There were two accidents in Summerside yesterday, the first being about 4 o'clock in the afternoon when a child was hit by a car said to be driven by a man from Charlottetown; the second accident occurred about 5.30 p. m. when a local car struck a United States car. train showing the speed limit in Summerside but motorists when held up claim there is no sign to indicate the speed limit. In some cases motorists have no tail light and in other cases the lights are so poor that they are only an excuse. This matter should have the immediate attention of not only the town authorities but also of the Provincial government. In all his pre-election speeches Mr. L. R. Allen said that he was going to see that the motor vehicle law was rigidly enforced and conditions as they are at present give him a grand opportunity to carry out his promises.

LODGE 50 YEARS MARRIED

LONDON, August 25.—Sir Oliver Lodge and Lady Lodge celebrated their golden wedding anniversary today. Their ten children came from various parts of England to be with them for the celebration, which was held at Malvern, Worcestershire. Hundreds of telegrams of congratulations were received by Sir Oliver during the day.

Although 76, Sir Oliver Lodge is as active as ever. "We spent the day quietly," he said this evening, speaking of the anniversary; "we are a very happy family. My sons and daughters were very glad to see their mother looking so well. I, too, enjoy good health, and am still able to work hard." He added that he is working on several new books, one an extensive work in physics, and the other, which will be published next month, on evidence of survival after death.

Miss Wills Wins In Forest Hills Play

FOREST HILLS, N. Y., Aug. 25.—Smashing her way forward with irresistible power, Miss Helen Wills conquered Mrs. Lillian Scharman Hester, of Brooklyn, former fourth ranking star, today and advanced another notch towards her goal, the national women's tennis championship.

The California girl's triumph by scores of 6—0, 6—2, was the most impressive of a day of competition on wind-swept courts that reduced the field to 16 players, including all six of the British contenders, as well as Miss Kea Bouman, champion of Holland.

As a result, the third round tomorrow will witness seven international contests, featured by those in which Miss Wills will oppose Mrs. John Hill, of England. Mrs. Molla Mallory, the defending champion, will meet Miss Gwynneth Sterry, of England, Miss Helen Jacobs, 18-year-old Californian, will play Miss Eileen Bennett, of England, and Miss Betty Nuthall, the 16-year-old British star, will encounter Miss Penelope Anderson, of Richmond, Va.

Gelding Is Victor At Goshen

GOSHEN, N. Y., August 25.—Mr. Hanna, bay gelding, owned by L. B. Sheppard, of Hanover, Pa., was driven by Thomas Berry, to victory in the three year old trot for the Bradley Purse of $3,000, top event of the Grand Circuit, program here today. This son of Peter Vole, needed the third heat to gain the decision, however, for Walter Cox had Nescopic over in front in the second heat by a great drive down the stretch.

All other favorites won in straight heats. Sir Roch got good opposition from Guesswork and Highland Scott in the 2.03 pace, but Habelton had no trouble in the 2.12 trot, and Widow Grattan, piloted by Will Fraser, had a comfortable time in the 2.18 pace.

Today's attendance was one of the largest for a harness horse meeting in the county.

Champion Shows Up Well In Training

SPECULATOR, N. Y., Aug. 25.—Gene Tunney expects to leave his training camp here for Chicago "some time near the end of the month" and he will travel either by automobile or train. The exact date of the champion's departure is uncertain, he let it be known today. Tunney likes the mountain air with its pine tang from the trees that dot the surrounding countryside. The champion never has liked to work before crowds, and that has influenced his decision to stay in seclusion as long as possible. Gene put on nine rounds of boxing yesterday, five with the light bags and four with his partners. Although he withheld severe punishment to Paul Cavalier and Billy Vidabeck, both were victims of a rapid fire of punches that sent them reeling around the ring. The champion was like a flash in his hitting, accurate and strong.

Prior to a week ago Tunney's exhibitions were free but the champion now is charging for his matinees. The money is given to charity, a Catholic Church, a Methodist Church and the Speculator Winter Sports Club being the recipients.

Four sparring partners are in the camp, but Harold Mays, one of the men in the champion's camp last year has declined an invitation. Eddie Eagan, former United States amateur heavyweight champion, was to rejoin Tunney and share his cottage.

culture followed. He congratulated Mr. Hyndman on the wide range of subjects embodied in his report and discussed the growing needs of this province in transportation. Referring to the roads he stated that they were in good condition, although if gravelled they could be made much better.

Mr. S. A. Macdonald, newly-elected president next made a few remarks. He was followed by Mr. Nelson Rattenbury who read a very interesting paper on "Trading at Home and Within the Empire" which will be published shortly. Mr. Justice Arsenault also made a few remarks on behalf of the Tourists' Association.

A vote of thanks was then moved by Mr. Pomeroy, thanking Mr. and Mrs. Clark for their kind hospitality. Mrs. Clark briefly replied. Mr. Clark also spoke, requesting the support of the Board to the extension of the Experimental Farm.

Following are some of the resolutions in their full text. The remainder for lack of space in this issue will be published later.

Re Traffic Expert

WHEREAS owing to the complicated and technical nature of our freight structures and the changes in tariffs, arbitrariies, routings, etc., that are constantly taking place, the permanent services of a competent traffic expert to handle our freight problems has become a necessity.

AND WHEREAS after many years of agitation and strong recommendations by the Maritime Boards of Trade a conference of the premiers of the three Maritime Provinces was finally arranged at Moncton in the fall of 1923, which resulted in the temporary employment by these provinces of Mr. F. C. Cornell to investigate the then existing conditions in the Maritimes especially with regard to freight rates.

AND WHEREAS the result of Mr. Cornell's employment and his investigations of the disadvantages and the disabilities under which the Maritimes Provinces had been suffering was the birth of the Maritime Rights Agitation.

AND WHEREAS as a result of the Maritime Rights Agitation the Federal Government appointed "The Duncan Commission" whose recommendations generally have been implemented or provided for by the Federal Parliament including the enactment of the Maritime Freight Rates Act, improved and additional terminal and warehouse facilities, a better service on our railway, as well as a tentative annual increase of one hundred and twenty-five thousand dollars ($125,000.00) to our Provincial Subsidy from the Federal Treasury.

AND WHEREAS neither our Federal Parliament nor our Boards of Railway Commissioners have control over international rates as applied to traffic between Canada and the United States, thus defeating one of our major objects, viz., the reduction of freight rates on our potatoes to points in the United States, a matter of supreme importance to us, but which can only be brought about by one qualified to deal with such matters by negotiation through the Board of Railway Commissioners of Canada with the Interstate Commerce Commission of the United States.

AND WHEREAS we believe it to be the bounden duty of our Provincial Government to materially assist in the economical marketing of the products of our province, which assistance should not end by building roads and wharves, but should extend to the more important problem of securing our just dues from the Transportation Companies by employing a competent and experienced Traffic Expert to constantly check rates and to compel the issuance of tariffs consistent with the requirements of the law.

THEREFORE BE IT RESOLVED. That the Prince Edward Island Associated Boards of Trade in Annual Meeting assembled and representative of Local Boards of Trade, Farmers' Institutes, Agricultural and Live Stock Societies, Egg Circles, Fishermen's Clubs, The Provincial Women's Institute and the business community generally, earnestly urges on our Provincial Government either by itself or in conjunction with the governments of New Brunswick and Nova Scotia the permanent employment of a transportation specialist to study our traffic problems and to secure the minimum rates of freight to which we are now or may be at any time entitled.

FURTHER RESOLVED that a committee be appointed by this Board to wait on our Provincial Government with a view to having this resolution carried into effect.

Moved by W. L. Poole.
Seconded by R. E. Mutch.

Re Good Roads

RESOLVED that this Conference of Associated Boards of Trade in annual session this 25th day of August, 1927, being representative of the principal interests of the Province, desire to place on record, that in their opinion the time has arrived, in view of the great increase in Motor Vehicle Traffic, for a progressive policy in highway improvement, and would strongly urge that the Main Trunk Line leading to Shipping and Business Centres throughout the Province, receive a water-proof coat of gravel, thus insuring a hard road for Spring and Fall months, when most needed, and eliminating in a large measure, the present sand dust nuisance.

Moved by Col. G. E. Full.
Seconded by G. M. Muttart.

Re Health Department

RESOLVED that this Annual Conference of Associated Boards of Trade of Prince Edward Island, held at Charlottetown this 25th day of August, 1927, is of the opinion that immediate action is desirable in the forming of a Health Department in this Province, with a capable official in charge, under the direction of the Local Government, in order to insure energetic measures being taken to conserve the Health of our citizens, and thus through concentrated effort, co-operate to the fullest extent with such voluntary Organizations, as the Red Cross Society and the Anti-Tuberculosis Society, in fighting, particularly, the dread disease Tuberculosis, and in giving relief to crippled children.

Moved by Col. G. E. Full.
Seconded by G. M. Muttart.

COTTON TRADE UNEASY

MANCHESTER, Aug. 25. —The succession of pessimistic cables which have been coming from the United States regarding the cotton crop are making the Lancashire cotton trade somewhat uneasy regarding the future outlook.

Cotton advanced a farthing (about half a cent) a pound today, necessitating the adjustment by salesmen on the exchange of their quotations for yarn and cloth accordingly. This caused buyers to exercise the greatest caution and further checked business.

Carrick Of Toronto Beaten And Jones Wins Handily

MINNEAPOLIS, Minn., Aug. 25. —George Von Elm, of Los Angeles, today lost his National Amateur Golf Championship in the second 18-hole round match play, yielding to Harry Legg on the home course one down after a desperate fight in which the title-holder shot close to par.

Bobby Jones, the only one who has defeated Von Elm in the championship in the last years, won handily from Eugene Homans, of New York, who led in medal play the first day with 71, but he had a scare in the first round, being down most of the way to Maurice McCarthy, another young New Yorker, and winning only by par on the last four holes.

Don Carrick, of Toronto, the Canadian amateur title-holder, met defeat during the second round when Jimmy Johnston, a local star, scored a 2 and 1 victory. Carrick shot good golf throughout but could not get the breaks. The Canadian champion had defeated Art Sweet of New York, in the first round.
