The unusual thing happened in a southern town the other day when a negro woman committed suicide. "Why is it, Rastus," an old Negro was asked, "that so few negroes ever commit suicide?" "It's dis way, boss; when a white man gets in trouble and sets down to worry over it, he gets desprit and kills hisself. When a nigger sets down he goes to sleep!"

of poor circumstances who all his life had cast longing glances at the long icy slopes around his home. Imagine the pleasure that an illustrated booklet would bring to a sick child whose parents can barely eke out a living, and who must spend long tedious hours in bed.  
This year the response to the call for Santa Pals has been splendid, although a considerable number of children yet remain to be adopted. It is hoped that Santa-Pals will be forthcoming within the next day or two to reduce the list to zero.  
Santa-Pals are requested to send in their contributions before December 20. This year the articles for distribution are limited to toys, candy and fruit. Over the week end forty new names came in.

Following are the names of needy children with those who have been already adopted omitted:

**On Bridge for Two Governors General**

HALIFAX, N. S., Dec. 14—Capt. B. W. C. Manning, master of the Canadian National steamship R. M. S. Lady Hawkins, which is now bearing their Excellencies the Governor General and Lady Willingdon, on a cruise of the West Indies, is at sea with his second Governor General. He was navigating officer for the Duke of Devonshire on his yacht "Hochelaga" in 1919 and 1920, and he carries an engraved silver cigarette case which was a gift to him from the former Governor.

Another plan for the shipper has is a gold watch which was presented to him by the Canadian Government for his gallantry in rescuing from death the crew of a wrecked schooner. It was when Capt. Manning was in charge of the "Canadian Pathfinder" in January, 1928, in the North Atlantic, between Halifax and Bermuda, the "Pathfinder" sighted the schooner "Mayotte" distressed and carrying six men through a rough sea to doom. Alert in thought and quick to act, Capt. Manning ordered oil to be spread on the sea. He drifted alongside the Mayotte and took the men off by rope ladders. On behalf of the Canadian Government, Sir Henry Thornton made presentation of the watch.

Captain Manning, a native of Bridgewater, N. S., began his seafaring career with Nova Scotia barquentines and old English full-rigged ships. In 1920 he was second mate of the "Canadian Volunteer" of the Canadian Government Merchant Marine, followed by the "Fisher" of which he afterwards became Master, after having served as first officer on the "Beaver" the "Harvester" and the "Hunter" all within one year. He was master of the "Pathfinder" and he took charge of the "Lady Hawkins" when she entered the West Indies service last November.

In the port of Halifax, the "Lady Hawkins" flies the ancient flag of Nova Scotia, the lion rampant on the cross of St. Andrew, which was presented to Captain Manning by the Bridgewater Board of Trade.

Their Excellencies Viscount and Lady Willingdon are visiting, as passenger on the "Lady Hawkins," Bermuda, St. Kitts, Nevis, Antigua, Montserrat, Dominica, St. John, Barbados, St. Vincent, Grenada and Trinidad. They will spend Christmas and New Year's day in Jamaica and will return to Bermuda, by way of the Bahamas, on another Canadian National steamer, the "Lady Somers," returning to Canada on the "Lady Drake."
