ELDON WOMEN'S INSTITUTE-The regular monthly meeting of the Eldon Women's Institute was held at the home of Mrs. W. D. Gillis on Tuesday evening, July 25th, with the President, Mrs. M. F. MacDonald, in the chair and an attendance of twelve members and one visitor. The meeting opened with the Institute Ode, an the Creed. Roll call was responded to with "Uses of Molasses." The minutes of the last meeting were read and adopted. The delegate to Provincial Convention, Mrs. Frank Halliday, gave her report, the point she stressed most of all was the value of the questionnaires and that more importance be paid to convener's reports. The amount of \$2.00 was voted towards the dental clinic. District convention plans, reports from committees and appointment of new committees followed. Arrangements were made that the next meeting would be held in the form of a picnic at the shore. The business meeting is to begin at 2 o'clock, each member bringing lunch. Response for roll call "to whistle or jig a tune." With the national anthem the meeting adjourned. Lunch was served by the hostess after which a sing-song, consisting of old favorites, led by Mrs. Gillis, was very much enjoyed. Roll call receipts, 20c.

HALIFAX, Aug. 2.-"The Liberal machine of 1925 is making its last stand to oust progressive and constructive government in Nova Scotia. The verdict is more important to the people of the Province than it is to me," Premier Gordon S. Harrington declared before a capacity audience in opening the Halifax campaign in the Capitol theatre here last night.

Vote lists for this month's election have in Halifax at least, he declared, been seriously corrupted by Liberal machine workers. In a city of 69,000 some 20,000 names have been listed. Deprived of their custom of "voting cemeteries" the 1925 Liberal machine had manipulated registration by people not entitled to vote and had registered and re-registered people who were entitled to one vote. He knew of one case where a single Opposition supporter was registered in five different places.

In Halifax South, where frantic efforts are being made to elect the seatless Liberal leader, 11,226 names have been placed upon the list, which is approximately 1,000 more than the total vote cast in the entire city in 1928. The 1933 registration of 30,000 names is approximately 10,000 greater than the 1928 registration.

"Nowhere but in an army camp, where few would be under voting age and all would be citizens could such a percentage of voters legally exist," Premier Harrington affirmed. "I would be ashamed if I wittingly deprived any legitimate elector of the right to vote, but I intend to use every facility to punish those who have broken the law and who seek to defeat the will of the people in the interest of machine politics."

NEW YORK, Aug. 2-Stocks today conformed to Tuesday's pattern, rallying in the last hour after a narrow, listless movement in the earlier trading. "Wet" issues were again prominent during the upturns, being joined by the metal issues. Volume was light, even with the late flurry.

Gains for the rank and file ranged from 1 to 2 points. Though numerous particular favorites of the moment rallied more briskly, wheat's improvement at Chicago, despite a reaction at Winnipeg, contributed a constructive influence, but shares had their major upward push after a financial news tick had printed a Washington dispatch to the effect that inflationary moves by the administration might not be long delayed.

Volume Light
Chicago Market
The Chicago market, which rose spectacularly at the opening and then lost its advance, was not a market factor today, and with little to enthuse over in the way of outside news, traders appeared to be awaiting new developments.

Cash wheat showed practically no improvement and demand for the various grades was negligible. Coarse grains, which scored sharp upturns in sympathy with wheat yesterday, slipped off today but held steady after losing about half of yesterday's advance.

Full Strength
Mr. Roosevelt's ship building plan comes under the public works programme and is intended to give the American fleet the strength it is allowed under existing naval limitations agreements.

Both Republicans and Democrats in Congress have urged that the American fleet be built up to the terms allowed by the London agreement.

About \$48,000,000 is to be expended this year and a total of \$288,000,000 over three years.

Dr. Abram E. Cory

AT CONVENTION

Dr. Abram E. Cory who will be special speaker at the annual convention of the Churches of Christ at Summerside Aug. 4, 5, and 6, was for fifteen years a missionary in China. He was called home to serve in the general work of the Churches of Christ. His most notable achievement in this field was as leader of the splendidly successful Men and Millions movement in which over \$6,000,000 was secured for missions, benevolence, education and the ministry. From pastorate in Kinston, North Carolina he was called back into general work as Director of the Pension Fund of Churches of Christ with headquarters in Indianapolis. He is in constant demand for addresses in colleges, ministerial institutes and conventions.

CAR CRASHED THROUGH RAILING

Occupants Had Narrow Escape from Serious Injury in accident at W... Bridge.

Seven occupants of a car had a miraculous escape from serious injury or even death about 2 o'clock yesterday afternoon, when the automobile crashed through the railing at Wright's Bridge on St. Peter's Road about three miles from the City, and plunged to the bottom of the steep embankment. The cause of the accident was the giving away of a bolt in the steering gear.

The driver of the car was Mr. Thomas Smith, who was accompanied by his wife and two children, his sister, Mrs. King, and her two children. They were proceeding from Mount Stewart to Charlottetown, at the time when the accident occurred. The car crashed through the railing on the right side, and was prevented going into the stream by a tree.

Mrs. Smith received cuts to her face, and her son one and one-half years of age received a cut on the leg. Mrs. King received injuries to her back.

Mr. Harper MacNeill who arrived at the scene of the accident shortly after it occurred, drove the party to the Polyclinic where the injured received treatment. None of the injuries was of a serious nature. The car was badly broken.

C. W. L. MEETING-A largely attended meeting of the Indian River-Kensington branch of the C. W. L. was held on July 30th. The President, Mrs. (Dr.) E. G. Gillis, who presided, gave a comprehensive and interesting account of the Diocesan Convention held in Charlottetown recently. Rev. R. F. McDonald, who was present, spoke briefly on the inspirations and encouragement which might be gained by sending a delegate to the Convention and commending Mrs. Gillis for the splendid report brought home. Arrangements were completed for a tea-party to be held at Indian River, after which the meeting adjourned.-K.

PAINFULLY INJURED-Dorothy Richards, eleven year old daughter of John Richards, of Summerside, was painfully injured on Wednesday morning, when she was struck by a passing car near her home. Mrs. Richards called to her little girl, the child ran from behind a car going north and the driver of the car which struck her did not see her. He was travelling about fifteen miles an hour, had he been going any faster the little girl would have been killed. Her face was badly cut with the headlight when it was broken as she struck it. She received a bad fracture of her leg, caused by the bumper as the car ran over her. The driver of the car, who belonged to Maine, took the child to the hospital, where her injuries were attended to and she is now resting comfortably. The driver of the Maine car was very solicitous of the little girl's welfare, although he was in no way to blame as he did not see the child and did all he could to avoid an accident.

LAST TRACE OF Armada's Visit To Shediac Gone
MONOTON, N. B., Aug. 2-The last chapter is being written in connection with events dealing with the visit of General Italo Balbo and his fleet of twenty four Italian seaplanes to Shediac, N. B., on their memorable trans-Atlantic air voyage from Italy to the Chicago World's Fair.

Immediately after the departure of the aerial armada from Shediac on their return flight to Italy from Chicago and New York, the spare equipment which was stored in Shediac was loaded into Canadian National freight cars for forwarding to seaboard to be loaded on board ship for Italy.

Cars Dismantled
The two sleeping cars which the railway had placed for the comfort and convenience of the intrepid aviators during their stay in Shediac on both the west bound and east bound trip have been moved to Monoton and turned back into regular service, and the special telegraph car specially fitted with telegraph instruments and writing desks for the convenience of newspaper reporters in covering details of the flight has been dismantled.

Sends Message
Captain Campanelli, Italian aviator base officer in charge of the arrangements for the landing of the seaplanes at Shediac is about to depart from there for Italy and today W. U. Appleton, General Manager of the Atlantic region Canadian National Railways received the following telegram from him: "In the name of General Balbo and his staff I wish to extend to you my sincere thanks for your valuable co-operation and that of your staff on behalf of the memorable flight."

Signe, Campanelli
