DIVIDENDS!

The Great West Life has always done remarkably well for its policy holders—not only in the way of low rates, but also in the vital matter of high profit returns.

Three declarations of profit have been made. The first gave a dividend of \$50 per \$1,000—the full estimate made. The second gave \$75 per \$1,000. The third dividend—being paid this year—gives \$100 per \$1,000, just double the first dividend and estimate. Hence the phenomenal demand for Great West Policies. Rates on request.
