As Mr. Poirier is going back to the West in a short time, his friends all join in wishing him a speedy and pleasant journey.—R.

—CONCERT AT LONG RIVER— A most successful concert given by the young people of Long River, was held in the Hall there on Tuesday evening, March 2. Mr. R. H. Coulson efficiently discharged the duties of chairman and the best of order prevailed. The splendid programme opened with that fine old chorus, "Batter My Heart," which was rendered beautifully by Messrs. Chas. Paynter, Heath Campbell and F. H. and Ray Paynter, recitations by Misses Violet Green and Bessie Cann and solos were sweetly sung by Mrs. Cornish, Miss Jean Johnstone and little May Found. Mr. Don Campbell's solo "That's How I Need You" and "Just Someone," brought down the house. Mr. Murdoch McLeod in his rendering of the "Highland Man's Toast," and Bonnie Prince Charlie" sustained his reputation as a general favorite. In the patriotic song "Marching to Victory" sung by twelve young men, Mr. Jack Campbell proved himself a most capable soloist and in response to an encore the boys sang "Tenting To-night." The tableau, "Mother's Song," was very skillfully executed. Mr. Arch Campbell who has lately returned from overseas service, being present in uniform as part of the "Soldier." The dialogues "In a Dentist's Office," "Saved" and "A Troublesome Servant" were all well acted. Two finely rendered darkey choruses by five of the boys, brought to a close one of the best programmes ever given in Long River. The accompanists for the evening were Miss Olive W. Lea and Mrs. Montgomery. At the conclusion of the programme, Mr. G. F. Ferguson of French River, who so kindly assisted in the programme, auctioned the pies and candy and the snug sum of \$57 was realized, which goes to provide fuel, oil and other necessities for the hall.

—MEETING OF MT CARMEL INSTITUTE— On Monday night March 8th, took place a meeting of the farmers of Mt. Carmel. At an early hour, the chairman occupied the chair and opened the meeting in a few brief words and subsequently asked the secretary to read minutes of the last meeting, which were duly read and unanimously accepted without amendment. The chairman, Mr. Joseph M. Anon as president of the institute produced specimens of seeds from the different merchants of Summerside, all of which were examined and shown that they were all of a good quality. An appropriate list of the seeds mentioned were made up approximately. It was moved and seconded that the government would be employed in the way of bettering live stock, that is, in buying first class animals. Rev. P. P. Arsenault quoted previous experiments, stating the enormous quantity of various seeds contained in being under pasture or meadow and park, and the urgency of short rotation and to introduce root crop as often as possible in order to eradicate troublesome growth. Mr. Anon spoke on the raising of stock that a farmer should keep studying the fact, what the amount of stock should be in proportion to the means afforded by the natural efficiency of the crop that is based on the amount of fodder available. At the conclusion of these remarks the meeting adjourned.—R.

—HOCKEY.— Kensington has been somewhat neglected in the line of local hockey matches until last Thursday night when six married men mobilized and boldly challenged a sextette of the younger fry to a game of two twenty minute halves. At the beginning of the game it looked as though the married men would put it all over the youngsters when Rogers and Widdie by scoring a couple of goals within the first ten minutes, silenced the spectators that their ice training had been good in earlier years. Billie Ozen was a whirlwind. The first half ended in favor of the Married men 2-0. After ten minutes the rubber was again faced and both teams began to play with renewed vigor. Time and again did Lynds from his position on cover make brilliant rushes in his inimitable style only to be repulsed by the Doc or to meet the Rock defence of Bonness and Sims on cover and goal. However he managed to lift the puck from centre ice and scored, repeating the performance later in the game. This ended the count. The forwards of the boys began to play good combination now and before the game ended they added two more goals to their credit being thunderously applauded from the promenade. Mr. D. E. MacLean acted in the capacity of referee and judge of play. Another game is to be played next week.

ROYAL YEAST CAKES USED BY ALL BEST HOME PROFESSIONAL BAKERS DECLINE SUBSTITUTES THE ORIGINAL JACK HORNER.

"Little Jack Horner," the familiar nursery rhyme, had its origin in a real tragedy, according to the story that the London correspondent of the New York "Sun" tells: During the Reformation the head of Glastonbury Abbey, in the west of England, resolved to make his peace with Henry VIII, and in token thereof, sent certain title deeds of abbey property to the king at Whitehall. For security sake, the abbot placed the documents in a pie dish, and covered them with a crust. The dish he gave to a rustic lout, named Jack Horner, and he told him to carry it by the high road to the king in London. On the road Jack Horner became hungry, and came to the conclusion that it would be foolish to starve while he had a pie in his hand. So he broke the crust and put in his thumb and pulled out a roll of parchment. The disgraced and disappointed fellow threw both pie and parchment into a near-by brook. When the deeds did not appear, the king charged the abbot with contumacy, and commanded that the unfortunate cleric should be hanged. —The "Youth's World."

PNEUMONIA Cured in Charlottetown. It is unspeakably sad that any people should permit their loved ones to go down to the grave without taking into serious consideration the claims set forth by Oxygen Therapy as represented by the Farador. The writer is glad to be able to submit positive evidence that the Farador will cure any case of pneumonia when used early in the disease and it is the best treatment at any stage. A few weeks ago a Charlottetown woman was taken down with pneumonia and was ordered to the hospital. A friend called with an oxygenator and asked that it might be applied to her with a hot compress. The patient accepted the treatment. In less than two hours the temperature was brought down and when the doctor visited the patient next morning he found her so much improved that it was not necessary for her to enter the hospital. In a few days she was entirely restored to health. The patient was fortunate in having a friend who knew what to do in this serious ailment. A Charlottetown man who is well and favorably known, asserts that Oxygen Therapy saved his life when he was so ill with pneumonia that his case seemed hopeless. Not long ago Dr. Arthur D. Bevan, who stands high in the medical profession, stated before the Chicago Medical Society that "Drug treatment is useless in cases of pneumonia," and his colleagues were obliged to admit the truth of the statement. Interesting literature on the Farador will be given to all who call or write. W. E. Enman, Representative of Farador Co., 12 Alley Street, Charlottetown. 9010-3-15Mtt.
