SPRING FEELING OF TIREDNESS Indicates a Run-Down Condition, Exhausted Energy and Poor Blood. Thousands are Annually Restored by Ferrozone—The Case of Mrs. R. Cross, of Wakefield, Ont.,

"I was in poor health nearly all last winter," writes Mrs. Cross. "My appetite was variable. I was weak and unable for work. I suffered a good deal from nervous headache and palpitation of the heart. My digestion was generally of a poor order. By spring time I had lost flesh and color, and had a bad cough. The doctor didn't help me very much, so I decided to try Ferrozone. It did me good. I soon began to feel better. I gained strength, looked and felt a lot better. When I had a box of Ferrozone I weighed myself, and found a gain of five pounds. Ferrozone rebuilt my constitution and made me a new woman. I consider Ferrozone the best medicine I got to every weak woman. It cures quickly and saves big doctor's bills." (MRS.) R. CROSS.

It made me strong and well and I had such an appetite that I wanted to be eating half the time."
