

The Economy of OXO

The Little Housekeeper

OXO SPAGHETTI PIE.

Boil half a packet of spaghetti till tender. Chop an onion, mix with 1/2 lb. Hamburger steak, fry till partly cooked, then put with spaghetti in pie dish, season to taste. Mix 2 Oxo Cubes with little hot water, add can of tomatoes, and put over meat. Mash any cold cooked potatoes, spread on top and bake a nice brown.

OXO provides rich soups and gravies in a few minutes.

OXO provides tasty, nourishing, hot dishes from what was left over from yesterday.

OXO provides the concentrated goodness of lean beef which makes your food nourish you more.

OXO brings economy into the home, lightens the work of cooking, and creates a higher standard of health and well-being.

OXO BULLEIORE.

Put a can of tomatoes into a saucepan with one quart of water and four Oxo Cubes. Boil till tender, strain, add a little butter and season to taste.

Prince County Prize List

Gifts in beautiful Anniversary Packages

A GIFT of 1847 Rogers Bros. Silverplate always shows good taste and good sense of value. In attractive velvet-lined gift boxes and chests, this fine silverplate makes an ideal Anniversary Gift. It is the more appropriate, because this year marks the seventy-fifth anniversary of silverware that bears the quality date—1847.

Every one who receives this distinctive Anniversary Silverplate or selects it for her own use lays the foundation for a complete table service in harmony. Each new piece in the same pattern adds to the value of the others. The fancy serving pieces—berry spoon, pie knife or cold meat fork—contribute that little touch so necessary in correct table settings.

Your dealer has "1847 Rogers Bros." or can get it for you.

MERIDEN BRITANNIA CO., LIMITED, HAMILTON, ONT.
Made in Canada by Canadians and sold by leading Canadian dealers throughout the Dominion.

A VALUABLE VOICE

"Do you think, Professor," said the musically ambitious youth, "that I shall ever be able to do anything with my voice?"

"Well," was the cautious reply, "it may come in handy to raise the neighborhood in case of invasion."

Another Way.

Billy—"Does your mother give you anything if you take your medicine without crying?"

Gilly—"No, but she generally gives me something if I don't."

RADIO TELEPHONE SAFETY SPECIFICATIONS

Continued from Page 8.

Protection From Surges, Etc.

o. In order to protect the supply system from high-potential surges and kick-backs there must be installed in the supply line as near as possible to each radio-transformer, rotary spark gap, motor in generator set and other auxiliary apparatus, one of the following:

- Two condensers (each of not less than one-half (1/2) microfarad capacity and capable of withstanding six hundred (600) volt test) in series across the line and midpoint grounded; across (in parallel with) each of these condensers shall be connected a shunting fixed spark-gap capable of not more than one thirty-second (1/32) inch separation.
- Two vacuum tube type protectors in series across the line with the midpoint grounded.
- Non-inductively wound resistors connected across the line with midpoint grounded.
- Electrolytic lighting arrestors, such as the aluminum cell type. In no case shall the ground wire of surge and kick-back protective devices be run in parallel with the operating ground wire when within a distance of thirty (30) feet. The ground wire of the surge and kick-back protective devices shall not be connected to the operating ground or ground wire.

Suitable Devices

p. Transformers, voltage reducers, keys, and other devices employed shall be of types suitable for radio operation.

Dubious Prizes.

"The right kind of man appreciates a compliment from his wife." "Well," said Mr. Bibbles, thoughtfully, "that depends on the circumstances. Somehow I don't feel a very glow of satisfaction stealing over me after I have related a carefully concocted story to explain my absence from the domestic hearth and friend wife tells me with a cynical smile that I'm 'truly gifted.'"—Birmingham Age Herald.

The Eyes of the World

About twenty years ago a famous scientist and investigator made the statement that unless educational conditions are changed everywhere will be wearing glasses in fifty years.

How truly he spoke may be realized when you see so many people wearing glasses today.

If you wear a pair of properly made and properly fitted glasses they will relieve your eyes and PREVENT THEM GETTING WORSE.

On the other hand if you neglect your eyes they may reach the point where even glasses will not help them to any extent.

Have your eyes examined and know the conditions present.
