Exide BATTERIES RECHARGES RENTALS

Nobody knows better than an Exide dealer the "one-two" punch that cold weather lands on a battery. Not content with merely lowering its efficiency, cold weather piles on the work it has to do.

With his new, scientific Starting Power Indicator, your Exide dealer can show you this double action. See it work; you'll be eager then to have him test your battery on his Sure-Start Tester, an instrument that's as revealing as an X-ray. This amazing instrument tells you straight from the shoulder whether you need a "re-charge", a new battery, or whether you're all set for winter...

this service is free to all motorists. If you want to be sure of sure-fire starting from now on, regardless of weather, see the man who is equipped to promise it. He is your Exide dealer. Look for the daily weather forecast at his gas pump.
