splendid results, in commissions to the Hospital, of the magnificent grand total subscription to the Victory Loan.

In this connection it should never be forgotten that all the canvassers for the Loan, cheerfully and eagerly acceded to the request of the Trustees, that all commissions in connection with it, allowed by the Government, should be devoted to the two Hospitals.

The Trustees are also particularly grateful for the grand work done by Mr. W. H. Tidmarsh, Chairman, and the Captains and members of the Charlottetown and Royalty Victory Loan Teams. These gentlemen deserve more than passing recognition, for they gave largely of their time and spent themselves unstintingly to make the Loan the grand success it has been.

The Trustees are most happy to state that the commissions, on the subscriptions, will go far, together with the excellent work now being done throughout the country, on behalf of the P. E. Island Hospital, to annul the deficit and to place this most worthy Institution in a better position for its future work than it has ever been in the past.

On behalf of the Board of Trustees, I am Sir, etc.

"Huck and Tom"

or "the further adventures of Tom Sawyer"

Another delightful page from Mark Twain.

An unexpected treat, another Tom Sawyer.

An epic of boyhood days that will appeal to boys and girls from 7 to 70.

JACK PICKFORD in "Huck and Tom" A Paramount Picture

THE STORY

Another story of the adventures of Tom Sawyer complete in itself. This story tells how Tom and his companion went to the graveyard at night to charm away warts with the aid of a dead cat and were witnesses of the murder of the body snatcher by Injun Joe, who places the blame upon Muff Potter, who is saved by Tom's testimony. It also tells of the further experiences of Tom and Huck with Joe, ending with their discovery of the buried treasure.

Come and live again the old boyhood days.

THE POTATO TRADE.

Following the announcement that potatoes have been placed on the free list came news from Ottawa that Hon. F. B. Carvell had arranged to have the steamer Rogear come to St. John to carry a cargo of potatoes to Cuba and the West Indies. She has a capacity of 22,000 barrels. This outlet for potatoes will be welcomed, as the local market conditions have not been favorable of late.

Deafness Asthma Before It. The smoke of vapor from Dr. J. D. Kellogg's Asthma Remedy gives asthma no chance to linger. It eradicates the cause. Our experience with the relieving remedy shows how actual and positive is the success it gives. It is the result of long study and experiment and was not submitted to the public until its makers knew it would do its work well.

A GREAT WORK.—Many millions of copies of the Klucki New Testament Edition, have been distributed to all Nationalities engaged in the war, (printed in their own language) by the British and Foreign Bible Society and other worthy branches, and given as a free gift to every soldier. With the high cost of material, etc.

This has meant a great outlay of funds. The collectors of the Prince Edward Island branch of Bible Society appeal for a hearty response, as they start out to make their annual collections, believing that all right thinking people will cheerfully give their support in distributing the word of God, which means comfort, and peace to all in these times of strain and anxiety.

There are about 40 branches of the Bible Society in this province who collected last year over \$2,500.00. To the credit of this province, the subscriptions have increased for several years, the previous collections, "The Lord loveth a cheerful giver."
