OWING to the enormous amount of time and expense necessary in bookkeeping and making out small accounts as well as mailing and collecting same, The Guardian has decided that in future all ordinary amounts under one dollar will be accepted in cash in advance basis and ten per cent discount given, except to those who have a regular advertising account who will still have the privilege of monthly bill.

THE time has come when you want that new fall winter jacket. J. P. Crockett & Co. are showing the largest assortment of jackets ever shown in Montague. All quality. Any price from \$2.75 to \$15. Any new, nobly goods direct from the maker. A full assortment of men's and children's coats, all price. Don't forget the place, we can please you. We make a specialty of these goods. 10-2531

THE Guardian's correspondent in the eastern part of the Province writes: The oldest inhabitant has been consulted, tradition has been heard from, but 1907 will go down to history as the coldest, the most backward, and most discouraging since the settlement of the Province. The spring was cold and backward preventing seeding in the usual time. The summer was cold and damp, delaying the ripening of the grain. Thousands of stacks of oats were caught out in the early snow storm and the bulk of the potatoes are yet to die, and this not with the slowest farmers, either. The fishermen are still idle; gales of wind from every point of the compass prevent them even trying if there is fish in the waters. They yet hope for better weather, as the fall fishing has been most important, since the advent of the Souris fish dryer. Miss Annie Clarke, B. A. spent a few days here recently, visiting old scenes, old pupils and old friends, who still maintain fond recollections of her as a teacher and a citizen.

Celery—Celery Pumpkins and Squash.

This is an age of improvement and advancement. Twenty five years ago celery was only used by the rich and a few knowing ones who were in the secret of its wonderful medicinal properties. Now with the modern facilities for growing it and comparative cheapness there is no excuse for not having it on the table every day. We offer choice winter keeping Celery at \$2.00 per barrel. At the price our wholesale stock should be soon wanted as we must have large quantities for our retail trade. We all can remember the delicious pumpkin and squash pies our mother's used to make, (those good old times.) Ask your wife if she can make some pies like your mother, and it would do no harm to intimate that you believe she can. Pumpkins and squash will only keep a few weeks more, the season has not been congenial for the keeping qualities. You remember we advised that the tomato, squash, J. J. "Limerick competitions". The Guardian has decided to afford its readers the opportunity of amusing themselves in the same way during the autumn and winter evenings.

To those who are not familiar with the subject it may be said that a Limerick is a poem of five lines, of peculiar measure and usually of a sprightly or humorous character.

For the purpose of the competition four lines only are printed and those competing are required to find the best possible fifth line, which must be of proper measure and rhythm and to rhyme with the second line of the Limerick.

Competitors must each send 10 cents with the coupon, printed in The Guardian, and the moon received will be divided into first, second and third prizes.

The competition begins today and will end on Saturday at noon of each week. The names of the winners will be printed on the following Monday.

A competitor may send as many answers as he pleases, if each is written on a separate coupon and accompanied by Ten Cents.

The amount of the prizes will, of course, depend upon the number of competitors, which in populous centres in England and Canada have been very numerous.

Seasickness Positively Cured.

A Wonderful, Harmless Cure For All Forms of Sea and Car Sickness.

For Sale at Drug Stores. Money refunded if Not perfectly Satisfactory. A remarkable cure has been discovered from all forms of seasickness, car sickness, and all nervousness caused by motion, which has positively never failed.

Harold, take a mother's milk Seaside, Cough-sickness I did, and you will feel all right again in a few minutes.

To prove that this remedy is harmless and that it can never produce any ill after effects, an analysis was made by Milton L. Hersey, M. Sc., Chemist for the City of Montreal, and Analyst of the Province of Quebec, who certifies that he has personally analyzed a sample "Mother's Milk Seaside Remedy," purchased by me in the open market in the City of Montreal, and my tests have failed to detect the presence of opium, morphine, cocaine or any other alkaloid or chloral whatever.

A party of six 600 delegates to the International Sunday School Association (convened in that week to Rome, Italy) had a supply of this remedy on hand, and not a single delegate was affected with seasickness.

This discovery at last disposes of the prejudice so many people have entertained against the use of medicines as a preventive of seasickness.

Mother's Milk Seaside Remedy is sold in 50c and \$1.00 boxes at druggists. If your druggist has not got it in stock, send us the money, and we will send you the remedy, all charges prepaid.

Send your name and address to-day to the Mother's Milk Seaside Co., 122 Clarendon Bldg., Detroit, Mich., for interesting information and testimonials from many who have used this wonderful remedy.
