HOGS WANTED

We are now receiving dressed Hogs at our new premises (The Island Cold Storage Company's Plant).

We want all Hogs dressed for inspection—that is with heart, liver and lungs left secure to their natural attachments. The demand is for small, well finished hogs, weighing dressed 120 to 160 pounds. It means more money to the farmers to supply this class of hogs and whilst we are doing everything in our power to cure the products so they will command the highest price, yet we want you to supply the hogs that the consumer wants. It is to your advantage to do so.
