMES MACDONALD has purchased from Benjamin Tanton the handsome residence known as Fernwood on the Pope Road, about two miles from Summerside. This building he purposes hauling to Summerside and locating on the site of the burned Hotel Russ. It is a large and well constructed building, having ten built by the late Hon. J. C. Pope at a cost of $18,000. It will make a splendid hotel. Francis Bradley, Kelly's Cross, has taken the contract to haul the building to Summerside.

Cresolene is a boon to Asthmatics

Does it not seem more effective to athe in a remedy to cure disease of the breathing organs than to take the remedy into the stomach?

It cures because the air rendered highly antiseptic is carried over the diseased face with every breath, giving prolonged and efficient treatment. It is invaluable to mothers with small children.

Those of a consumptive tendency find immediate relief from coughs or inflamed conditions of the throat.

GEORGE MURPHY, American Consul General at large, visited Consul Agent Richard Hunt, Summerside, Saturday.

A FEW days ago the dwelling house of James Trainor, Emyvale, Lot 65, was burned to the ground with all its contents.

HENRY SMITH of the firm of Haney & Smith, left yesterday morning for his home in Ottawa. His son D. Smith will superintend the work on the breakwater for the remainder of the season.

A TELEGRAM to the Prince County Guardian last night announced the marriage at Montreal yesterday morning of D. B. McDonald and Miss Amanda Doyle, by Rev. Father McPhail in St. Patrick's Church.

AMONG the new buildings in the course of construction on the burnt district in Summerside so far, are the following: John Crozier, dwelling, boarded in; J. M. Noonan, large barn, boarded and shingled; H. H. Lefurgey, barn, boarded in; James McDonald D. V. S. large barn, nearly completed; Patrick Mulligan, dwelling, foundation laid; Albert Ferguson, dwelling, foundation laid. Dr. James McDonald has given the contract for the building of a hotel on the site of the Plaza, which was destroyed by the fire. A number of others are making preparations and will be on the ground shortly.

THE Summerside Fire Relief Committee have already distributed about $1500 among those who suffered by the recent disastrous fire. This is the first appropriation and it is far from reaching all the needy cases. There are many who are still in want and although it may be possible, with the funds already in sight to ward off actual distress, it is felt that the winter is a somewhat perplexing one. Citizens, confident in their own goodheartness, decided at their first general meeting not to solicit outside aid, but the present indications are that it would be very injudicious to refuse such aid if offered. Unless the relief fund is very materially increased many families will be in sore straits before the winter is over.

CITIZENS are patiently awaiting an investigation into the origin of the fire that laid in ruins such a large section of the town of Summerside. It is felt that this duty lies with the railroad authorities The fire originated in the railway freight house. Suspicion of incendiarism has justly or unjustly been circulated and this suspicion has found expression in the press from the Atlantic to the Pacific The fact that two fires occured in the railway freight house in the same week presupposes incendiarism or criminal carelessness. It is for the railway authorities to look carefully into the matter and it is due to the citizens of Summerside that the full light of an official investigation should be turned upon it, This investigation is expected and it is hoped it will not be any longer delayed.

The Exhibition Is now a Thing of the Past.

And was popularly conceded to be the best ever held in the Province. This is indeed a matter for congratulations.

Our Fur display, held at the Exhibition, was also said to be the best ever shown in this Province, and we cannot fail to be pleased at the many flattering expressions, in regard to it, from the many visitors both from home and abroad.

Many people, at first sight, thought it was the display of some big foreign concern, and were agreeably surprised to find that such a rich and comprehensive exhibit could be made by a Charlottetown firm. Several gentlemen, who are in a position to judge, said to us that it was equal,—if not superior—to any Fur display in the Maritime Provinces.

We are satisfied that it was, by far, the best showing we have ever made, and those who did not have an opportunity of seeing it at the Exhibition, should lose no time in paying a visit to our big Fur department on the second floor.

We have everything you could possibly need in the Fur line, and of the very best qualities in the different grades, all at the prices which cannot fail to to be trade-winners.

We are especially proud of our Men's Coon Coats and Ladies' "Coristine" Jackets. These are beauties, every one, and all fully guaranteed.

Our neck-pieces and muffs are superb and range in price from $1.50 up to the most costly. No one need be without a comfortable neck ruff during the coming winter, as we have something to suit even the slimmest purse.

All are cordially invited to view our Fur display—even if you do not need to buy—and while in, do not fail to see our attractive Millinery display, which also received a big share of favorable attention at the Provincial Exhibition. For all that is best in Millinery and Furs try
