—ADDRESSED Y'S MEN'S CLUB—Mr. B. W. Robinson, who returned this week from the Canadian Legion Convention at Fort William, Ont., addressed the Summerside Y's Men's Club at their weekly supper meeting on Thursday evening. Mr. Robertson who is honorary president of the Club, gave an interesting account of his trip. He gave details of the Legion Convention, and his visit to the Government mint at Ottawa, also the opening of Parliament. He gave a very descriptive story of the city of Fort William, which owns its own telephone, street railway, electric power, water and sewerage and is one of the best illuminated cities in Canada. The city was specially illuminated in honour of the visitors to the convention with clusters of lights and Christmas trees. Mr. Robinson also visited the Niagara Peninsula and Falls and described the fall of the bridge, also the power station, which is partly covered with ice which had forced its way through the windows into the machinery. He stated that precautions are being taken to prevent the ice entering the power station below the falls which contains five 55,000 horse power units and five 58,000 horse power units, costing about fifteen million dollars. Mr. Lowell Hancock presided at the meeting and Mr. W. A. Darby, moved a vote of thanks to the speaker. A short business meeting followed Mr. Robinson's address.—S.

COLUMBIAN EXPOSITION FREE-FOR-ALL TROT

Sir,—In 1893 the greatest exposition ever held in America —or the World — was held in the City of Chicago—the Columbian World's Fair. It was in honor of the four-hundreth anniversary of the discovery of America by Columbus and set a pattern for all subsequent affairs of the kind that up to now has never been equalled. The scene was Jackson Park, on the south side of the city, and little more than five minutes walk from the gates of the exposition was the Washington Park race track, then one of the foremost in America, where the meetings of the Washington Park Jockey Club were held annually as well as those of the Northwestern Association of Trotting Horse Breeders. Both organizations signalized the season by giving great race meetings with rich special stakes and purses, which attracted world-wide attention. The feature of the trotting meeting was the "Columbian Exposition Free-for-All". A purse of $15,000 for trotters. It received the entry of every horse in America of pretensions to that class and on the day of the race, Sept. 14, a field of ten turned for the word, the pick of all America, before an immense crowd of spectators which numbered people from every quarter of the Globe. The contest that ensued has become historic and will never forgotten. Owing to a bewildering series of accidents, exigencies, etc., etc., it required three days to bring it to a conclusion it being a three-in-five race and nine heats necessary to decide the winner; four being trotted on Sept. 14, four more on Sept. 15; and the ninth on Sept. 16, when victory went to Alix, owned by Morris J. Jones, of Kenosha, Wis., and driven by Jack Curry, subsequently (1894) the World's Champion trotter with a record of 2.03¾. It was stated at the time that a larger amount of money was bet on this race than ever before in America upon a trotting contest. Hulda was a heavy favorite and her defeat was a body blow to the exchequers of both her driver, Orrin Hickok, and his confidant, "Counselor" Crawford, that they never recovered from. The time of the first heat, 2.07¾, by Alix, was a new race record for trotters when made. Her ninth heat in 2.09¾ has never been approached. After losing the first heat and winning the next two, Hulda broke down near the quarter-pole in the fourth heat and did not finish, but contrary to the ruler was placed ninth by the Judges and then allowed to be drawn. No race ever contested was so full of thrills as this one and as the tide of battle shifted to and fro through three days and nine heats it assumed epic proportions and created indescribable excitement. This race still stands and undoubtedly will to the "end of the chapter" of harness racing, as the fastest nine-heat contest ever trotted.

Here is the Summary:

Intyre that the road wolud not be paved this year." A letter had been received by the Board asking that support be given to a certain route.

Mr. J. Walter Jones, M. L. A., Bunbury, suggested the Board press upon the government the necessity of naming trunk roads which would then automatically have to be paved first. Such trunk roads should be fixed by an act of the legislature and only by an act could they be changed. Similar policies were followed in some states. "Here it is left to some whim of the Premier, Minister of Agriculture, of Public Works, or other members of the government to say what are trunk roads," Mr. Jones declared. The matter was referred to the transportation committee to consider and report on the next meeting of the Board.

The Board asked Coun. Dr. Heath McIntyre to convey to the Mayor and members of the City Council its willingness to co-operate with them in any way. The request was made after brief discussion on the question "should the Board take an active part in the finances of the city?"

The agriculture committee will convey to farmers the willingness of the Charlottetown Board of Trade to assist them in pressing for aid in purchase of seed this spring. Shortage of seed was predicted. In several areas seeding was so late last spring because of wet weather that a good crop of matured grain was impossible and in many cases late grain was badly infected with rust. Dr. Clark said. Seed oats would be at a premium all over Canada, Mr. Walter Jones predicted.

Federal aid to airports would be considered by the air committee and a report made at the next meeting, the Board decided. Mr. R. E. Mutch brought up the question of why should municipally owned airports be the only ones eligible for Federal aid. He referred to a similar question not being taken up at Moncton.

Another meeting of the Board would be held early in March, the President announced.

Teams Battle To Overtime Tie

Alberton Regals and Summerside Soviets playing off in one bracket of the MacLean League to decide a winner to meet the winner of the Olympia-Capitol series were still no nearer a decision at conclusion of play last night. The teams battled to a 30-minute 2-2 overtime draw before calling it quits.

The previous night the teams played a 1-1 tie. It was not known last night when the next game would take place.

S. P. C. A. Notes

S. P. C. A. Inspector McLean reports this week one dog humanely destroyed—three cats destroyed and one horse condemned as unfit for work, also dispatched, and four investigation cases.

The Inspector has carried on daily, routine inspection of truck and delivery horses, stables, etc.

There have been several complaints recently by citizens who have been disturbed by the barking of dogs—one lady even going so far as to demand the death on a dog so offending. If persons who are so annoyed would report such matters to Insp. McLean (phone 746-J) and have them investigated, instead of demanding redress from owners, adjustments may easily be effected. Happy dogs do not bark continuously—there must be a reason for it—perhaps the dog has to be tied up,—or shut up—or he may be sick or suffering in some way. Mr. McLean will investigate such cases, and, if the owner is obliged to keep a dog so restricted a temporary or permanent home may be found in the country for him. Often such cases do develop, and no blame can be laid on the owner or the dog, in any event it is better to report the matter to the tactful Inspector and let him make the adjustments.

This season has been very hard on the birds—pidgeons and sparrows, and though the weather has been so cold, they have received much more attention than usual at the hands of kind hearted citizens who make a point of feeding them every day. A great deal of credit is due the "Early Birds" of CFCY, who reminds listeners every morning to "Feed the Birds" and also to the Humane people all over the Maritimes, who have written in, to the effect that they are making it one of their morning duties. One lady in Charlottetown has about one dozen pidgeons come in her window and take their breakfast off her kitchen table every morning—she spreads papers on her table and invites them in.

The Society is very pleased to see one of its oldest members and substantial supporters back again on the City Council.

Many A Man
Has escaped a nervous breakdown

It is now becoming generally known, by word of mouth from one person to another, that scores of nervous, worried business men attribute their escape from nervous collapse to the use of Dr. Chase's Nerve Food.

Business cares and worries of recent years have made men old before their time. Almost daily you read of prominent men dropping out in the very prime of life.

Others have survived, because they learned in time of a way to restore nerve force to the body. As a result, weak, halting vital organs have again assumed their natural functions. Rest and sleep have become possible, and mind and body have been restored to normal. If you find yourself slipping ask your friends about Dr. Chase's Nerve Food. In almost every family there is some one who has profited by use of this modern restorative.

Select Malpeque Oysters Ready for Shipment

Courtesy of Canadian Government Motion Picture Bureau.

Now a new business looms on the horizon, for Prince Edward Island viz: Oyster Culture. In the latter part of the 19th century this business assumed considerable proportions and during the earlier years of the 20th century large shipments of oysters were made from this Province, but owing to haphazard methods of fishing and lack of cultivation of the areas, the production soon dwind'ed to practically nil. The Provincial Government made a valiant but unsuccessful attempt to resuscitate the industry. Later an agreement between local and federal powers was entered into, giving the latter complete jurisdiction over the oyster producing areas of Prince Edward Island. In 1929 a biological station and Experimental Oyster Farm was established at Bideford, adjacent to Malpeque Bay area, by the Federal Government, in charge of Dr. A. W. H. Needle. Under his efficient management a great deal has been learned about oyster culture and scientific methods have been employed in stocking oyster areas leased for that purpose.

Recently a new Oyster company has been formed under the name Sharp-Malpeque Oysters Limited.

AMNESTY

Seyss-Inquart's inclusion in the reshaped Austrian Cabinet as minister of the interior. German Nazis expected his office to be instrumental in swift Nazification of Austria.

Coincidentally, the trial of Rev. Martin Niemoeller, leader of Protestant opposition to Nazi religious doctrine, on charges of treasonable activity, opened a day ahead of schedule and the prosecution reversed a ruling unfavorable to the Lutheran Pastor.

-REINSTATED

Three defence attorneys, dismissed because the prosecution insinuated they had "treasonable dealings" with foreigners, were reinstated.

Heinrich Himmler, chief of all German police, was understood already to have circulated a secret decree forbidding members of the Schutz Staffel, Hitler's blackshirted Elite Guard, to forsake their religious ties.

The same reports said he also had issued instructions to Nazi Party members no longer to cooperate with the so-called German Christians who deny the Old Testament and want the New Testament rewritten with cetrain parts—such as the epistles of St. Paul—eliminated.

For Catholics, tonight's official Gazette reported that Hitler had permitted seven Catholics to accept the papal decorations.

One of them, Paul Sommers of Muenster, became a papal chamberlain with the express permission of the Fuehrer himself.

On the question of a plebiscite, Von Schuschnigg was reported to have been adamant against an expression of approval or disapproval of the authority of the constitution he put into effect in May, 1935.

The constitution declared Austria a Catholic Christian state and Von Schuschnigg, according to the report, would not submit to any revision of it.

THIEVES WORK FOR NOTHING

HAMILTON, Bermuda, Feb. 18—(CP)—Thieves who broke into a store at nearby Riddell's Bay by sawing through the door, had a hard night's work for nothing after carrying a 321-pound safe half a mile.

Their efforts to open the safe unsuccessful in the store, the visitors carried it half a mile to a quarry where they tried again, but still without success. Finally they gave up the attempt, leaving the safe partially covered with rocks in the quarry.

France Fearful

Government and relaxed Austrian bans on Nazi efforts to bring about union with Germany.

DIPLOMATS ACTIVE

LONDON, Feb. 18—(CP)—After a day of exceptional diplomatic activity here, including Anglo-French and Anglo-Italian conferences, it was reported France had urged Great Britain to join her in a strong effort to safeguard interests of the two democracies against Germany's strides through Austria toward a Nazified Central Europe.

At the end of the day Prime Minister Chamberlain called an extra-ordinary Cabinet Council on foreign affairs to meet tomorrow and consider the whole European situation.

The French representation was said to have been made personally to Foreign Secretary Eden by Ambassador Charles Corbin. This meeting was held after the Foreign Secretary and Prime Minister held two long conferences with the Italian Ambassador, Count Grandi. Grandi then talked at length with Rome by telephone, presumably reporting to Premier Mussolini.

Diplomatic quarters told The Associated Press France felt strongly Austria should be helped to defend what was left of her independence and urged closer contact on a situation described as of grave concern to all Europe.

Havas News Agency said predictions were heard here that Chancellor Hitler's new influence in Austria might yet result in closer collaboration between Great Britain and Italy in all political fields, including Austria.

"A crucial change in Italy's policy was envisaged in Westminster tonight following Count Grandi's conference with the Prime Minister and Mr. Eden," Paul-Louis Bret, Havas London correspondent, wrote in a copyright dispatch.

POLITICAL ANGLE CLEARED

VIENNA, Feb. 18—(AP)—Austrian Nazis were informed officially tonight that they might join the Fatherland Front—the country's only recognized political organization and heretofore her chief bulwark against National Socialism.

At the same time the Government assured the public in an official communique that there were no more secrets about what occurred in the talks between Chancellor Kurt Von Schuschnigg and Reichsfuehrer Hitler at Berchtesgaden—that everything agreed upon had been disclosed either by word or deed.

Nazis who enter the Fatherland Front must come as individuals and not as members of the Nazi party, a communique stated, warning that if they persist in illegal activities they not only will be punished according to the law, but will be expelled from the country.

Membership Conditional

The communique said membership in the Fatherland Front would be conditional upon recognition of the Austrian constitution which prohibits political parties, including the National Socialists.

Germany, the communique said, has given unconditional recognition of the Austrian constitutional prohibition of party activities and is taking measures to terminate Nazi activity in Austria.

Another official statement announced that Dr. Hans Fisch-Boeck had been appointed by the ministry of commerce to handle problems growing out of intensification of trade between Germany and Austria.

(Substantially the same statement on the Nazis in Austria was issued in Berlin.)

Reports that Austria was to be drawn into the German four-year plan for self-sufficiency through a customs union caused Vienna stock exchange prices to drop today as much as 10 per cent.

A financier close to the stock exchange admitted a feeling of panic on the exchange. Traders awaited anxiously for definite economic announcements in Chancellor Hitler's Sunday speech to the Reichstag.

New Annan Eliminates Spring Valley

In a hard, fast, rugged game in Kensington rink on Thursday evening the New Annan boys upset the dope of the North Shore League by coming from behind a two-goal lead in the first period to gain the verdict and playoff berth in the finals by ekeing out a 5 to 4 victory and eliminating the high point winners of the league, the Spring Valley team. Getting away on time with the largest crowd of the season hollering for action, Heckbert on a pass from Profitt opened the scoring 32 seconds after the opening bell, and was followed by H. Champion again making the red light flicker at 3.10 to give the Spring Valley team a two goal lead which they held until the 3.12 mark in the second period when R. Champion tripped G. Mills when he was right through for what looked like a sure score, giving New Annan a penalty shot which Jabez Mills, who packs a bullet-like drive, beat Matthews easily for their first score, and one minute later Jimmy Mills on a nice solo tied it up by beating Matthews with a hard drive to the right corner.

Play raced from end to end with both teams trying desperately to break the tie, and continued at a fast clip until 11.01. Heckbert rushed from behind his own blueline to put the Spring Valley team once more out front, but this lead was short lived, for 40 seconds later F. McKay once more beat Matthews to tie it up, three-all.

Play from this point continued fast, both teams looking for a break and working hard to break the tie, and at 15.28 R. Champion, on a pass from H. Champion and S. Champion once more beat Campbell, New Annan claiming a man was in the crease on this goal but the referees allowed the goal and at 16.32 Spring Valley once more on a hard drive claimed a score, claiming the puck went right through the net. However, the goal judge said no, it did not go in, and their claim was disallowed by the referee-in-chief, and the goal judge replaced. The period ended with the Spring Valley team on the long end of a 4 to 3 score.

The third period opened with New Annan forcing the play and they were rewarded with the equalizer at 3.06 when G. Mills beat Matthews on a pass from Jabez Mills, and four minutes later G. Mills once more had Matthews at his mercy when he received a perfect pass from Jimmy Mills to score the last and winning goal.

The Spring Valley team from this point on forced continually and although having the edge in the play could not make the red light flicker, the game ending with Spring Valley still forcing in the New Annan territory.

Lineups:

New Annan—Goal, D. Campbell; defence, N. McKay, G. McKay; forwards, Jabez Mills, Geo. Mills, James Mills, E. Schurman, F. McKay, I. Craswell, J. Barlowe.
Coach—J. Marchbanks.

Spring Valley—Goal, E. Matthews; defence, R. Craig, R. Heckbert; forwards, H. Champion, R. Champion, C. Champion, Earl Matthews, W. Duggan, F. Profitt, J. Darrach.
Coach—O. Darrach.

SUMMARY

9—New Annan, G. Mills (James Mills) — — — — — 7.57
Penalties: R. Champion.
Stops: by Campbell, 25; by Matthews, 38.
Referees—Keith Howatt and I. Jay.

—NOTES—

Outstanding man on the ice for first place goes to Jabez Mills who got his team's first goal and another in the second period, and assisted by carrying the puck the full length of the ice to give G. Mills a perfect pass to tie up the score beginning the third period.

Second place goes to Geo. Mills who played good hockey all through and made no mistakes on the two goals that tied it up and won the game for New Annan.

Third place goes to W. Duggan; although not figuring in any of his team's goals played good hockey throughout and was the right man in the right place when his team was shorthanded.

THREE BIRTHDAYS FALL ON SAME DAY

UPPER MUSQUODOBOIT, N.S., Feb. 18—(CP)—It was an unusual birthday celebration that took place at the home of Mrs. George Bell in this Halifax County village.

The anniversary of both Mrs. Bell's birthday and that of her brother, Horace, also of Upper Musquodoboit, in future will be the occasion for a triple celebration. A son was born to Mrs. Bell on her birthday.

FOREGO QUERIES ON WOMEN'S AGE

BOSTON, Feb. 18—(CP)—Women would be exempted from telling their exact age registering as voters, under a bill sponsored before the legislative committee on election laws by Representative John B. Wenzler of South Boston.

"When women are asked how old they are there is a great deal of embarrassment," Representative Wenzler said.

CANADIANS GO TO SOUTH AFRICA

After Pneumonia Couldn't Get Strong

After many severe illnesses the patient is often left in an extremely weak and exhausted condition.

To all those convalescents needing a tonic to strengthen and build up their weakened system we would recommend Milburn's Health and Nerve Pills to assist them to recover the full enjoyment of robust health. They help to tone up the nervous system and bring back bodily strength and vigor.

Buy a box and be convinced.

MRS. GEORGE CLARK, Wallace, N.S., writes:—"Some time ago I had a severe attack of pneumonia. I never seemed to get my strength back, and was always in a weak, nervous condition until a friend advised me to take Milburn's Health and Nerve Pills.

After I had taken two boxes I felt as well as ever, so I will recommend them to any one who is suffering as I did, for I could not have taken any medicine that would have done me so much good."
