DOWN - THE - BACK STRETCH

Our friend C. M. Alexander, writing from Saint John, N. B. says:—"We moved to the track around the 10th of May and have had quite a few workouts, the fastest around 2.35. Barney Hanover 2.07, eligible to the 2.13 class is in great condition. He has the best of manners and can turn on very fast when called upon.

"Percy Wood of Sussex, has your old friend Heatherbell 2.08 3-4 here. He is real fat and looks good and has been jogged all Spring. I worked him four miles around three minutes last Friday and came the last quarter of a final mile in 31 1-2 seconds over this very slow track. He was just flying.

"My father has Guy Toddler 2.06 1-2 and Klondyke Grattan 2.09, looking good. He has been a mile in 2.22 with the Grattan horse but has worked Toddler much slower, has not beaten 2.35.

"Lee Jones of Wickham, has a new pacer, Bedford Grattan, that came down from Ontario with a mark of 2.06 1-2 and is eligible to the 2.12 class, and a green pacer by Peter Tanner, Bedford shows a lot of speed and appears to be a very nice horse. You missed Bedford Grattan and Barney Hanover in your list of horses which appeared in the Guardian.

'Mr. Squires 2.15 1-2, half brother to Harvest Melody, looks good He is owned by my brother James Alexander. Morning Express 2.03-3-4, that great campaigning trotter, is now converted to the pace and works in the hopples.

Captain John L. Reed, Borden, who is having the S. S. Charlottetown fixed up for the summer, has been out to see us a couple of times and we do enjoy having him with us and listening to his interesting talks.

The opening of the Moncton Speedway Club will be held on the 13th of June. A strong committee headed by President L. A. Wheaton has charge of the affair and it should draw a large attendance of people and good racing will result, even though it is a bit early in the season. Moncton track has been all fixed up, new stables added and new grand stand, and everything put in order for a banner harness racing season.

It is a great pleasure indeed, to have Moncton back with us again on the harness racing map. The writer always loved to go there and it was a tremendous disappointment when they discontinued racing.

H. W. S. Allingham, Gagetown, N. B., has sold his three-year-old filly Miss Jessie, by Mc I Win, to F. L. Noble, Springfield, N. B., owner of Peter McKinney 2.12 She is being trained over the Fredericton track by Dannie McNeill, who is also training Peter McKinney and a two-year-old named Joe McKinney, by The Klinker, out of Lenora McKinney. Peter McKinney is training exceptionally well. No fast miles have been asked of him but he looks as though he will 2.10 on the trot this year.

Ranald MacDonald, Peter's Road, has a yearling by Abbe Worthy 2.04, out of Great Village Belle, that is a beaut, and lots of his neighbors make calls to see it and admire its conformation and style

Alfred Lowrie, Montague, has one of the best two-year-old prospects ever seen in this Province in the unstanding colt, unnamed, by Abbe Worthy 2.04, out of Jessica the Great 2.14 1-4. This lad is large, beautifully built with great feet and legs, can trot a storm and yet has the best of manners. Mr. Lowrie's little boy can call him and he will come to him and hold up any foot asked for. Several offers have been made for the youngster but Mr. Lowrie is holding firm at what many consider a very reasonable price for such a splendid prospect.

Another foal that is attracting a lot of attention in Montague is owned by Mayor George McIntyre. It is by Kalmuck, 2.15 1-2 out of Daisy Peters 2.13 1-2.

The Horseman and Fair World, one of the leading harness horse publications in the United States, has a frontispiece, full page, cut of Abbe Guy (3) 2.04, full brother of Frank McKay's Abbe Worthy 2.05. Abbe Guy, fourteen years old, was sold at auction by an estate and bought by Henry Knauf, Ladd, Ill, at the recent Springfield sale. The figure was $1,400. Abbe Guy is a sire of winners of Illinois Breeders' Futurities for three successive years.

Harry Stokes, whose name and fame are world wide in the harness sport, passed away recently. He was in his sixties and seemed to be quite fit for another campaign when the season started. He was a man that was well liked by everybody. As a catch driver he was without a peer. Some years ago Walter Cox, Lon MacDonald, and I think Tommy Murphy, owner a pacer called Sir Walter. He was a big horse, very fast but not desirable to drive. Stokes was the only one who seemed to get results from him. Lots of top drivers would hire Stokes when they were not too sure of themselves. He had a cool head, a great pair of hands and the ability to sit still until the critical moment, when he was all life in the sulky, shooing them home in a truly cyclonic fashion reminiscent of Myron McHenry.

One of the largest harness horses racing is Protectorate 2.03-1-4, by Protector (3) 1.59 1-4. He stands seventeen hands one inch high.

The two-year-old trotter Stewart, by Spencer 1.59 1-2, recently trotted a mile in 2.12 1-2, with the last quarter in 29 3-4 seconds, over the Lexington, Kentucky, track.

Mrs. Roland E. Harriman trained the three-year-old trotter Brewster Hanover in 2.12 1-2 over the Goshen half-mile track last week. She is an expert harness woman.

We are glad to note that the managers of the Alberton and Kensington tracks have arranged their meetings so they will not conflict. Alberton will put on a thousand dollar program of harness racing on July 1st, and Kensington their program on July 12th Both meetings will surely be successful and will have no dearth of entries in their classes.

Edward T. Keller, writing of Frank Wiswall, who is Vice-President and spark plug of the United States Trotting Association, has this to say:

Just a word about Frank Wiswall, who is new to most horsemen of this section. In the short space of some three months the Albany official has become one of the best known figures in the trotting sport today. It was during late November that horsemen first began to hear about this man from the East, who looks like he would play a bang-up game of football at either guard or trackle. At that time he was one of the few that took it upon themselves to see if they couldn't bring about a better feeling in the sport by bringing together the ruling parent associations, of which the sport had some four or five. The task, from the outset, was one that was going to mean hard work, and more of the same dose, morning, noon and night. It took time, but before long indications to followers of the sport were that the group was going to succeed. That is what they set out to do, and do it they did, but after accomplishing more in the way of work than has ever before been done in harness racing. They did in a few months what the fans and those in the sport had been clamoring for for years past.

* * *

As the 1939 season of racing comes up, horsemen can look back on the winter and spring months as having brought about the most important single change the racing sport has ever had. The bringing together of the various bodies of the sport to virtually one head, the United States Trotting Association. Previously horsemen had to race under the American United and National associations, while the Trotting Horse Register also functioned as a separate body. Today all these but the American are in one close-working harmonious group, dominating the sport as it comes up to its new season of activity. There is no denying the fact that this change was needed, for those in the sport have clamored for it for years past. Now that everything is under one guiding body, we can look forward to seeing many improvements through the coming year. To us, perhaps the most important change to come, will be the enforcement of the rules as laid down by the new body. It is no secret at all that rules of which racing has plenty, have on the harness turf, been in a great many instances, in fact in most instances, rules just in the books. They were never enforced, laxity was evident on all sides, at almost any race meeting one cared to attend. The selection of judges was the next thing to being a disgrace, starters worked as best they could, in many instances receiving no help from the judges in the stands, who, we will say in at least 50 per cent of the cases, were too weak-kneeded to enforce the rules as they should. be enforced and back up decisions. This and many other angles that have needed attention for years past, are all to be taken care of now. All the changes needed will probably not came this year, that is not to be expected, but a good share of them will be, the rest will soon follow.

A very important horse purchase took place Thursday when the fast pacing mare, Josie the Great 2.06, was sold by Les Bickerton of Amherst, to P. L. Bowness of Summerside. Mac Steele left for Amherst, yesterday morning and Josie arrived in Summerside last evening looking fit as a fiddle. She has been in the stable of Johnny Conroy all winter and received her early training from him and is now ready to take fast work. Josie has one of the most consistent careers of any trotter or pacer ever raced in the Maritimes. Year after year she has reduced her record until today she has the proud honor of being the fastest trotter or pacer ever bred in the Maritimes. Her sire is Captain Aubrey 2.07 1-4, that son of Peter the Great that has done so much for Martime racing. Josie is only eight years old and has a great career ahead of her as she is still eligible to the 2.14 pace. We commend Mr. Bowness on his initiative in buying this grand mare and hope that he will have the best of success in racing her.

Ambitious Program Is Planned

Grooming of the Belvedere Golf Course here is now well underway as the layout is being prepared for the ambitious program placed before members this season.

Under the watchful eyes of the greens' committee, composed of Charles A. Beer, chairman, and J. D. Stewart and W. A. Gaudet, a staff of four men have been working on the links for the last few weeks, rolling, seeding, preparing the greens for accurate putting, and rounding the rolling fairways into mid-season shape so the course may maintain its reputation as one of the best in the Maritime Provinces.

Foremost on the Club's program this year is the Maritime ladies' meet. Although the dates have not been set as yet, it was believed the play would be held during the latter part of July. Every effort would be made to make this event a success and to promote women's interest in the game, A.H. Mould, Club president, said.

Up until the middle of October, the men and women's games committee have scheduled a steady round of play so that every week at least two competitions will be run off. The women's match committee is composed of Mrs. H. S. Henderson, Mrs. O. D. McGregor, Mrs. W. E. Cotton, and Mrs. T. W. L. Prowse, while the men's committee is made up of Lieut.-Col. F. B. Conrad, chairman, and J. D. Stewart and Pete Kelly of National Hockey League fame.

The Club's popular professional, Charles Galbraith, has been re-engaged for this year and once again beginners will have the opportunity of being tutored by an expert. Charley holds the Club record, 68 over the 72-par layout.

First major competition of the season will get underway tomorrow when entrants tee off in search of the standard cup. Standard cup play is divided into four stages, to be completed before July 15.

INCREASE IN EARNINGS

MONTREAL, Que., June 2—The gross revenue of the all-inclusive Canadian National Railways system for the 10-day period ending May 31, 1939, were $5,529,143 as compared with $4,363,270 for the corresponding period of 1938, an increase of $1,165,873.

Local Runners Make Good Time In Trial Race

In a trial run for the Halifax 10-mile road race on June 10, six Island marathoners last night covered the distance and all finished fresh with a burst of speed in the last few hundred yards. Their good condition was a tribute to their weeks of faithful training for the Nova Scotia event.

John Paul, Rocky Point Indian, was well ahead of the field at the finish, reeling off the grind in 55 minutes and 40 seconds. Russell Doyle of Charlottetown jogged the distance in 57.40 for second place while Peter Paul, brother of John, claimed third position in the time of 60.15.

John Shepherd of Charlottetown and Charles Deighan of Summerside finished in a dead heat for fourth place. They measured up to each other with eight miles of the marathon gone and kept pace with each other right through to the finish in 60.42.

Earl Boates of Summerside brought up the rear, close behind Shepherd and Deighan, in 61.08.

Lieut.-Col. D. A. MacKinnon Re-elected President Of Provincial Rifle Association

Lieut.-Col. D. A. MacKinnon was re-elected president of the Prince Edward Island Rifle Association at the annual meeting of the organization last night. Vice-presidents named included: Queen's County, Lieut. Col. F. B. Conrad, M.M.; King's County, Major W. J. MacDonald; Prince County, Col. U. G. Dawson, V.D. His Honour Lieut. Governor George D. DeBlois was again named patron of the Association while Lt. Col. H.M. Davison, V.D., was re-elected honorary president.

Members of the council named last night include: Lieut. F. G. Kennedy, Lieut. A. J. McCabe, P. J. Landrigan, E. R. Burke, Lieut. R. A. McCabe, Lieut. P. T. Hooper, Lieut. A. F. Gormley, G. A. Coles, Lieut. Commander J. J. Connolly, A. F. Spillett, J. C. Stewart, C.M. S., A. D. McMaster, H. H. Horne, Capt. James Coles, M. M., Major W. A. Smith, E.D., R. E. Jenkins, Major W. H. Worth was re-elected range officer. At an executive meeting which followed the regular session Lieut. Col. Conrad was named chairman of the council and Major W. A. Smith secretary treasurer.

Lieut. Col. F.B. Conrad presided last night and read the report of Lieut. Col. D. A. MacKinnon, chairman of the council and president of the Association.

The financial statement, showing a comfortable balance to the credit of the organization was read by Major Smith, secretary-treasurer.

Major W. J. MacDonald reported for the inter-Maritime shoot at Saint John last year while Lieut. P. T. Hooper told of the Ottawa shoot.

The sincere sympathy of the organization was tendered to Mrs. MacDonald, widow of the late J.S. MacDonald, a valued member of the Association whose death took place recently.

At the executive meeting which followed the regular session Lieut. F. B. Conrad, Major W. J. MacDonald and H. H. Horne were appointed members of the inter-Maritime committee. The inter-Maritime shoot would be held at Charlottetown on June 24, it was announced. Teams from the three Provinces would take part in the shoot which would continue throughout the day.

The annual Provincial meet would be held here on August 7 and 8 next, officials of the Association announced.

A feature of the Association activities for this summer would be the shoot-off for the Davison Cup, donated by Col. H. M. Davison, now honorary president of the organization and president for many years. The cup was shot for annually for ten years and on July 8 all the winners would shoot-off. The rules called for 10 shots on each of 200, 300, 500 and 600 yard ranges, it was announced.

Report of Chairman of Council

Gentlemen:

It is my privilege to report to you tonight a short account of the activities of our Association during the year 1938.

With a favorable Spring, thoughts of our members naturally turned towards rifle shooting, and when arrangements were made for practices in connection with the Inter-Maritime shoot which was to be held at St. John, N.B., June 16th, a goodly number of riflemen turned up for shooting and some training and coaching given the team, which it was known would have to shoot exceptionally well to take the measure of the New Brunswickers and Nova Scotians. In the practice some exceptional scores were made and our high averages, sent by Canadian Press to New Brunswick and Nova Scotia, created considerable interest.

The competition, which was the 53rd in our Inter-Maritime shoot, was one of the keenest ever contested, resulting in a tie in points between New Brunswick and ourselves, each having secured 770 points, with Nova Scotia well to the rear with 754 points. We outscored New Brunswick at the 200 with 260 points to their 250 and tied them at 600 yards with 258, so the Range Officer had to go back and look up the 500 yards scores. There it was found that New Brunswick had the same margin—10 points—over us as we had over them at 200, and they were awarded the trophy.

Great credit must be given to our team for conscientious practice and good performance in competition. It consisted of Q.M.S.A. F. Gormley, Lieut. A. J. McCabe, Lieut. P. Hooper, Sgt. G. G. McLennan, Sgt. Ralph Jenkins, Pte. Eric Coles, Pte. G. A. Coles, Sgt. J. C. Stewart, with Major W. J. MacDonald Captain and Lieut. F. G. Kennedy Coach. Not since 1909 has there been a tie in points in the Inter-Maritime shoot, then it was a tie between Nova Scotia and Prince Edward Island, P.E.I. winning the trophy because of the best score at the 600 yards.

In looking over the individual scores made by the three teams I note that Q.M.S. Gormley was the high scorer, and Lieut. McCabe and Lieut. Hooper scored one point more than any member of the other teams. With the difficult shooting conditions which prevailed our team certainly put on a grand show.

The 73rd annual Prize Meeting of the Association was held on August 1st and 2nd and as usual was a success. The weather was dry and hot with a variable wind and considerable mirage, therefore not conducive to very high scoring and Sig. Percy Landrigan's aggregate of 331 points out of 345 made the previous year, was safe as a record.

It is interesting to recall the winners of the various matches, so I will enumerate them.

The MacKinnon, Match, Lieut. A. F. Gormley, score 47 points. Lieut. Gormley had identical scores with three others, but had more bulls at the end of his score so was declared the winner. In the shoot off for the MacKinnon Cup Sig. R. E. Jenkins won.

The Prowse Bros. Ltd. Match, Lieut. A. F. Gormley, score 47 points. Prowse Bros. medal.

The Moore & McLeod, Ltd. Match, Capt. James Coles, M.M., score 68 points. Pte. R. L. Coles had the same score as Capt. James Coles, M.M., so they shot off for the P.E.I. Highlanders Cup and it was won by Pte. R. L. Coles.

City of Charlottetown Match, Lieut. J. S. MacDonald, score 68 points, Pickard Cup.

Lt.-Governor's Match, Capt. James Coles, M.M., score 101 points, P.R.A. gold medal. Second, Wesley Dinnis, 98 points, P.R.A. silver medal.

Ladies Challenge Trophy Match, Pte. G. A. Coles, score 48 points, Army and Navy Cup.

The Judson Tyro Match, Sig. P. H. Manuel, score 90 points.

The Nicholson Tyro Aggregate, Sig. A.D. McMaster, caddy Hickey & Nicholson tobacco.

The Grand Aggregate, Capt. James Coles, M.M., 323 points. Governor General's silver medal. Second, Lieut. A. F. Gormley, 322 points, Governor General's bronze medal.

The Ottawa Aggregate, Capt. James Coles, M.M., D.C.R.A. silver medal, score 370 points. Lieut. A. F. Gormley, D.C.R.A. bronze medal, 369 points.

The Snyder Trophy, presented by Honorary Colonel Harry M. Snyder of the Prince Edward Island Highlanders to the rifleman who had completed annual training and scored the greatest aggregate in all the matches of the Provincial Rifle Association, won by Capt. James Coles, M.M.

The MacKinnon Trophy for the winner of the Grand Aggregate was won by Capt. James Coles, M.M. This cup will be continued in competition until won twice by the same rifleman.

Fourteen riflemen took advantage of the free transportation arrangements and competed in the D.C.R.A. meet at Connaught Rifle Range, Ottawa, in mid-August. Our representatives shot well and it was with great pride that we learned at the completion of the competitions that Lieut. A. F. Gormley, one of our most consistent shots, was within measurable distance of a place on the Bisley team. Word has recently come through that he has been selected and will leave on June 6th for Quebec where he will embark for Bisley. Our hopes go with him, that he will have the best of success. Our riflemen acquitted themselves creditably in team competitions as usual, and individually won many prizes.

A short time prior to our Provincial shoot, while our Secretary-Treasurer Major W.A. Smith, E.D., was in camp with his unit, he received a very serious head injury which caused hospitalization for six weeks. Our staff, aided by Capt. Wendall Worth, M.S.M., carried on splendidly during his absence, which was much regretted.

The Range was in good condition all through the year and the marking and other activities in connection with it were efficiently handled by Sgt. Arthur King. During the annual matches Caretaker William Smith assisted at the stop butt and together with Sgt. King and other markers gave every satisfaction.

The presence of Lt.-Colonel H. M. Davison, V.D., President of our Association for so many years, at the concluding afternoon of the Provincial matches, gladdened the hearts of all the riflemen. He had the same genial smile, hearty handshake and greeting as of old and evidenced the same keen interest that he did during the many years of his connection with the P.R.A.

As our membership is composed largely of young and middle-aged men, it is not often that we are called upon to record the death of a member, but a short time ago we lost one of our best in J. S. MacDonald. Jack was a friend of everyone's and everyone was glad to see him a winner, which he frequently was. Our newspapers have made references to him that have conveyed to us what the outside public thought of him. We ourselves know that his death will be one long sorrow for us, as men of his calibre are few.

In concluding this report I would like to suggest that greater attention be paid to the bringing in of new members and assistance secured through Lt.-Colonel C. C. Thompson, M.C., commanding the Prince Edward Island Highlanders, for the securing of a number of new rifles so as to give confidence to members who have been handicapped by more or less worn out rifles. I am sure Colonel Thompson would be only too glad to help. He has shown his interest in us by securing the Snyder Trophy, one of the finest pieces of silverware to be won by a rifleman in this Province.

A year ago we were taking stock of the war clouds in Europe, and we still seem to be doing the same. In view of the preparations being made and the training in the use of implements of war being given to all classes of citizens, it is not too much to expect that our Canadian manhood will take up rifle shooting seriously. The excellent results obtained in indoor shooting in matches open to the Dominion of Canada by our local boys, show that there is plenty of material available. What we need is to secure their interest. Perhaps each member can do something along this line and so strengthen the Association and the defensive forces of Canada.

I wish to give my very best thanks to the Members of Council and to the Secretary for their splendid assistance at all times.

Respectfully submitted,

D. A. MacKINNON,
Lt.-Colonel.
Chairman of Council, P.R.A.

Big Fight Program At Sporting Club

In the finest condition of his career Tommy Claybourne of Charlottetown tonight meets "Tiger" Joe Hennessey of Boston, in the main event of the Charlottetown Sporting Club's big boxing card.

Carrying a two-pound edge in the weights the local mittslinger will be out to avenge a previous draw decision which he fought with Hennessey. In that fight both boys put up a whale of a scrap but tonight's affray, with both promising to come out fighting from the opening, shapes up to be even better. Opinions on the outcome vary as fans discuss the scrap, but all are of the one mind that the encounter will be a bruising one from the start. There is little love lost between the two pugilists and both will be out to end matters as quickly as possible.

Kid Nickerson, one of the Island's smoothest boxers takes on a tough assignment in the person of Nick Melenick of Glace Bay. Melenick, a finalist in his class in the 1936 Maritime boxing tournament, has since then fought around Quebec and Montreal, losing only one bout in 16, and he was also a gold medal winner in a Montreal tournament. He has had six fights this year and his professional scraps have been against such well known names as Mickey McMullen, Johnny Lifford, etc., besides many others.

Nickerson, however, isn't phased one bit by his opponent's record. A boy hard to tag solidly, Nickerson usually piles up enough points to win on although when aroused he is a regular tiger. He is more dangerous when hurt, so if Melenick should happen to catch Hickey early fans will witness a scrap that might draw the spotlight from the main eventers.

The remainder of the card will be up to the usual high standard of the Club's events. Boys have been matched that go in there swinging all the time; there is very little boxing ability displayed as the boys really fight, and as a result fans get their money's worth every minute they are in attendance.

The first fight of the night gets underway at 9.30 sharp but in order to accommodate shoppers and clerks, Promoter McDonald announced that the main event will not get underway until 10.30 thus assuring everyone of a chance of getting in on it. The card shapes up as a natural night of thrilling slugfest.

BASEBALL RESULTS

AMERICAN LEAGUE

There will be practice for the Rovers baseball team and any others desirous of a tryout, at the Park diamond tomorrow morning at 10:30 sharp.

"WHACKEY" McEACHERN,
Manager.

Fireworks Expected At Signing Of Galento And Louis For Title Fight

(By Cayle Talbot, Associated Press Sports Writer)

NEW YORK, June 2—While victorious Lou Nova and his badly damaged victim, Maxie Baer, licked their wounds from last night's savage engagement at Yankee Stadium, plans went forward today for another bristling encounter at high noon tomorrow, when champion Joe Louis and Tony Galento meet to sign the papers for their title bout June 28.

There is a strong possibility the session will end in a wild uproar, with Galento defying the New York State Boxing Commission and demanding the scrap be transferred to Philadelphia. All the principals will be searched for knives until Brigadier-General John J. Phelan, retired, calls the meeting to order.

Joe Jacobs, Tony's manager, is going before the commission to demand he be given a manager's and second's licence in New York State, so he can work in Galento's corner against Louis. The Commission repeatedly has refused even to talk to Joe. This time he says they will be more sociable or there will be no Galento-Louis scrap in this state. Tony is backing his pilot right to the hilt.

After the disappointing crowd of 16,738 paying customers that watched Nova cut Baer up and force his retirement in the 11th round last night, it will be quits all right with promoter Mike Jacobs if the commission gets stuffy and forces him to take the big fight out of town.

"The tickets are printed and ready, but not one will go out until tomorrow's meeting is over," said Mike.

The Galento camp has wanted to hold the fight in Philadelphia all along. Tony is a great favorite there. Louis has held out for New York, but the fact that Nova and Baer each received only $22,517 for last night's engagement might have impressed the champion.

Ramblers Win In Eleventh From Bantams

A ringing single by Joe McInnis scoring Ted Bradley who had doubled to open the inning with the winning run last night gave the West End Ramblers an 11-inning, 11-10 victory over the East End bantams in an exhibition softball game played at the Convent Square diamond.

Close-knit all the way through the game was a thriller from start to finish with both starting hurlers going the route. Hughes, pitcher and Haughey, catcher was the West End battery while Poulton did the hurling for the Bantams with Ranaghan doing the receiving.

Louis Clarkin was umpire while Louis Prowse officiated on the bases.

APPOINTED FIRE CHIEF

YARMOUTH, N. S., June 1—(CP)—P. Douglas Trefry was appointed fire chief at a special meeting of the Town Council today. He succeeded B. S. Robbins, who held the position for the last 13 years but retired recently.

Horse Race At Kensington,

Wednesday, July 12th.

At the request of a number of horsemen so that they may have an additional race we have decided to hold our race meet on Wednesday, July 12th.

We have the assurance from Mr. C. H. Horton and Willard Kelly that JANE AZOFF 1:59 1-2 will be a starter at our meet.

JANE AZOFF has been an outstanding race mare the past two years, on the Grand Circuit.

There will be FOUR CLASSES which with their purses will be announced later.
