Notice to the Public As has been our usual custom for several years our Plant was closed between Christmas and New Years, but we now find on account of present Economic conditions we have not sufficient work on hand or in sight to justify our men back to work at the present time. Our Works office and Main office is open to receive orders for work and the transaction of business as usual, and any orders forwarded us will receive our prompt attention. We would urge those who have or are anticipating having any work done to forward same to us at once so that we can begin plant operations as soon as it is possible, and thus give our men employment again. We wish to take this opportunity of extending our Best Wishes for the New Year, and to thank all for their generous patronage in years past. Bruce Stewart & Co. Limited 7448-1-4-31
