A CONFERENCE RE GERMAN REPARATIONS To be Held at Hythe, England on Sunday Between Premiers Briand and Lloyd George.

(Special to The Guardian.) PARIS, April 21.—Premier Briand and Mr. Lloyd George plan to meet in private conferences at Hythe, England on Sunday. No one else will be present during the time they are talking, except one secretary for each. Germany's proposals relative to reparations had not been received by the French government up to late last night, but officials here declared they expected they would be the same as those published in the German newspapers. For this reason they said they believed the Berlin government's terms would be insufficient and unacceptable. Louis Loucheur, Minister of the Liberated Regions, has completed a plan for the economic penalties to be placed upon Germany in default of her payment of reparations. The Echo de Paris declares that his plans include a tax of ten gold marks on each ton of coal and a smaller tax on lignite and perhaps manufactured goods. A tax of 40 per cent payable in foreign money would be levied on all exports. Germany would be allowed to manufacture certain products and deliver certain materials to the Allies the value of these products being credited to the reparations account. The military and economic experts considering this subject met this morning at the offices of the inter allied authorities and agreed on the points of detail regarding the military and economic organization of the territory in the Ruhr region, the occupation of which is proposed in case of German recalcitrance.

Are Now Soldiers Of the Soil

25,550 EX-SOLDIERS HAVE TAKEN UP FARMS IN CANADA (Special to The Guardian.) OTTAWA, April 21.—Major John Barnett, chairman of the Soldiers' Settlement Board informed the special parliamentary committee on soldiers re-establishment this morning that 25,550 soldiers had taken up farms under the act and that more than \$108,000,000 was invested in this re-establishment of fort. Only 1331 had failed and 32 had defrauded the Board. Up to March last 53,765 applicants had been examined and 42,727 issued certificates enabling them to make application for loans.

Seamans Strike May Tie up U. S. Shipping

(Special to The Guardian.) NEW YORK, April 21.—American shipping will be completely tied up on May 1st if the owners persist in their efforts to reduce wages, Andrew Furuseth, President of the International Seaman's Union declared today. Furuseth said the seamen will not recede one inch from their present stand and predicted that a strike would involve every member of the Union on both coasts and the Great Lakes.

Maritime Provinces Telegraphic News

(Special to The Guardian.) MINERS KILLED IN GLACE BAY. GLACE BAY, N. S.—Two miners, Allen McDougall and Fred Ward were killed by a fall of one in No 1 Colliery last night. McDougall was crushed to death and Ward died later of his injuries. LIQUOR SEIZURE AT CAMP BELLTON. CAMPBELLTON, N. B. Apr 21.—Two hundred and twenty three cases of liquor and thirty one gallons of rum valued at \$11,200 were seized by liquor inspector Norman Pettigrew here last night.

MRS PERRY ON TRIAL

YARMOUTH, N. S. April 21.—The public were excluded but representatives of the press admitted to the preliminary hearing of Clara Elizabeth Perry on the charge of murdering her husband, Captain George Perry at his home on the night of February 26. BOY SUFFOCATED BY GAS. NEW GLASGOW, N. S. April 21.—Wellington McLeod, aged 17 died as a result of suffocation from coal gas after losing his way in an old working lead of Albion Mine last night. ROUND HOUSE DESTROYED BY FIRE AT CALAIS. ST. STEPHEN, N. B. April 21.—Fire broke out in the round house of the Maine Central Railway at Calais today at an early hour this morning, and before it could be gotten under control the flames had completely destroyed the round house and also the machine shops as well as four engines. The loss will be about \$300,000 and will throw several men out of work.

No Boston Boat This Season

Mr. A. A. Pomeroy, President of the Charlottetown Board of Trade who has just returned from Halifax reports that he interviewed the Furness Whitty Steamship Company and also the Nova Scotia Steamship Co. the latter which replaced the old Plant Line. Both companies had hoped to put on a Boston, Halifax and Charlottetown Service this season, but after going into the possibilities of freight both export and import they found the prospects very discouraging, and from the tourist standpoint statistics show that last year 90 p. c. of New England tourists who came to the Maritime Province came by automobile via Ottawa; so they abandoned the idea of putting on the service for this year. Mr. Pomeroy looked over the steamer Constance, which is to go on the Charlottetown-Pictou route with daily service beginning May first. This smart little craft looks to be very adaptable to the present requirements of the service. She will carry easily 50 tons of freight and 40 to 60 passengers. She has very comfortable inside quarters hold about 10 people. Her aft deck will very comfortably hold two autos and with slight alterations will hold three.

CLOTH, CLOTH, CLOTH - DO your women folks need materials in good qualities for their dresses and suits? We have thousands of yards that will be sold as low as \$2.75 per yard, 66 inches wide, in goods 54 to 66 inches wide. This is an excellent opportunity to get materials in better qualities than usually found in women's fabrics, and also take care of the children needs. Call at our store. English & Scotch Woollen Company, 158 Richmond Street.

To Enforce Bone Dry Conditions.

(Special to The Guardian.) TORONTO, Ont., April 21.—No effort will be spared by the Ontario government in enforcing observance of the bone dry conditions which will prevail in the province with the coming into effect of the Canada Temperance Act in accordance with Monday's referendum. This was the assurance given by Premier Drury today to a deputation from Ontario and Dominion branches of the referendum committees.

Prisoner With Bullet in Heart.

BUFFALO, N. Y., April 21.—A prisoner with a bullet in his heart was arraigned in the federal court here yesterday on a charge of burglary. He was Peter Korblenke of Niagara Falls, who was arrested after he had been shot in a battle between alleged car burglars and railroad detectives at Niagara Falls on March 26. In the revolver fight, a bullet penetrated Korblenke's chest and lodged in the outer tissues of his heart. Surgeons located the bullet by the use of X-ray but refused to operate to remove it because the operation probably would mean death. The wound healed and Korblenke will recover it is said. He was held under one thousand dollars bail for trial.

Wrath Of Actress Costs 10,000 Francs

Mme. Sorel Loses Ruby When Attempting to Destroy Caricature in Paris. PARIS, April 21.—Mlle. Cecile Sorel, the celebrated actress of the Comedie Francaise, provoked a disturbance at the Salon des Humorists yesterday by attempting to destroy a caricature of her by Bib, the famous Parisian cartoonist. She succeeded in breaking the glass that covered the caricature, but was seized by attendants before she could do more damage. When the smoke of battle cleared the actress discovered that in breaking the glass she had lost a ruby she valued at 10,000 francs. She wore the gem in a ring and it was loosened from its setting when she struck at the picture with her handbag. Mlle. Sorel's attempt followed a suit for 10,000 francs damages she brought against the Salon des Humorists two days ago because it displayed the caricature which, she declared, made her ridiculous. The declared, made her ridiculous. The notice of the suit and hung it under the caricature, with a notice making fun of the suit. Seeing this, the lady lost her temper. Now, the newspapers are chuckling over the fact that the value of the ruby during the fracas exactly equals the sum she demands in her suit.

Great Excitement Over Perry Trial

YARMOUTH, April 21.—Yarmouth is awaiting feverishly disclosures promised today when the preliminary examination of Clara Elizabeth Perry charged with the murder of Capt. George Henry Perry on the night of February 26th last will be commenced in earnest.

Premier Hughes To Represent Australia

MELBOURNE, April 21.—The Government of Prime Minister Hughes was given an emphatic endorsement in the House of Representatives today with a two to one vote in its favor. Resolutions which reiterated the confidence of the government declared in favor of Premier Hughes representing Australia at the coming Imperial Conference in London were put for consideration and they passed a vote of 46 to 23.

PROBING THE HIGH COST OF COAL

(Special to The Guardian.) OTTAWA, April 21.—A little information is a very dangerous thing observed Roy M. Wolvin, President of the British Empire Steel Corporation to the Parliament Fuel Committee this morning. He was advising the committee not to dig too deeply into actual costs of coal in public meetings of this kind. He professed to be in perfect sympathy with any move to reduce the price of coal. Mr. Wolvin strongly challenged statements that the merger had made any attempt to hold up the Canadian National Railways for a higher price than could be obtained for coal from the United States mines. There was keen questioning why the Dominion Coal Company was supplying coal to the Dominion iron and steel at \$1.55 a ton when around \$7.00 was being asked from outside concerns. It is all the same concern, Mr. Wolvin argued, it is simply taking money out of one pocket and putting it in another.

Sinn Feiners Are Arrested

DUBLIN, April 21.—Commenting on arrests for political offences the Irish bulletin says: "a notable feature has been the simultaneous arrest of many persons concerned in Sinn Fein elections. The houses of two Sinn Fein candidates were raided in an effort to arrest them and the chief Sinn Fein organizers for Antrim Down and east Belfast have been taken into custody without charges."

Total Eclipse of Moon Last Night

There was a total eclipse of the moon last night which was visible in general all over North and South America. The duration of the total eclipse was 42 minutes. From 2:23 a. m. the moon's disk was hidden. The middle of the eclipse was 2:44 a. m. By that hour the moon was in the southwest at an altitude of 20 at the middle of the eclipse the point of the moon farthest immersed in the shadow was at a depth towards the centre of the shadow slightly more than one diameter of the moon. Had this depth been less than 1.0 the eclipse would have only been partial. At 3:05 a. m. the moon first emerged from the shadow. By the time of the last contact at 4:26 a. m., the moon was low down some 6 degrees above the horizon at S. 65 degrees W. Day was dawning in the East. These lunar eclipses happen seldom more than twice a year. If at time of full moon, the moon happens to be near the ecliptic, that is near one of the odes of her orbit, she will pass into the earth's shadow and be eclipsed. However the moon's orbit is inclined about 5 degrees in the plane of the ecliptic, so ordinarily the moon passes above or below the shadow without touching it. In 1915 there were no lunar eclipses. This will again be the case in the year 1922. In 1917 there were three total lunar eclipses.

MISSIONARIES RETURNING TO P. E. I.

ST. JOHN, April 21.—Mr. and Mrs. A. R. Graham, two missionaries from India, were passengers on the C. P. O. S. liner Melita, which arrived in port on Tuesday from Liverpool. Mr. Graham is a son of Rev. D. Graham of Edmonton and his wife was formerly Miss Compion of Prince Edward Island. They are returning to Canada on a furlough and will first visit relatives in Montreal, after which they will proceed to P. E. Island. In the fall they will go west and remain there until they return to resume their work in India. Mr. Graham has been in India for six and a half years, and Mrs. Graham for two and a half years. They were married last summer, and are residents of Ransapur, where the former is in charge of the medical work in the hospital. They are both members of a Presbyterian mission.

Good Prospects For Wide Gauge

Mr. A. C. Pomeroy, President of the Board of Trade received yesterday the following telegram from the Railway delegates to Ottawa: "Leaving for home Thursday. Had very satisfactory conference with Government regarding standardization and as a result have much reason to believe that this work will receive favorable consideration and be pushed forward this season. (Signed) J. O. Hyndman, L. R. Allan, J. A. McDonald."

BUDGET DEBATE CONTINUED IN THE LEGISLATURE

MORNING SESSION APRIL 20th. The House met at 11:40 a. m. MR. LEPAGE rose to a question of privilege. He quoted an editor in the Guardian with reference to some remarks of his, reported in the Patriot, concerning an interview with a Guardian representative. He maintained that his statement as reported in the Patriot was absolutely correct.

AFTERNOON SESSION APRIL 20th. The House met after recess at 3:30 p. m. HON. MR. COX took up the debate on the resolution of supply. It was absolutely necessary to make revenue and expenditure meet, he said, and to this end additional taxation was necessary. He was perfectly willing to shoulder the responsibility in the matter of taxation. Election year has been a curse to both parties. The Government had great trouble with the teachers. They were promised higher salaries by the late Government and they pressed for fulfillment of these promises. Mr. Cox did not know whether or not the professors at Prince of Wales College were yet satisfied with the increased salaries received. The Dalton Sanatorium was another serious problem with which the Government was confronted. The question of how to dispose of it was weighed carefully and seriously. He did not believe Mr. Dalton would take the money back which he had invested in it, but the money could be well expended in getting nurses to go about the province instructing people in the treatment of tuberculosis cases. Regarding agriculture, he believed that the conditions, though bad now through out the country owing to falling prices would right themselves in time. He concluded with a complimentary reference to the Government's Road Policy.

HON. MR. NASH did not wish to take up the time of the House unnecessarily. He was not going through the meanderings of the budget debate. He wished just to place before the House what he considered the salient points of the policy of the Liberal Government. He had seen in his time the rise and fall of ten Governments and every one of them add to the debt of the country. The late Government was not because they added to the debt but because when the election was on they did not tell the truth to the electorate but tried to deceive the people. They knew they were up against an enormous deficit but they hoped to be returned to power on the claim that they had a small surplus. The Liberal party, the speaker contended, did not know the true condition of affairs when they came into power. After they did come they issued subsequently a

Premier Books Passage to England

(Special to The Guardian.) OTTAWA, April 21.—Premier Meighen and Hon. C. C. Ballantyne Minister of Marine and Fisheries, have booked passages to England for date of June 2nd for the purpose of taking part at the Premier's conference which is to be held in London during that month. Whether the Premier and his colleague actually sail on the date fixed or not is contingent upon the session being over by the end of May. QUEBEC, April 21.—News reached here today that the big paper mills of Price Bros. at Kenogami and Jonquieres have been closed down putting 1,600 out of work.

Battle Anniversary VETERANS TO HONOR MEMORY TODAY OF HEROES WHO FELL AT ST. JULIEN.

At 12 o'clock noon today, the Anniversary of the battle of St. Julien the original of the First Division, C. E. F. will form up at the Soldiers Monument, Queen Square, where they will place a wreath in memory of their fallen comrades of the First Division. It is hoped that as many citizens as possible will attend this ceremony. The wish of those taking part in this ceremony is that all citizens make a pause in whatever work they may be engaged for a brief space in memory of those who fell in that engagement.

BITTER ATTACK ON AMBASSADOR TO BRITAIN

(Special to The Guardian.) WASHINGTON, April 21.—Geo. Harvey the new American Ambassador to Great Britain was attacked yesterday in the Senate by Senator Harrison, Democrat, Mississippi who declared Mr. Harvey was a vindictive self-appointed intolerant political accident. Senator Harrison charged that the appointment of George Harvey by President Harding as Ambassador to Great Britain was a reward for his efforts to discredit the Wilson administration and said he feared Colonel Harvey's arrival in London would cause Great Britain and other nations to believe that he will use whatever influence he may possess and the power of his position in attempts to destroy the League of Nations. The Mississippi Senator said Mr. Harvey's pursuit of Wilson through his journals and other wise are only comparable to Milton's hell hounds that were stationed at the infernal regions. He added that the ambassador had no equal as a creator of prejudice and a stirrer of strife.

FARMER GAVE PLACE TO THE GOV.-GENERAL

(Special to The Guardian.) CALGARY, April 21.—En route to the Canadian Pacific Railway's great irrigation dam at Bassano, Alberta, the Duke of Devonshire saw a farmer plowing with a tractor or when he expressed a wish to operate the metal leviathan the driver promptly vacated his seat in favor of the Governor General who guided the big machine for several rounds with a plumb and measure. The Duke was keenly interested in the great engineering project which is responsible for the supplying of artificial moisture to half a million acres of Canada's most fertile land.

Pressed His Pants While He Waited

Tailor However, Pays \$50 for Forgetting to Take Boy Out CINCINNATI, O., April 21.—Howard Barber, aged 15 went to Tony Valbona's tailor shop to get his pants pressed. The only trouble was that when the tailor pressed them with his hot iron he forgot to take the boy out of the breeches. Howard's mother told Judge Mason in the Covington police court that in spite of the fact that the hot iron was applied to the part of Howard's anatomy that should have been more or less calloused from application of a shingle, the boy was badly blistered. The tailor said he didn't think iron was so hot. The court intimated to the tailor that it came cheaper to blister the boy good naturedly than in anger. He said there was no malice but that the tailor was simply careless of that account let him off with a fine of \$50.

Want Railwaymen To Be Reinstated

OTTAWA, April 21.—President Janna yesterday afternoon was waited upon by a committee requesting that all the men dropped by the recent reduction at the Moncton shops be reinstated temporarily on a four day per week basis, until more satisfactory arrangements with the management can be negotiated. The forenoon the decision was to be given out and the Moncton delegation are most hopeful of results.

THE WEATHER TEMPERATURE TIDE, MOON

High tide this morning at 10:35 and tonight at 11:20. Sun sets this evening at 6:58 and rises tomorrow morning at 5:58. Full moon Friday April 22nd at 5:49 a. m.

IF YOU'RE LOOKING FOR WORK YOUR SHOES WILL HAVE TO HELP THE WANT ADS
