

Y.M.C.A. WORK IS STEADILY FORGING AHEAD

The Executive of the Charlottetown Young Men's Christian Association have been steadily at work completing the organization for the present year. It is hoped to make the organization more efficient in all its departments. The matter of repairs has consumed a great deal of time

of the Directors and Officers during the last two years, but it is hoped to be able during the present year to do more constructive work. Mr. Edwin Aitken who was elected to the Directorship at the annual meeting, has found it impossible for him to act this year, and Mr. Jas. McMillan has been elected to fill the vacancy.

The Board is now made up of the following names: Dr. J. H. Ayers, R. E. Campbell, Isaac Carter, J. A. Clark, J. E. Binns, A. C. Duchemin, G. F. Hutcheson, R. H. Jenkins, C. H. B. Longworth, J. T. McKenzie, James McMillan, J. K. Ross, J. D. Seaman, E. D. Sterns, W. A. Stewart.

The Executive Committee consists of: Messrs. J. K. Ross, C. H. B. Longworth, J. A. Clark, G. F. Hutcheson, R. H. Jenkins.

Finance Committee: Messrs. C. H. B. Longworth, R. H. Jenkins, Isaac Carter.

Religious Work: John T. McKenzie; Chairman; W. S. Louson, Sidney Bonnell.

Reception Committee: W. A. Stewart, Chairman; Sidney Grey, Ham. Bethune.

Educational Committee: J. D. Seaman, Chairman; W. E. Bentley, Prof. Steele, Frank Stewart.

Boys' Work: J. A. Clark, Chairman; A. C. Duchemin, C. McKenzie, Elliott Full.

Physical Department: Jas. McMillan, Jas. Murley, Cuyler McKenzie.

Auditing Committee: A. C. Duchemin, Edwin Aitken.

Membership Committee: Dr. J. H. Ayers, Chairman; Frank Stewart, J. A. Webster, John Gordon, H. McDougall.

The strength of the Young Men's Christian Association is dependent upon its voluntary forces; in fact its whole basis of organization is on the idea of associating together to help the other man and boy. The type of men making up the Committee forces of the Charlottetown Association is such as any institu-

tion might well feel proud of. These men if they have the co-operation of the membership of the Association, should be able to exert a strong influence for right living in this City and Province.

A CHILD'S LAXATIVE IS SYRUP OF FIGS

MADE FROM FRUIT—CAN'T HARM TENDER STOMACH, LIVER AND BOWELS.

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile, and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given to-day saves a sick child to-morrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of the counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Don't be fooled!

WHAT'S INDIGESTION? WHO CARES? LISTEN

"PAPE'S DIAPERSIN" MAKES SOUR, GASSY STOMACHS FEELS FINE AT ONCE

Time! In five minutes all stomach distress will go. No indigestion, heart-burn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapersin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain indigestion remedy in the whole world, and besides it is harmless.

Millions of men and women now at their favorite foods without fear—they know Pape's Diapersin will save them from any stomach misery.

Please for your sake, get a large fifty-cent case of Pape's Diapersin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it, without dread of rebellion in the stomach.

Pape's Diapersin belongs in your home anyway. Should one of the family eat something which don't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement at daytime or during the night, it is handy to give the quickest, surest relief known.

WOMEN SHOULD HAVE FRANCHISE

(Canadian Press) MONTREAL, March 24.—Addressing the Montreal Women's Club Monday, Hon. T. W. Crothers, in answer to a question, stated as his personal belief that women should be granted the franchise on equal terms with men. He said that as soon as the majority of women wanted it themselves they could get it. The way they should operate was to get most of the women on their side, then persuade their husbands.

ASSAULTED IN ST. JOHN

ST. JOHN, March 19.—Geo. Harper said to be a P. E. Islander, under arrest here on a drunkenness charge tells the police that he was attacked by two men near the Intercolonial depot last night. His face was bruised.

THE SPRING STYLES

The new spring goods, daily arriving at Paton's store, give one a most delightful idea of what is being worn by the smart set in all the leading American cities.

Plaids and stripes are apparently here to stay. They are used—sometimes alone, but more often in combination with plain colors, as is plainly shown in Paton's new suits.

There are many coat suits consisting of a short coat of plaid or stripe worn with a skirt of plain color. In others the plaids or stripes are introduced into the skirt in the form of a tunic. Sometimes the skirt is plaid or striped, and the tunic is plain.

The goods are radiant with spring-time beauty and the showing runs the gamut of style for popular priced wearing materials.

New dress goods are always of utmost interest to women who love pretty things—and women who like to be among the first to wear the new styles are constantly on the lookout for novelty pattern and weaves and ultra fashionable color effects.

This season's display of silks and dress goods is a series of pleasant surprises. Weaves and patterns and colors that have never been seen before abound in all grades of fabrics—and the assortment of all lines is as choice as foreign markets could make possible—and the values

A Few Facts About a Good Fox Company

Consider these Points

The Hartford Dark Silver Fox Co. Ltd. has a splendid ranch at Alberton.

The Hartford owns five pairs of the highest grade dark silver foxes procurable. Four pairs were purchased from the Hon. Charles Dalton—one of the females had four pups in 1913 and is a guaranteed breeder.

Ranching expenses 10 p. c. of the increase.

In fox investments as everything else there are good buys—then others not so good. At present there are a number of companies selling stock that cannot pay a dividend this year—for they haven't foxes in the ranch but are capitalizing on the prospects of having foxes.

In the Hartford ranch there are at present five pairs of best quality dark silver foxes procurable. Four pairs were purchased from Hon. Chas. Dalton. One Dalton female is guaranteed breeder, having produced four pups last spring. Hartford is capitalized at \$100,000 for five pairs of foxes and the splendid ranching property at Alberton.

Hartford Dark Silver Fox Co., Ltd., Alberton, P. E. I.

There is no need of putting your money in an investment where it will lie idle for a year or perhaps longer when you can buy shares in the Hartford Dark Silver Fox Co., today and secure a big return in the fall.

With moderate success the Hartford will pay a dividend this year. Five pairs of foxes are now in the ranch and the manager is sure of a big increase. This fact coupled with the quality of the foxes, and the low rates for ranching, makes the future look bright for investors in the Hartford Proposition.

Hartford Dark Silver Fox Co., Ltd., Alberton, P. E. I.

Put Your Money in Taylor's Fox Company--and Get Returns this Year

Your money in the Taylor Silver lack Fox Company Limited, will work harder for you and longer than ever it did before, for it buys you an interest in one of the best fox ranches on P. E. Island today; buys you a share in seven pairs of the world's best black foxes and gives you an opportunity to share in this year's dividends, for there will be a profitable return as sure as you are alive.

Personnell of the Directorate

SHARES can be Secured from any of the above men, or from Fraser & McQuaid, Souris.

Returns for this Year are Guaranteed

From seven pairs of pure bred pedigreed Island Silver Black Foxes, the company guarantees a return of not less than ten young pups, to be raised up to Sep. 1st, 1914. The present market price for pups is \$16,500 to \$17,500 a pair. These young should realize \$82,500 to \$87,500, or at least a 40 to 47 p. c. dividend on your investment THIS YEAR, which is GUARANTEED by the company.

Taylor's is not a Prospective Project Everything about it is Real & Tangible

The Taylor proposition isn't working on options, agreements of sales or anything of the kind.

Seven pairs of foxes are now in the ranch; two pairs are tested breeders; all are mating now, and Mr. Taylor, the ranch manager, is sure of large increase.

The ranch is one of the best of its kind on P. E. Island today, splendidly equipped, ideally located and modern in every respect.

Included in your assets is FREE RANCHING for the first year—up to Sept. 1st, 1914. Shares are selling fast at \$100 each, 20 p. c. with application, balance at call.

How About Your Hay Crop This Summer---?

Was your hay crop last summer as big, bountiful and profitable as you could wish? If it wasn't we can help you make up for last year's poor success. If it was, we can make this year's crop bigger and better.

For not only do our unmixed English Fertilizers enable your land to produce a bigger and better crop, but they leave the land in better condition for each succeeding cultivation.

And you know that you can't expect to keep on taking out produce from the soil, without paying back some of the plant foods, that were consumed with other cultivations. These unmixed English Fertilizers show you the right way to treat your soil, to treat each square inch of land in your hay field so that it will produce a maximum yield.

Results Secured by Other Farmers

A man in Alberton used our fertilizers on one section of his hay field and left the other unfertilized. The fertilized field produced a profit of \$32.24 an acre, over the unfertilized field.

Another man in Dundas, P. E. I. secured a profit of \$32.00 per acre in each hay field he had treated with these fertilizers over the unfertilized ones.

Get Some of These Free Booklets

We can't tell you the full story of the wonderful possibilities of these fertilizers here, but we have a number of well-printed, illustrated, interesting booklets on farming and fertilizers, that are yours for the asking.
