ICE CONDITIONS BETTER. — The ice conditions in the Straits were more favorable for the Car-ferry passages yesterday, and she completed her round trip at half-past-six in the evening. The mail train reached the city at 9 o'clock.

DO BIRDS KNOW?—During the earthquake on Saturday night a parrot in the home of Mr. and Mrs. C. Cuming, Euston Street, showed symptoms of great terror although at that particular point the quake was so slight as not to be noticed by the inmates of the house. The parrots cage was entirely covered and dark and the bird apparently asleep. Suddenly it set up a scream and evinced great fear, trembling and otherwise acting as if in mortal terror. It was finally soothed into tranquillity.

DIED IN ENGLAND—News was received yesterday of the death at West Croydon, Surrey, England, of Mr. Alfred Baines, late of the C.G.S. Earl Grey, which took place on the 8th February of pneumonia. The late Mr. Baines returned to England nine months ago from Seattle, Washington, and had been employed with the A. D. C. Aircraft as Inspector. He leaves to mourn his wife and two children to whom the Guardian extends sincere sympathy.

GOLDEN ANNIVERSARY— The following is taken from a Watertown Mass, exchange: Mr. and Mrs John M. Frazer of 12 Fifield Street celebrated their golden wedding anniversary last Friday at their home when a large number of friends called during the afternoon and evening. They were assisted in receiving by their daughter, Mrs. Fred Safford and Mr. Safford, and by their son, Harry Frazer and Mrs. Frazer, of Waltham. The rooms were tastefully decorated with flowers, and the many gifts of gold, flowers, and other remembrances added a festive appearance to the home. A happy feature of the afternoon was the appearance of an imposing birthday cake, made by Mrs Safford, decorated with candles and golden roses and cut by the hostess, Mrs. Frazer. Mr. Frazer's anniversary gift to his wife was a beautiful gold wrist watch. Mr. and Mrs. Frazer were married in Charlottetown, Prince Edward Island, fifty years ago, and have lived in Watertown about 35 years. Of their seven children, three are living: Mrs. Fred Safford, Harry Frazer and Ruth Frazer. The Mrs. Frazer referred to above is a sister of the late C. and David Hooper of Charlottetown.

PERSONALS

Mr. A. J. Mathieson, O'Leary, was a visitor in the City yesterday.

THE CRYSTAL-SUSSEX GAME AT S'SIDE TONIGHT

Tonight's hockey game between Sussex and Summerside may not be the battle of the century, but it is easily the battle of the year for P. E. Island hockey fans.

One solitary goal lead when the final curtain drops will mean that the N. B. P. E. I. hockey title will either remain in Sussex or once more come to the Island of hockeyists. Farther still the aggregation which emerges on the long end of the chalking tonight will qualify to the right to play in the finals for the hockey championship of the Maritime Provinces.

The betting here in the city is about even with the Crystals slight favorites, but few odds are given—one fan last night laying 20 to 10 on Summerside and a few hours later became "generous" and bet the same amount on Sussex. Query—How much will he win?

The special train, providing enough tickets are sold, will leave at 4 o'clock sharp.

Bruce Stewart & Co. Hold Annual Meeting

The annual meeting of Bruce Stewart and Company, Ltd., was held in the offices of the Company last evening, with a large attendance of shareholders.

The President, Mr. Bruce Stewart occupied the chair, and reviewed the history of the Company during 1924. The total sales were $159,623.89 and the net profits, after all operations and costs, were $2,155.57. The President stated that the small amount of profits was due to a large falling off of the business, which was general to all concerns in the Maritime Provinces. Bruce Stewart and Co. were really doing better than most, and during the year nearly $50,000 had been spent in wages and salaries, all of which was disbursed in this city.

A discussion took place regarding the affairs of the Company, and was taken part in by Messrs. James Paton, C. R. Smallwood, A. E. Dewar, C. H. Chandler, Col. H. M. Davison, J. O. Hyndman, Isaac Carter, Col. D. A. MacKinnon, Mrs. Andrew MacNair, and several others. All advised the necessity of boosting the business by closer co-operation among the share-holders. Many congratulatory remarks were made regarding the plant which is one of the best of its kind in the Maritime Provinces. Some of the speakers stated that it was considered that the charges were high. This was pointed out to be incorrect and that the charges for work done were less than that charged by any plant of this kind in the neighboring provinces.

The tone of the meeting was optimistic, and the fact that the head officials had voluntarily decreased their salaries, and that the plant had been made to operate at the lowest possible cost consistent with the best production, augurs well for a successful year in 1925.

The old Board of Directors, consisting of the following, were re-elected, with the addition of Mr. C. H. Chandler:—Bruce Stewart, President; Frank R. Heartz, Vice-President; C. L. MacKay, Secretary-Treasurer; John MacLean, Director; Frank M. Stewart, Director; John A. MacNair, Director.

SANTIAGO, Chili, Mar. 2.—A state of seige has been declared in the Chilean provinces of Santiago, Valparaiso and Ancoga, the most thickly populated sections of country. The measure was dictated by incidents occurring Saturday held to indicate the existence of a plot on the part of the Unionists, with the object of overturning the present Government. The principal Unionist leaders have been arrested.

Why Stay Fat? You Can Reduce

The answer of most fat people is that it is too hard, too troublesome and too dangerous to force the weight down. Marmola Prescription Tablets overcome all these difficulties. They are pleasant to take, entail no dieting or exercise, and have the added advantage of cheapness. A box is sold at one dollar by all druggists the world over, or send the price direct to the Marmola Co., General Motors Bldg., Detroit, Mich. Now that you know this, you have no excuse for being fat. You can reduce steadily and easily without going through long sieges of tiresome exercise and starvation diet with fear of bad effects. Get a box and start getting slender now.

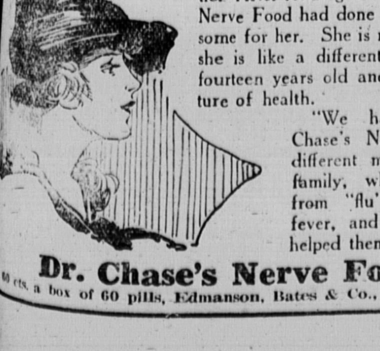
"Best Thing in the World For Delicate Girls"



Mrs. John Bennett, Boggy Creek, Man., writes: "My little girl had organic nervous trouble, could not sleep, had severe headaches and fainting spells. This went on for three years, and three doctors helped her very little. After reading of what Dr. Chase's Nerve Food had done for others, I got some for her. She is now so well that she is like a different child. She is fourteen years old and looks the picture of health.

"We have used Dr. Chase's Nerve Food for different members of the family, when recovering from "flu" and scarlet fever, and it has always helped them."

THE MARKETS

(Canadian Press)

Dominion Livestock Cattle Receipts 335

MONTREAL, Mar. 2.—There were only a few cattle for sale on the two markets. There was an improvement in the quality of the cattle and this together with an increase of fifty cents or more in price caused much higher quotations all along the line. Eighteen steers of good export quality averaged 1,300 pounds and were sold for $8.25. A small lot of good butcher cattle, averaging 1,085 pounds, brought $8.00 and a few lot of medium to just good steers of various weights brought $7.25 to $7.50. The bulk of the cattle were common to medium quality steers and heifers averaging 850 to 900 pounds and were sold around $6.50. An odd good young cow brought $6 and the same price was paid for a young 1,250 pound bull, fair quality big bodied cows of dairy type were readily disposed of at $4 to $4.50. There was a good general enquiry and all stock was all weighed upon early in the day.

Quotations; butcher steers choice 925, good 750 to 800, medium 650 to 700, common 550 to 625. Butcher heifers: medium 600 to 650, common 400 to 550, butcher cows, 550 to 600, medium 350 to 450, canners 200 cutters 225 to 275 butcher bulls good 500 to 600 common 350 to 450. Calf receipts 533.

Very few choice veals were offered today. The bulk of the medium to good calves brought from $10.50 to $10.75 with a few lots at $11.00. Common calves sold from $9.25 to $10.00. The few grass calves offered brought $4.65, quotations good veal 1100, medium 1025 to 1075, common 925 to 1000, grass 465. Sheep receipts 50. Prices on the very few lambs on sale today were steady with last week. The bulk of the offering was made up of sheep and these sold in small lots at from $6.00 to $7.50.

Quotations ewes 600 to 750, lambs good 1375 to 1400, common 1300 to 1350.

Hog receipts 1602 with a light offering of hogs, prices scored a sharp advance over last week. Mixed lots of fair weight sold from $12.50 to $12.75. Light hogs mostly $12.00 to $12.25. Sows were $10.50. Selects $13.50.

OTTAWA, Mar. 2.—(EGGS)—Prices are lower as a result of heavier receipts and lower prices in the United States. Ontario country shippers are paying extras 32, firsts 28, seconds 26, and making sales extras 35, firsts 32, seconds 30, f.o.b. It is reported that a Vancouver firm has an order for 1,500 cases of eggs for shipment to New Zealand, but owing to some difficulty in securing refrigerated space from the steamers it is doubtful whether these eggs will go forward. A trial shipment of 25 cases of fresh extras were shipped to New Zealand last May; these arrived in very fine condition and gave such good satisfaction that the same firm placed this order for 1500 cases. Toronto jobbing specials 43, extras 41, firsts 38, seconds 34. Montreal extras jobbing 43, firsts 40. Manitoba prices lower, dealers quoting delivered extras 37 to 40, firsts 35 to 37, seconds 28 to 30. Saskatchewan dealers quoting delivered extras 43, firsts 35, seconds 30. Alberta and British Columbia markets unchanged.

MONTREAL, March 2.—There was no improvement in the export business in Canadian grain here today and the demand from local buyers was also of a very limited character an easier feeling prevailed in oats and prices for some grades were lower with Ontario No 3 white quoted at 65 cents and No 4 grade at 63 cents per bushel ex-store. The trade in spring wheat grades of flour was quiet and prices were unchanged little business was transacted in winter wheat flour. Extreme dullness marked the trade in millfeed, but prices were steady. The demand for rolled oats was quiet. Owing to the continued downward tendency of prices for eggs in the United States markets and the liberal offerings from that source, Further weakness prevailed in the Montreal market and prices scored another decline of two cents per dozen. The tone of the butter market continues strong and prices were marked up another half cent per pound. The undertone to the cheese market was firm, but the trade was inactive. Beans were quoted at 2.70 per bushel.

NOTICE

To whom it may concern:

The duty of preparing the list of persons entitled to vote on the Union question in Zion Church devolved upon me and I faithfully performed this duty in accordance with the printed instructions received The impartial Returning Officer Mr. Murdock MacLeod and also Mr. Murdock Ross have accused me publicly of "cooking" the lists. This falsehood seems to have had wings. The attached letter from Mr. Donald McKinnon, K. C. the assistant Clerk of Zion Church Session, should set the matter at rest.

Here is the way to glistening teeth that dentists now advise

It removes that dingy film from your teeth. It clears cloudy teeth. Start beautifying your teeth today—why wait?

MODERN science now tells us how to clean and brighten dingy teeth. A new way widely urged by leading dentists of the world. Different in formula, action and effect, it does what no other method has yet attained—removes and combats, without harsh grit, the dangerous film that covers teeth and which old type dentifrices do not fight successfully.

Run your tongue across your teeth. You will feel that film. Under it are the prettier, whiter teeth you envy in others. If you combat that film your teeth will quickly glisten in a way that will delight you. Ask your druggist for a tube of Pepsodent. Results will amaze you.

The great enemy of teeth

Film is the great enemy of tooth beauty. And a chief cause, according to world's dental authorities, of pyorrhea and most tooth troubles. It clings to teeth, gets into crevices and stays. Germs by the millions breed in it. It holds food in contact with teeth, inviting the acid that causes decay.

You can't have prettier, whiter teeth; you can't have healthier teeth unless you combat that film.

Mail the coupon now. Don't expect the same results from old type dentifrices. Begin beautifying your teeth today.
